# Welcome Message

## Welcome to INTROPICON 2017

It gives us the greatest of pleasure to welcome you all for this International Tropical Neurology Conference - INTROPICON 2017. This is not the first international conference on tropical Neurology. World-renowned delegates have held such meetings in the latter part of the 20<sup>th</sup> century but for some reason unclear, there has not been such a conference since 1996.

It is not as if tropical diseases had been cleared or had become rarer. In fact that was the period when the major scourge of HIV disease moved into the tropical world and started afflicting significant parts of the population in Asia and particularly Africa. And though of course for all of us infectious diseases form the bulk of tropical medicine from cerebral malaria, tuberculosis, Japanese B, neurocysticercosis, Polio etc. to the newer entrants Chikungunya, Ebola, and Zika, this group does not really encompass all tropical medicine. We have realized that vascular disease presentations, demyelination diseases, toxic disorders of nervous system, dementia, neuropathies and myoneural junction disorders and even hereditary diseases of the nervous system have their own distinctive flavors and differences in tropical lands and become part of tropical diseases of the nervous system.

It is thus with a sense of pride that we host a second reincarnation of the International Tropical Neurology conference - INTROPICON 2017. We all

wish to welcome you here in India primarily to refresh our minds on newer aspects of tropical medicine and secondarily to meet colleagues from far and near and make new friends and forge lasting bonds. Thirdly we welcome you to see our wonderful country. All visitors here at the conference have usually been impressed with our hospitality and we intend to preserve that high opinion among you all.

Of course, you must have heard several good things about our Indian heritage and we invite you to spend some time seeing a part of it. A travel section at the meeting will help you in as many ways it can.

Ladies and gentlemen welcome to INTROPICON 2017 and to India in its 70<sup>th</sup> year post-independence.

We, the members of the organizing committee, wish to thank you all for your gracious presence. We hope you will remember this occasion for many many years with pleasure.

Welcome to INTROPICON 2017 and to India!

- Acute adenovirus encephalitis in an immunocompetent adult. Mittal A, Vinod S, Wig N. Department of Medicine, AIIMS, New Delhi.
- Utility of modified mental state examination in HIV associated neurocognitive disorder. Kumar S, Tandon R, Himanshu D, Atam V, Sawlani KK, Verma SK. Department of Medicine, King George's Medical University, Lucknow, UP.
- Mysterious cerebral infarction in a returned traveller with iatrogenic immunosuppression – cryptococcus? Maiti S, Anand SS, Shobhana A. Department of Neurology, Institute of Neurosciences, Kolkata, West Bengal.
- Cerebral abscesses as a presentation of nocardiosis in 3 immunocompromised patients. Pujari S, Kulkarni R, Melinkeri S, Purandare B. Department of Neurology, Deenanath Mangeshkar Hospital and Research Center, Pune, Maharashtra.
- Incidence of neurological complications in patients suffering from dengue in two speciality hospitals from Western India. Palasdeokar NR, Rahul K, Shripad P, Mukund V, Sujit J, Dileep M. Department of Neurology, BJ Medical College & Sassoon General Hospitals, Pune, Maharashtra.
- Subacute Sclerosing Panencephalitis (SSPE) in a child with Human Immunodeficiency Virus (HIV) infection: A case report of rare co-infection. Bhimani BB, Trivedi PV, Dave GR. Department of Neurology, Well Care Hospital, Rajkot, Gujarat.
- Dengue encephalitis: A Western India experience. Dave G, Kulkarni R, Palasdeokar N, Patel M, Pimpale D. Department of Neurology, Well Care Hospital, Rajkot, Gujarat.
- Histopathology as a diagnostic tool in spinal cysticercosis: Report of two cases. Pant I, Chaturvedi S, Singh G, Gupta S, Kumari R. Department of Pathology, Institute of Human Behavior and Allied Sciences, Delhi.

## Poster Session 2: Saturday, 25 March 2017 | 17:15 -18:15 hrs

- Spectrum of neurological manifestations of acute dengue virus infection : A single centre study from India. Ruikar DD, Mohandas S, Jayalakshmi SS, Varalakshmi EA. Department of Neurology, MIMSR Medical College, Latur, Maharashtra.
- Acute myositis after scrub typhus-unusual presentation. Shembalkar SP, Timane J, Chafle S, Shembalkar P. Department of Neurology, NKP Salve Institute of Medical Sciences & Research Centre, Nagpur, Maharashtra.
- A rare case of post-spinal surgery invasive aspergillosis. Shobhana A, Anand S, Karmakar M, Maity S. Department of Neurology, Institute of Neurosciences, Kolkata, West Bengal.
- An interesting case report of salmonella encephalopathy. Rai V, Rai N, Porwal M, Verma A, Shivde P. Department of Neurology, Choithram Hospital and Research Center, Indore, Madhya Pradesh.
- Comorbidities of epilepsy in low and middle income countries: A systematic review and a meta-analysis. Muhigwa AM, Pierre-Marie P, Gerard D, Aventis S, Marin B. CELPA Hospital, Department of Internal Medicine, Bukavu, South-kivu Province in the Democratic Republic of Congo.
- Scropulariopsis brevicaulis invasive sinusitis and meningitis. Purandare BD, Kulkarni RV, Patwardhan S. Department of Neurology, Deenanath Mangeshkar hospital, Pune, Maharashtra.
- Fulminant amoebic encephalitis: Report of 2 cases. Sangle SA, Nilesh P, Pramod U, Anju K, Suman P, Dileep K. Department of Neurology, B J Govt Medical College, Pune, Maharashtra.
- Infection related neurocognitive deficits in North Indian population: A hospital based study. Kushwaha S, Anthony A, Talwar P, Gupta R. Department of Neurology, IHBAS, Delhi.
- Disseminated nocardiosis in a patient of myasthenia gravis: A case report. Kar M, Reddy MY, Chaudhary NV, Jaiswal SK, Parida S, Murthy JMK. Department of Neurology, Care Hospital, Hyderabad, Telangana.
- Bickerstaff brain stem encephalitis and miller fischer overlap syndrome as a complication of dengue fever. Halprashanth DS, Vijayashankar P, Praveen Chander N, Ponniah V. Department of Neurology, Global Health City, Chennai, Tamil Nadu.
- Acquisition of mucormycosis on voriconazole therapy in a case of invasive aspergillosis with newly diagnosed diabetes and Kochs: A case report. Kumar A, Gupta N, Vinod S, Singh G, Biswas A, Wig N. Department of Neurology, AIIMS, New Delhi.
- Profile of rapidly progressive dementia in a tertiary care institute in Eastern India. Chatterjee A. Department of Neuromedicine, Bangur Institute of Neurosciences, Kolkata, West Bengal.
- Immunological and proteomics based studies in identification of biomarkers in Subacute Sclerosing Panencephalitis (SSPE). Pathak A, Singh A, Joshi D. Department of Neurology, IMS, BHU, Vranasi, Uttar Pradesh.
- Neurological manifestations of dengue infection - from Eastern India. Ghorai P, Chatterjee A. Department of Neurology, BIN Kolkata Neurology, Kolkata, West Bengal.
- Varied neurological manifestations of scrub typhus in tertiary care centre. Thomas R, Rajesh A. Department of Neurology, Travancore Medical College Hospital, Kollam, Kerala.
- Garcin syndrome - A rare presentation of HIV opportunistic infection. Sharief SM, Butchiraju G, Gopi S, Kumar TS, Kumar UA. Department of Neurology, King Gorge Hospital, Visakhapatnam, Andhra Pradesh.
- A case of partial seizures secondary to dengue encephalitis. Nandasiri S, Gunaratne PS, Pathirana G, Kavietha E, Vithana W. Department of Neurology, National Hospital, Colombo, Sri Lanka.
- A rare MRI finding: An "Eye of Tiger" sign in a patient with subacute sclerosing panencephalitis. Kawale SS, D Joshi, A Pathak. Department of Neurology, BHU, Amravati, Maharashtra.
- Cerebrovascular injury following scorpion sting: A case series and a review of relevant literature. Mishra AK, Kuriakose CK, George AA, Arvind VH, Prabhakar AT, Ramya I. Department of General Medicine, Christian Medical College and Hospital, Vellore, Tamil Nadu.
- Assessment of severity due to neurotoxic effects in patients exposed to poisons. Antuley JGA, Raut A, Pawar A. Department of Clinical Pharmacy, Poona College of Pharmacy, Bharati Vidyapeeth University, Pune, Maharashtra.
- Safety and effectiveness of newer vs. conventional anti epileptic drugs. Gore SS, Raut A, Dave P, Kher NR, Mandlekar HA. Clinical Pharmacy Department, Bharati Hospital And Research Centre, Pune, Maharashtra.

## Poster Session 2: Saturday, 25 March 2017 | 17:15 -18:15 hrs

- Hypokalemic paralysis: Single centre experience from a tropical country. Acharya MK, Banerjee S, Chatterjee A, Ganguly G, Das SKR. Department of Neurology, IPGIMER & SSKM Hospital, Kolkata, West Bengal.
- Expanding spectrum of contactin associated protein 2(caspr2) autoimmunity-syndrome of parkinsonism and ataxia with encephelitis. Shah SP, Kannoth S, Nambiar V, Gopinath S, Anandakuttan A, Mathai A. Department of Neurology, Amrita Institute of Medical Sciences, Kochi, Kerala.
- Profile of CNS demyelination in a tertiary care hospital in Eastern India. Dewangan R, Mukherjee A. Department of Neurology, Calcutta Medical Research Institute, Howrah, West Bengal.
- Phenytoin toxicity: Case report. Kher NR, Raut A, Dave P, Gore SS. Clinical Pharmacy Department, Bharati Hospital and Research Centre, Pune, Maharashtra.
- Glasgow coma scale as a predictor of severity and mortality in organophosphorus poisoning. Mukhopadhyay A, Singh BK, Jha SC, Yadav KK. Department of General Medicine, Darbhanga Medical College and Hospital, Darbhanga, Bihar.
- Rare tropical neuroinfection presenting as acute ataxia. Patanvadiya AH, Philip VJ, Huded V, Rajadhyax S. Department of Neurology, NH Institute of Neuroscience, Bangalore, Karnataka.
- "Churg Strauss Syndrome" A rare disease with atypical presentation. Kumawat B, Kumar K, Sharma C, Vyas A, Shah M, Saini P. Department of Neurology, SMS Medical College, Jaipur, Rajasthan.
- Immunoglobulin in postinfective opsoclonus and opsoclonus myoclonus syndrome. Rai N, Rai V, Verma A, Porwal M, Shivde P. Department of Neurology, Choithram Hospital and Research Center, Indore, Madhya Pradesh.
- Clinical spectrum of seizures in infancy excluding neonatal seizures. Lakshmi V. Department of Neurology, Osmania Medical College and General Hospital, Hyderabad, Telangana.
