To All Members :

Dear Sir,

## Export of Oilmeals April 2017 – Up by 19% Soybean meal export down – hitting domestic crushing

The Solvent Extractors' Association of India has compiled the export data for export of oilmeals for the month of April 2017. The overall export of oilmeals during April 2017, provisionally reported at 135,474 tons compared to 113,978 tons in April 2016 i.e Up by 19%.

Indian Competitiveness of soybean meal in international market further reduced, resulting in to slowed down of shipment from India. This also affected the crushing. The recent increased in Indian soya oil imports is also exerting pressure on domestic soya oil prices, which together with soybean sales is squeezing crush margins.
