

ITMACH INDIA

2nd INTERNATIONAL TEXTILE MACHINERY
& ACCESSORIES EXHIBITION

07 08 09 10

December 2017

VENUE: The Exhibition Centre, Helipad Ground,
Sector-17, Gandhinagar, Gujarat, India

www.ITMACH.com

DISCOVER PROMISING MARKETS & EXPLORE NEW CUSTOMERS

See

the latest textile machinery and technology, experience it first hand

Meet

the technical experts from leading textile machinery & technology suppliers. Industry professionals. Discuss business ideas and network.

Learn

about the trends, developments and opportunities. Share knowledge and fine-tune ideas.

**INDIAN MARKET FOR
TEXTILE MACHINERY**
US\$ **3.8** billion

INDIAN TEXTILE INDUSTRY

- Spinning Mills: 3323
- Synthetic & Texturising Mills: 380
- Weaving Mills: 55400
- Knitting Mills: 2800
- Dyeing & Printing Mills: 4000
- Garmenting Factories: 255000
- Handlooms: 2379000

**TEXTILE & APPAREL
EXPORT**
US\$ **40**
billion

**DOMESTIC
TEXTILE MARKET**
US\$ **60**
billion

The prodigious event of all textiles expositions **ITMACH India 2017**

India is the second largest giant in the textile manufacturing nation globally. Consequently, the country also offers enormous opportunities to strengthen its position in this booming business. Simultaneously, her neighboring countries in the South East Asia & Middle East are emerging hubs for textile & apparel manufacturing & trade. The already large and further growing textile industry in India & neighboring countries need adequate interaction with the technology providers. The industry quintessentially looks for firsthand experience of latest technology.

While machinery makers are desirous of meeting the growing markets, innovations and developments, exchanging ideas & knowledge with the user industries. Scheduled from 7-10th December 2017 in Gandhinagar at the outskirts of the Ahmedabad, ITMACH India Exhibition is going to be the marketplace to interact with potential new & existing investors from India and neighboring

December 2017

Venue: The Exhibition Centre, Helipad Ground,
Sector-17, Gandhinagar, Gujarat, India

- Expected Number of Exhibitors: 750+
- Exhibition Area: 40,000 Sq. Meters
- Expected Number of Visitors: 45,000+
- Business Generation Potential: US\$ 100 million
- Overseas Visitor Origin: Bangladesh, Indonesia, Thailand, Myanmar, Vietnam, Sri Lanka, Iran, Uzbekistan, Ethiopia, Nigeria, Kenya, South Africa, Turkey, Egypt, and More...

AN IDEAL LOCATION FOR A PROLIFIC EVENT

India, being strategically located between South East Asia and Middle East - one of the largest regions for textile and apparel manufacturing & trade, is the destination for future growth and investment in textile and apparel industry. Gujarat is the epitome of success when it comes to economic development in India. The growth and development of its textile sector is even more deep rooted. Ahmedabad, which was known as the 'Manchester of the East' in the past for its booming textile industry, is today a well developed business hub & financial centre. Thus, ITMACH India 2017 will be held in its vicinity in Gandhinagar at The Exhibition Centre, Holipad Ground, Sector-17, Gandhinagar, Gujarat, India from 7-10 December, 2017.

The exhibition building at the venue has been designed with advanced technology and amenities. It has an administrative block to meet the varied requirements of the global meets, convention, seminars, conferences & exhibitions of both national and international levels. The setting offers a whole new palate of facilities including exceptional infrastructure and state-of-the-art facilities. This will enable the industry to derive much more optimum value from the event

HALL LAYOUT PLAN

The Exhibition Centre

HOW TO REACH

International

- By Air: To Mumbai/Delhi.
- Mumbai To AHMEDABAD.
 - By Air: 1 Hour
 - By Rail: 6-8 Hours
 - By Road: 7-8 Hours

Domestic

- By Air: To Ahmedabad.
- By Rail to Ahmedabad.
- By Road to Gandhinagar Sector 17, Opp. Sachivalaya.

ITMACH India 2017

2nd International Textile Machinery & Accessories Exhibition

Why To Exhibit?

- Showcase Excellence and Innovation in Textile Technology
- An accredited B2B Platform for Textile Industry
- Encourage Investments in Technology and Capacity Building

Connect to the land of opportunities - India

- India – being a large textile manufacturing country and fastest growing economy in the world, has enormous opportunities to strengthen its position in this business.
- The country's textile industry friendly policies are fuelling growth, investment and adoption of technology in the recent years.
- Centrally sponsored Technological Upgradation Fund Scheme (TUFS) & Scheme for Integrated Textile Park (SITP) are prime investment drivers.
- State Govt.'s Textile Policies (for example: Gujarat, Maharashtra, Karnataka) rejuvenating textile industry and added benefits to investors.
- All textile policies are simplified and investors can opt for dual benefits for same project subject to fulfilling the laid norms.
- Textile machinery import draws minimum import duty and even duty-free import is possible for several categories of machines & technology.
- The TUFS has leveraged investments of INR 2,43,721 crore (US\$ 40 bln at current exchange rate) since its launch in April 1999.
- The 12th Plan period (2012-17), TUFS is expected to generate investment worth INR 1,51,000 crore (US\$ 25 bln at current exchange rate).

ADVANTAGE GUJARAT

Gujarat is the epitome of success when it comes to economic development in India. The growth and development of its textile sector is even more deep rooted.

The Gujarat Textile Policy and Industrial Policy are very attractive. Govt. policy offers 7% interest subsidy to spinning units!

Adopted the 5F Mantra "Farm to Fibre to Fabric to Fashion to Foreign" an integrated approach enhancing sustainable growth of industry.

Availability of all textile raw materials in abundance.

Strategic location offers easy accessibility to the Western, Middle East and African markets.

Well developed infrastructure: Road, Rail, Sea ports and Airports.

Produces about 14,000 MW of power of which about 2,000 MW is surplus.

Offers highly productive and peaceful workforce.

Product Categories

Machinery for Yarn Spinning, Man-made fibre Spinning, Winding, Texturising, Twisting and Accessories

Machinery for Web Formation, Bonding, Finishing of Non-wovens, Felting and Accessories

Machinery for Preparatory Weaving, Weaving, Tufting and Accessories

Machinery for Knitting, Hosiery and Accessories

Machinery for Embroidery, Braiding and Accessories

Machinery for Washing, Bleaching, Dyeing, Finishing, Cutting, Folding and Accessories

Machinery for Printing, Digital Printing, Consumables and Accessories

Machinery for Garmenting, Garment Processing & Finishing and Accessories

Laboratory Testing, Measuring and Quality Control Equipment and Accessories

Transport, Material Handling, Logistics, Warehousing, Packing Equipment and Accessories

Equipment for Recycling, Waste Reduction and Pollution prevention and Accessories

Software for Design, Data Monitoring, Management, Processing and Integrated production

Dyes, Pigments, Inks, Colourants and Chemical Auxiliaries for textiles

Services for the textile industry and Associated Equipment for textile plant operations
