

APSICON 2016

CURTAIN RAISER

Volume 1 | Issue 2 | August 2016

51st Annual Conference of Association of Plastic Surgeons of India
Venue : Hotel Pullman - Novotel, Aerocity, New Delhi
24th - 27th November, 2016

Message from the Organising Chairman

Dear Esteemed members and Colleagues,

We are back with second issue of APSICON 2016 Curtain Raiser. I hope you have found the first issue useful. Apart from listing the activities pre-conference and giving you important information, this issue has details about the ongoing "Text book of Plastic Surgery Project" and also carries preliminary thoughts on activities which could be done to enhance the visibility of our branch among the upcoming doctors.

Please see the editor's page at the end of the issue and do send your valuable advice on the same. The Organizing committee of APSICON 2016 once again reiterates its commitment towards a feast of creativity and knowledge. The choice of workshops and master classes are a reflection of the same. We are also striving hard to make your stay comfortable and conference evenings fun. Any suggestions or comments are always welcome

Regards

Dr Karoon Agrawal

Message from the Chairman Scientific Committee

Esteemed Colleagues, members and dear friends

As part of the team APSICON- 2016 I invite you to the conference in November and hope to welcome all of you there. The scientific committee has completed review of the abstracts. The acceptance of the papers will be communicated to the delegates by first week of September positively. Schedule of the scientific program along with important info is given in the pages to follow.

There has been a good response to the previous appeal of sending in names of upcoming plastic surgeons doing good work and many of the suggestions are being incorporated. The Scientific content forms the core of any medical conference. We have left no stone unturned to give you a comprehensive and informative schedule with exposure to all branches of plastic surgery.

I hope this conference shall set new standards for academic content and deliberations. I take this opportunity to thank my team for the hard work they have put in the entire process.

Regards

Dr Lokesh Kumar

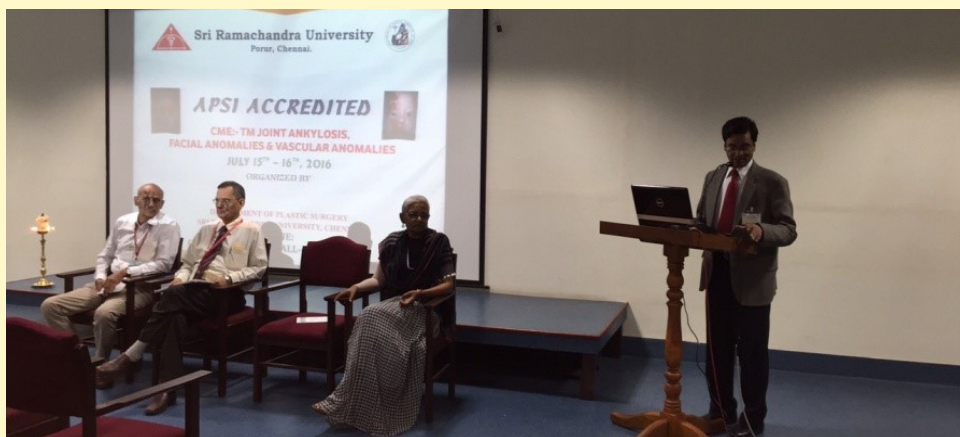

Participation of President

**Inaugurating
TIPS@Medanta, Gurgaon
and addressing the delegates
on 14th August**

**Inviting
Dr Nirmala Subramanian
for MM Mukherjee Oration**

Much Awaited Book Release

Book Release of the “Text Book of Plastic, Reconstructive and Aesthetic Surgery”

**Chief Editor: Dr. Karoon Agrawal, MS, Mch
Published by : Thieme Medical Publishers**

The much awaited Text Book will be released during Apsicon2016. While the Details of the Book Launch are being worked out, you can definitely have a signed copy from the Chief Editor of the book at the venue of the conference.

Editorial Philosophy

The need for a text book of Plastic Surgery with emphasis on our patients and conditions, which the western text books fail to address, has been felt for a long time. A large portion of the western text books, now pertain to aesthetic surgery at the cost of conditions which are very relevant to our continent and region.

The emphasis has also gradually grown to promote individual techniques rather than giving an overall view. This puts our residents and young plastic surgeons at a disadvantage as it is not conducive to the development of faculties for assessment of the problems and look for solutions in a logical manner.

Plastic Surgery in India has grown to a stature that it is now time for us to get rid of our dependence on western literature and formulate thought that is relevant to our conditions and patients. We can show the world a different perspective.

Editorial Board

EDITORIAL BOARD (Indian Text Book of Plastic, Reconstructive & Aesthetic Surgery):

Editor in Chief

Dr Karoon Agrawal

Associate Editor

Dr Durga Karki

Volume and Sectional Editors (Accepted)

Accommodation Booking

Accommodation Booking:

There are very limited rooms available at conference rate at Venue Hotel Novotel. Delegates must book the rooms immediately.

Rooms are available @ 7500/- per room per night.

The delegates who have taken the package should be aware that their rooms are booked from afternoon of 24th November.

The delegates desirous of attending the APSI-Ethicon Accreditation course and workshops may book rooms prior to their package by sending the cheque to the conference secretariat along with the filled up accommodation form downloaded from the website.

Please write email to apsicon16@gmail.com for the cost for the extended hotel booking

Due to administrative reasons the accommodation has been shifted from Hotel IBIS to Hotel Red Fox at no extra cost for the package. Red Fox is definitely a better and a more expensive hotel.

Please write to us for booking extra room nights.

Registration

Registration:

Present registration: 560

Editor's Page

Respected Seniors, Colleagues and Dear Friends,

As you all can see I have moved from a column to a page.

I have to thank the organizing chairman Dr Karoon Agrawal, who envisaged this idea of a curtain raiser - the power of cyber media which made dissemination of information quicker and easier. My sincere gratitude also to the readers who gave this initiative the required importance and support.

This page is solely dedicated to opinions and views on matters the organizing committee wants to take up or do and needs the help of the members of our esteemed community to convert visions into reality.

It has been proposed to hold

- 1) A Pre-Conference Quiz, 2) An Essay Competition and
- 3) A Painting Competition

This is an attempt to kindle the light of plastic surgery and increase awareness at the very basic level of MBBS.

Suggestions are invited about the topics and formats of both the essay and the painting competitions. It is proposed to hold a special prize ceremony for the winners at some point during the conference and display the paintings during the conference.

It has also been proposed to hold an alumni dinner for the faculty and alumni of the Department of Burns, Plastic and maxillofacial surgery Safdarjung hospital along with the spouses. The details and modalities of the same are being worked out.

Views and comments about the events are highly solicited and requested for.

The textbook of plastic surgery is also on the anvil and its release shall mark an important landmark on the plastic surgery horizon of our country.

Hope you like this issue.

I thank Mr. Bhuwan Bhaskar for his immense help.

In Anticipation of views, comments and suggestions

Dr Anshumali Misra
