Sub: Notification issued by Israel on textile carpets

Dear Member,

The Council is in receipt of a notification from Israel on textile carpets.

Revision of the Mandatory Standards SI 636, SI 636.1, SI 636.2 and all their amendments is to be replaced with SI 636 dealing with textile carpets. The major differences between the old standards and this new revised draft standard are as follows:

- Reduces marking requirements of information essential to evaluate the product's quality (paragraph 2.2 of regulation).
- Updates the classifications (paragraph 1.4 of regulation).
- Changes the wear resistance requirement to a new requirement based on a newer test method.

For more details, please refer the [notification](#) and [regulation](#) attached in this mail.

Kindly forward your comments or suggestions to the Council at info@texprocil.org latest by 8th March, 2016.

Regards,

Siddhartha Rajagopal
Executive Director
TEXPROCIL
