Invites application for **PROVOST** (Vice-Chancellor)

Plastindia International University (PIU) is promoted by Plastindia Foundation which is the APEX body of major Associations, Organizations & Institutions of Plastics Industry and established under Gujarat Private Universities Act of 2009 with a vision to build a world-class Centre of Excellence in Plastics Technology and Management. The University is located in Vapi, State of Gujarat, two hours from Mumbai, Financial Capital of India and 20 kms from Sea Shore of Daman. The University will offer undergraduate, graduate, doctoral, executive education, continuing education and skill development programs in engineering, management and select research areas to support India's flourishing plastics industry.

PIU has entered into partnership service agreement with UMass, Lowell, USA to develop engineering programs and train faculty. UMass, Lowell has very high rank plastic engineering program. The University is first establishing a School of Engineering that will be offering Plastics Engineering, Chemical Engineering and Mechanical Engineering program with other engineering and management programs later offered. The School will have 50 faculty, 2000 undergraduate students, 400 graduate students with a vision of making it one of the best and most prominent engineering national institution with international repute. PIU will also parallelly launch management program,

executive education, continuing education and skill development programs for Plastic & allied Industry.

The University PIU invites application for the post of Provost of Plastindia International University. The Provost shall be the Principal Executive and Academic Officer of the University. The Provost will be responsible for overall Academic & Research development and Financial & Advancement activities of the University. The Provost shall be responsible to execute vision & mission laid out by Governing Board of the University as per the requirement of Plastics Industry in India at large.

The Provost should be having doctorate degree or other high academic qualification with at least 10 years of experience as dean / professor in academic / research organization. The candidate having 20-25 years of experience in Industry or Industrial Research having passion for building academic institution can also apply. International experience in academic and research will be preferred quality of such candidate.

Interested candidate with eligible criteria should apply with curriculum vitae and the names and address of four references to the Chairman, Search Committee at provost@plastindia.edu.in Nomination from academia, research and industry is also invited.

Invites application for **FACULTY**

Plastindia International University is set up under Gujarat Private Universities Act of 2009 with a vision to build a world-class Centre of Excellence in Plastics Technology and Management. The University is located in Vapi, State of Gujarat, two hours from Mumbai, Financial Capital of India and 20 kms from Sea Shore of Daman. The University is promoted by Plastindia Foundation which is the APEX body of major Associations, Organizations & Institutions of Plastics Industry. The University will offer undergraduate, graduate, doctoral, executive education, continuing education and skill development programs in engineering, management and select research areas to support India's flourishing plastics industry.

PIU has entered into partnership service agreement with UMass, Lowell, USA to develop engineering programs and train faculty. UMass, Lowell has very high rank plastic engineering program. The University is first establishing a School of Engineering that will be offering Plastics Engineering, Chemical Engineering and Mechanical Engineering program with other engineering and management programs later offered. The School will have 50 faculty, 2000 undergraduate students, 400 graduate students with a vision of making it one of the best and most prominent engineering national institution with international repute.

Applications are invited for faculty positions at all levels-Professor, Associate Professor and Assistant Professor Rank. Outstanding candidates in all areas of Plastics Engineering, Chemical Engineering, Mechanical Engineering, Mathematics, Sciences & Computer Science, Humanities and Social Sciences and interdisciplinary disciplines related to these areas will be considered. The School of Engineering is dedicated to building a diverse, dynamic faculty. Candidates from

Industry and Research Centres experts in their area and having passion for teaching can also apply for Regular and Adjunct Faculty positions.

Applicants should hold a Ph.D. in Plastics Engineering or a closely related field and should be committed to excellence in both research and teaching. Support would be provided to successful applicants for establishing their research program. We strongly encourage dual career couples and candidates to apply.

Nominations through Industry, Academia and Research Experts are also encouraged for deserving candidates.

Pay structure of Faculty will be at par with IIT norms. In addition to pay, PIU will make every attempt to help faculty members settle in their academic role and to grow professionally by providing suitable Initiation Grant for Research, Professional Development Allowance, one time relocation allowance and suitable accommodation. PIU will also endeavour to set up Chair Professor Positions sponsored by Industry that support Professors with additional research grants for upto 5 years.

The initial team of faculty have the opportunity to undergo nine months of training at the Plastics Engineering Department of UMass Lowell for Academic, Research and Extension Services beginning from January, 2017.

Applicants should submit a statement of professional interest, curriculum vitae, and the names and address of four references. Please submit these items in a single PDF file electronically to registrar@plastindia.edu.in by 10th December, 2016.
