

Texprocil welcomes DGFT decision to defer organic certification

Mumbai, 19 Dec – Shri R K Dalmia, Chairman, Texprocil today welcomed the prompt action taken by the Directorate General of Foreign Trade (DGFT) to defer the certification of the organic products until further notification, pursuant to the appeal made by the Council.

Thanking the DGFT, the Ministry of Textiles and the Ministry of Commerce for timely action, Shri Dalmia said that the move to defer the implementation of the procedures for export of organic products will give the exporters as well as the buyer's sufficient time to adopt and adapt to the changes in future.

This is a welcome step in the correct direction as it will help to cast aside the fears of the buyers, since many of them were not willing to embrace the newly laid procedures, he said.
