SELSMA CONGRESS 2022

BIENNIAL CONGRESS OF
SOCIETY OF ENDOSCOPIC AND LAPAROSCOPIC SURGEONS OF MALAYSIA

MIS: EMBRACING THE FUTURE

28 - 30 JULY 2022 | KUALA LUMPUR CONVENTION CENTRE

PROGRAMME AT A GLANCE

# 28 July 2022 (Pre-Congress Workshop)

## Bariatric Workshop

**Venue:** Level 4, MR 408, Kuala Lumpur Convention Centre
**Time**: 0900 - 1500

**Programme**
Live Surgery: Laparoscopic Sleeve Gastrectomy and proximal jejunal bypass
Live Surgery: Laparoscopic Roux en y Mini gastric Bypass
Live Surgery: Elipse Intragastric Balloon Placement
Live Surgery: Laparoscopic Sleeve Gastrectomy and duodeno-jejunal bypass (LDJBSG)
Live Surgery: Robotic Roux en y Gastric Bypass

## Colorectal Workshop

**Venue**: Level 4, MR 406 - 407, Kuala Lumpur Convention Centre
**Time**: 08300 - 1600

**Programme**
Live Surgery: Lap Low Anterior
Video Presentation
Live Surgery: Lap Right Hemicolectomy with CVL with Intracorporeal Anastomosis

## Hernia Workshop

**Venue**: Level 4, MR 410, Kuala Lumpur Convention Centre
**Time**: 0830 - 1700

**Programme**
Live Surgery: Transabdominal Preperitoneal (TAPP)
Live Surgery: Subcutaneous Onlay Laparoscopic Approach (SCOLA)
Lunch Symposium: From Virtual to Reality - The Collaborative Surgical Robot Experience
Live Surgery: Intraperitoneal Onlay Mesh repair (IPOM) plus
Lecture: Ventral Hernia Repair, TEP Tips & Tricks

## Robotics Masterclass Workshop

**Venue**: Level 4, MR 409, Kuala Lumpur Convention Centre
**Time**: 0830 - 1600

**Programme**
Colorectal: Robotic Low Anterior; Robotic Right Hemicolectomy; Robotic Rectopexy
Bariatric: Robotic Sleeve; Robotic Gastric Bypass
Lunch Symposium: Robotic Training Pathway
Hernia: Video Presentation

SELSMA CONGRESS 2022

# BIENNIAL CONGRESS OF SOCIETY OF ENDOSCOPIC AND LAPAROSCOPIC SURGEONS OF MALAYSIA

**MIS: EMBRACING THE FUTURE**

28 - 30 JULY 2022 | KUALA LUMPUR CONVENTION CENTRE

## 29 July 2022 (Day 1)

PROGRAMME AT A GLANCE

| Time \ Venue | Main Hall | | |
|---|---|---|---|
| | Track 1<br>Venue: CH 1 (Main Hall) | Track 2<br>Venue: CH 3 | Track 3<br>Venue: MR 306 |
| 0730 - 1800 | **Registration** (Foyer) | | |
| 0830 - 1000 | **Upper GI Symposium** | **Hepatobiliary Symposium** | **Oral Presentation 1** |
| | Laparoscopic Management of Large PEH<br>*Soon Yuen* | Indocyanine green(ICG) fluorescence cholangiography during laparoscopic cholecystectomy<br>*Koong Jun-Kit* | |
| | Lap Gastrectomy for Gastric Cancer in a low incidence country like Malaysia - is it feasible?<br>*Lau Peng-Choong* | Overcoming Difficult Gallbladder in Laparoscopic Cholecystectomy<br>*Razman Jarmin* | |
| | GIST - Different location, MIS approaches<br>*Nik Ritza Kosai* | MIS in pancreatic surgery : Recent advances and Current challenges<br>*Yoong Boon-Koon* | |
| | Laparoscopic Management of Perforated Peptic Ulcer<br>*Siow Sze Li* | Laparoscopic liver resection: An Update<br>*Brian Goh Kim-Poh* | |
| | Laparoscopic Gastrectomy in early gastric cancers<br>*Masanori Terashima* | Endoscopic management of Difficult CBD Stones<br>*Manisekar Subramaniam* | |
| | Minimally invasive esophagectomy: The way forward<br>*Kelvin Voon* | Parenchymal Dissection Along the Intersegmental Plane without ICG Guidance<br>*Goro Honda* | |
| 1000 - 1030 | **Tea Break & Exhibition Visit** | | |
| 1030 - 1100 | **Keynote**<br>Robotic Surgery - from MIS to Endoscopy<br>*Philip Chiu* | | |
| 1100 - 1230 | **Opening Ceremony** | | |
| 1230 - 1315 | **Lunch Symposium 1A**<br>Sponsored by AstraZeneca | **Lunch Symposium 1B**<br>Sponsored by Menarini | |
| | Surgery for GERD Is It Worthwhile?<br>*Ramesh Gurunathan* | Role of Multimodal Analgesia In Managing Acute Moderate to Severe Post-operative Pain<br>*Gopinathan Raju* | |
| 1315 - 1400 | **Lunch** (Foyer) | | |
| 1400 - 1530 | **Hernia Symposium** | **MIS Special Interest Symposium** | **Oral Presentation 2** |
| | Recurrent inguinal hernia after minimally invasive repair : is it possible to redo? | The value of robotic surgery across hernia, colon and foregut conditions<br>*Fong Sau Shung* | |

PROGRAMME AT A GLANCE

| | | | |
|---|---|---|---|
| | *Davide Lomanto* | | |
| | eTEP , did i just buy a vowel<br>*Alfred Allen Buenafe* | GI stents in surgeons perspective<br>*K Govindaraj* | |
| | Large Incisional Hernias: Controversies & Options<br>*Ramesh Agarwalla* | Roles of MedTech in the Post Pandamec Ecosystem<br>*Tan Arulampalam* | |
| | The role of MIS in strangulated/incarcerated groin hernia<br>*Rolf Hartung* | The Science of Stapling<br>*Hans Alexander Mahendran* | |
| | Tackling Pain in hernia surgery<br>*Ramesh Agarwalla* | Prehabilitation in Minimally Invasive Surgery<br>*Krishnan Sriram* | |
| | Choosing the right procedure for the right hernia<br>*Gafoor Mubarak* | Advancement with Digital Laparoscopy System - Virtual Tour<br>*Samuel Schnell* | |
| 1530 - 1600 | **Plenary 1**<br>MIS Digital Transformation in 21 Century<br>*Davide Lomanto* | | |
| 1600 - 1630 | **Debate 1** | **Debate 2** | **Oral Presentation 3** |
| | Robotic Low Anterior<br>*Venkatesh Munikrishnan*<br>vs<br>Lap Tatme For Mid And Low Rectal-CA<br>*William Chen Tzu-Liang* | IPOM plus<br>*Vimal K Vasudeavan*<br>vs<br>eTEP TAR<br>*Alfred Allen Buenafe* | |
| 1630 - 1730 | **Thoracic Symposium** | **Robotic Surgery Symposium** | |
| | Non intubated subXyphoid thoracic surgery<br>*Lei Jiang* | Impact of the Da Vinci Robotic Surgery on Bariatric Surgeons and their practices<br>*Voraboot Taweerutchana* | |
| | Uniport VATS Lobectomy Resection<br>*Narasimman A/L Sathiamurthy* | Robotic Low Anterior Resection : Fashion or Fad?<br>*Venkatesh Munikrishnan* | |
| | Role of anatomical sublobar resection in lung cancer and how to do it efficiently?<br>*Lau Hui-Ping* | Role of robotic surgery in a laparoscopic hepatopancreatobiliary surgery center<br>*Brian Goh Kim-Poh* | |
| | | Early experience of Robotic bariatric surgery in Malaysia<br>*Tikfu Gee* | |
| | | | |
| 1830 - 2130 | | | **Social Evening** |

BIENNIAL CONGRESS OF
# SOCIETY OF ENDOSCOPIC AND LAPAROSCOPIC SURGEONS OF MALAYSIA

SELSMA CONGRESS 2022

**MIS: EMBRACING THE FUTURE**

28 - 30 JULY 2022 | KUALA LUMPUR CONVENTION CENTRE

## 30 July 2022 (Day 2)

PROGRAMME AT A GLANCE

| Time \ Venue | Main Hall | | |
|---|---|---|---|
| | Track 1<br>Venue: CH 1 (Main Hall) | Track 2<br>Venue: CH 3 | Track 3<br>Venue: MR 306 |
| 0800 - 1200 | **Registration** (Foyer) | | |
| 0800 - 0830 | **Plenary 2**<br>Minimally Invasive Colorectal Surgery: Past, Present, and Future<br>*William Chen Tzu Liang* | | |
| 0830 - 1000 | **MIS Training Symposium** | **Daycare Symposium** | **Video Presentation 1** |
| | MIS Training in ELSA - Outreach program<br>*Alfred Allen Buenafe* | Laparoscopic Inguinal hernia: The Ideal Daycare Laparoscopic Surgery<br>*Satkunan Mark* | |
| | MIS Training in Malaysia<br>*Vimal K Vasudeavan* | Laparoscopic Cholecystectomy as a Day Care Procedure: Is it for Everybody?<br>*Yan Yang Wai* | |
| | MIS Training in Thailand - Soft Cadaver<br>*Suthep Udomsawaengsup* | MIS Daycare: Anaesthesia Concerns<br>*Kavitha Bhojwani* | |
| | MIS Training in Singapore VR / digital tech education<br>*Davide Lomanto* | National Pain Free Program and MIS<br>*Nor Hisham Muda* | |
| | MIS Training in USA - Robotic<br>*Olakunle Ajayi* | Deep neuromuscular block in laparoscopic surgery<br>*Siow Sze Li* | |
| | MIS training in Indonesia - Laparoscopic training center in Bali.<br>*Barlian Sutedja* | TBC | |
| 1000 - 1030 | **Tea Break & Exhibition Visit** | | |
| 1030 - 1200 | **Bariatric Surgery Symposium** | **Recent Advances in MIS Technology Symposium** | **Video Presentation 2** |
| | Metabolic Surgery: Mechanism and Use of "Bariatric" Operations to treat Type 2 Diabetes<br>*Asim Shabbir* | Using VR Based Simulation for Training<br>*Maki Sugimoto* | |
| | A novel Procedure for Metabolic Surgery: The sleeve plus procedures<br>*Chih-Kun Huang* | A swallowable pill for weight loss<br>*Mohit Bhandari* | |
| | Mini Gastric Bypass - the present and the future (a comparison with other bariatric surgeries)<br>*Robert Rutledge* | Endoluminal robotics – the latest advances<br>*Lawrence Ho Khek-Yu* | |
| | Revision bariatric surgery "When to do and not to do?"<br>*Tikfu Gee* | POEM by Surgeons<br>*Philip Chiu* | |
| | Single Anastomosis Duodeno-ileum bypass with Sleeve as a new standard bariatric procedure<br>*Kamthorn Yolsuriyanwong* | Endoscopic Weight Loss Surgery<br>*Amit Maydeo* | |

SELSMA CONGRESS 2022

# BIENNIAL CONGRESS OF SOCIETY OF ENDOSCOPIC AND LAPAROSCOPIC SURGEONS OF MALAYSIA

**MIS: EMBRACING THE FUTURE**

28 - 30 JULY 2022 | KUALA LUMPUR CONVENTION CENTRE

## PROGRAMME AT A GLANCE

| | | | |
|---|---|---|---|
| | How to Achieve Zero Leakage Rate in Continuous 500 Sleeve Gastrectomy Cases<br>*Thakoon Poonthananiwatkul* | Recent advances in therapeutic endoscopy<br>*Murugan Periasamy* | |
| 1200 - 1230 | **Masterclass 1 : How I do it? (Hernia)** | **Masterclass 2 : How I do it?** | **Masterclass 3 : How I do it?** |
| | Laparoscopic TEP<br>*Paul Selvindoss S. Balraju* | If I can do it , so can you - Endothyroidectomy by Breast Axillary Approach a District Hospital Experience<br>*Nagarajan T. Vellasamy* | Posterior retroperitoneoscopic adrenalectomy<br>*Kirubakaran Malapan* |
| | Laparoscopic TAPP<br>*Vimal K. Vasudeavan* | Single-incision laparoscopic sleeve gastrectomy (SILS)<br>*Reynu Rajan* | Laparoscopic cholecystectomy and intraoperative cholangiogram<br>*Mohansundram Pillai* |
| | Laparoscopic IPOM PLUS<br>*Alfred Allen Buenafe* | Laparoscopic colorectal surgery<br>*Tan Arulampalam* | How I do it: laparoscopic fundoplication (Dor/ Nissen / Toupet)<br>*Yeap Chee Long* |
| 1230 - 1315 | **Lunch Symposium 2A**<br>Sponsored by Novo Nordisk | **Lunch Symposium 2A**<br>Sponsored by Pfizer | |
| | Role of Pharmacotherapy as an adjunct to Bariatric surgery<br>*TBC* | Postoperative Pain Management in Minimally Invasive Surgery (MIS): What should be in the mix?<br>*Paul Selvindoss S. Balraju* | |
| 1315 - 1400 | **Lunch** (Foyer) | | |
| 1400 - 1530 | **Colorectal Symposium** | **Endocrine Symposium** | **Video Presentation 3** |
| | Lap RHC with CME-CVL<br>*Sumanta Dey* | IONM in endo thyroid surgery<br>*Rohaizak Muhammad* | |
| | Laparoscopic Suture Rectopexy for Rectal Prolapse - my technique<br>*Sumanta Dey* | Minimally invasive parathyroid surgery<br>*Mark Sywak* | |
| | Natural orifice specimen extraction surgery (NOSES) for colorectal cancer<br>*Joseph Nunoo-Mensah* | Transoral endoscopic thyroidectomy (TOETVA) : Experience of more than 2000 cases.<br>*Angkoon Anuwong* | |
| | Complications in MIS colorectal Surgery<br>*Carlo Angelo Capistrano Cajucom* | MIS for Adrenal Tumours<br>*Kirubakaran Malapan* | |
| | Powered stapler in colorectal surgery<br>*Paul Selvindoss S. Balraju* | Surgeon volume threshold in reducing morbidity in Endothyroidectomy<br>*Nor Azham Hakim Darail* | |
| | | Cost effectiveness of robotic endoscopic thyroidectomy<br>*Yahya Mohd Aripin* | |
| 1530-1600 | **IAGES Panel Discussion** | **IAGES Plenary** | |
| | Role of therapeutic endoscopy in the laparoscopic era<br>*Moderator: Easwaramoorthy* | Lap Bariatric surgery - Past, Present & Future<br>*Ramen Goel* | |

PROGRAMME AT A GLANCE

| | | | |
|---|---|---|---|
| | *Panelists: K Govindaraj, Murugan Periasamy, T.Siva Kumar* | | |
| 1600 - 1700 | **IAGES Symposium** | **MIS Nutrition Surgery** | |
| | IAGES role in training the surgeons in laparoscopy and endoscopy<br>*L P Thangavelu* | ERAS the MIS Surgeon's Perspective<br>*Lau Peng-Choong* | |
| | Role of robotics in laparoscopic surgery<br>*Subhash Khanna* | Sarcopenia as a predictor of complication in gastrointestinal surgery<br>*Hans Alexander Mahendran* | |
| | Role of EUS in today's era by laparoscopic surgeons<br>*Vipul Roy Rathod* | Pounding away the Obesity Pandemic with VLCD<br>*Saiful B Kassim* | |
| | Reaching the unreached in enteroscopy<br>*K Govindaraj* | Decision factors in parenteral nutrition<br>*Hans Alexander Mahendran* | |
| 1700 -1730 | **Closing & Prize Giving Ceremony** | | |
