Dear Member,

As you are aware, the Council successfully participates each year in the **'Yarn Expo' & 'Intertextile Apparel Fabrics at Shanghai, China** for promotion of all types of Cottons Yarns & Fabrics.

This year too, the Council is participating in the **'Yarn Expo' & 'Intertextile Apparel Fabrics at Shanghai, China to be held from 18 to 20 March, 2015.**

Intertextile Apparel Fabrics Fair is held alongside **Yarn Expo** in Shanghai, for which importers of all types of Cotton Fabrics in the mainland China as well as other major importing countries in this Region will be visiting the event to source their requirements.

Fabric Import into China

- Even though China is the largest manufacturers of Fabrics in the World, it also imported **US\$ 10146 Mn** worth of Fabrics (of all fibres) in the year 2014, whereas, share of India was only **99 Mn [0.97 %]**.
- Considering ever increasing production cost, including cost of raw material, power, labor cost etc., **China is increasingly sourcing certain varieties of fabrics from other competitive countries.**
- Recent study undertaken by the Council indicates that there is an increasing demand in China for imported Grey Fabrics, Yarn Dyed Fabrics and Fashion Fabrics etc.
