To Members of the Council

Sub: Annual Indian Cotton Conference (ICC 2015 )-  
November 7, 2015 - Gurgaon

Dear Sir,

The Indian Cotton Association Limited (**ICAL**) in association with Northern India Textile Mills Association (**NITMA**) will be hosting this year's annual **Indian Cotton Conference (ICC 2015)**. The event is scheduled to be held on November 7, 2015 at The Leela Ambience, Gurgaon NCR.

**ICC 2015** which will be the third edition of the Indian Cotton Conference, is being planned around the theme "**Dynamics of Make in India**". The conference will create an ideal meeting of stakeholders from the entire cotton value chain to discuss, deliberate and understand the ever changing trade scenario. These meaningful discussions would ultimately lead to evolution of new strategies and ideas to synergise efforts for becoming global leaders in the backdrop of growing challenges and complexities of the trade.

A mix of global stalwarts from high cotton producing countries will make presentations on key challenges being faced by the cotton value chain members. Participating delegates will benefit immensely from their momentous discourses and sharing of latest trade practices during the planned sessions.

**Indian Cotton Conference 2015** will also provide a rare opportunity of networking and establishing trade relationship with the invited global stalwarts and attending international delegates who are key policy and decision makers in their respective organisations.

The first time participants will also experience great hospitality and an opportunity to explore heritage monuments of Delhi and the world famous Taj Mahal!

### Highlights of ICC 2015

- Meet Who's Who of the Cotton value Chain
- Panel Discussions on key issues
- Acquire knowledge of horizontal and vertical business opportunities
- Align business policies towards "Dynamics of Make in India" by learning from experiences of stalwarts during interactive B2B sessions.
- Award Ceremony to felicitate outstanding contributors to the cotton value chain
