**Sub: TBT notification issued by Canada on consumer products  
safety act**

**Dear Member,**

The Council has received a TBT Notification No G/TBT/N/CAN/492 issued by Canada on Consumer Products Safety Act.

The Department of Health has issued this notification concerning amending Canada Consumer Products Safety Act (CCPSA).

The scope of application of the regulations is being revised to match that of the CCPSA by including the manufacture of consumer products. The Canadian authorities have prescribed product wise specifications for a list of products including Asbestos, Candles, Children Jewellery, **Child Sleepwear**, Chemical Containers, Window Covering Products, Face Protectors, **Textile Products**, Charcoal, Pacifiers, **Tents**, Helmets, **Textile Flammability requirements** among many other products.

Housekeeping revisions have been made to the regulations which are administrative in nature and do not introduce any new requirements. These revisions modernize the regulations and update static references.

The Canadian authorities are of the view that, the focus of this notification is to build on regulatory revisions from 2011 and make non-substantive administrative changes to thirty-two regulations under the CCPSA.
