**Sub: Inviting participation in “2015 Imported Yarn & Grey Fabric Forum”  
being held at Hangzhou, China on 11th and 12th June 2015**

**Dear Members,**

The Council proposes to organise group participation at “2015 Imported Yarn & Grey Fabric Forum” being held at Hangzhou, Zhejiang Province, China on 11th & 12th June 2015. This event is organised by CCF Group, China.

More than 500 Chinese textile enterprises have registered to participate at the Forum. Participants include, Importers of all types of Yarns, Grey Fabric, importer’s agents, dyeing and printing companies, CEO’s of major Chinese Textile Enterprises etc.

Prominent personalities from major textile manufacturing / supplying countries and Chinese importers will deliver papers on various issues influencing the yarn and grey fabric trade in the present market conditions and future prospects for imported yarns and fabrics in the Chinese market. If the Council’s efforts on bringing down tariff on grey fabrics import in to China is approved by concerned authorities, there is a huge potential to increase export of grey fabrics from India to China.

Discussions at the Forum will focus on:

- Forecast for macro-economy status and RMB exchange rate
- Global cotton supply and demand status & price trend under new policy
- Impetus for soaring Vietnamese cotton yarn
- How to hedge and straddle when cotton yarn futures launched?
- Supply and demand of cotton yarn in India
- How to operate imported cotton yarn in 2015 under opportunities and challenges?
- Will imported US cotton yarn increase with high quality and management?

- Probe into changes in grey fabric demand structure and future trend
- Indonesian cotton yarn to possess advantage when quality cotton import restrained
- Export of grey fabric and textile industry outlook in Pakistan
