FOREWORD

YAB DATO' SERI DR. AHMAD ZAHID HAMIDI
Deputy Prime Minister of Malaysia

"Congratulations to the Ministry of International Trade and Industry and Halal Industry Development Corporation (HDC) for hosting HALFEST ASEAN 2017 to showcase the wide ranging variety of locally produced halal products and halal related services. This 6th edition of HALFEST is appropriate and timely as we seek to serve not only the local market but also the ASEAN regional market and beyond."

The global rise in demand for halal goods and services is in tandem with the increase in Muslim population and increase awareness on its inherent qualities. This presents huge business opportunities for Malaysian halal suppliers and producers. To enable us to reach greater heights in this burgeoning industry, efforts must be steered towards enhancing productivity, efficiency and competitiveness.

It is interesting that this year ASEAN has been embedded into HALFEST to foster closer relations and facilitate halal related trade with our neighbouring countries. To enhance our country's competitive advantage, we should foster greater collaborations among countries in the ASEAN region, capitalising upon complementarities and economies of scale.

The halal industry must remain agile and adapt to the growing dynamism of globalization, digitalization and the changing megatrends. We must assert upon upholding strong halal principles and integrity in surmounting global challenges. This approach will enable to spread halal goodness and its benefits to the world.

I would like to express my deepest gratitude to all the organisations which has shown their support and commitment towards success of this event.

To all business delegates, exhibitors and visitors, I hope you will have a rewarding and fruitful "HALFEST ASEAN 2017".

FOREWORD

YB DATO' SRI MUSTAPA MOHAMED
Minister of International Trade & Industry Malaysia

Greetings and a warm welcome to HALFEST ASEAN 2017.

"The world has never witnessed such a resounding and encouraging growth in momentum within the global scene of the halal industry as we see it today. In its leading role, the Ministry of International Trade and Industry and its agency, Halal Industry Development Corporation will continue to remain committed in driving growth in both the existing and new areas within the halal industry."

I am delighted to note that since its inauguration, HALFEST has gained in stature and reputation as the ideal event for the Malaysian-owned business community to showcase Malaysian-made halal products and related services. This platform has been provided to upscale and boost production of local halal goods and services, intensify business networking among industry players while encouraging the creation of new and novel business. The display of strong participation and enthusiasm by local companies at HALFEST is testimony to the importance that the event serves

It is hoped that collaborative efforts to strengthen the promotion and development of halal business will lead towards a sustainable and self-reliant halal economy not only within the country but also in ASEAN. ASEAN is in the position to reap the potentials and opportunities within the halal industry to meet the growing demand of its Muslim consumers as it is strategically located in the centre of Asia and has a well-developed intra-regional connectivity.

I hope the information provided in this directory will be useful for everyone and assist you in exploring new business opportunities in the halal industry.

FOREWORD

YBHG. DATUK SERI HJ RIZUAN ABD HAMID
Chairman, Halal Industry Development Corporation

Assalamualaikum Warahmatullahi Wabarakatuh and Salam 1Malaysia,

Alhamdulillah for His presence and blessings, we have embarked yet another historic event for the Halal industry - HALFEST ASEAN 2017, a very significant strategic initiative organised by the Halal Industry Development Corporation (HDC) and hosted by the Ministry of International Trade and Industry (MITI).

The 5-day expo from 23 to 27 August 2017 is the largest Halal Malaysia showcase in the effort to promote and market Halal products and services not only locally but in the ASEAN region. It is HDC's developmental role in nurturing local Halal businesses to be global Halal champions. In addition, this 6th edition of this established expo will open lucrative market opportunity within ASEAN that serves over 240 million ready consumers. HALFEST ASEAN is set to become the Largest Halal Malaysia Trade and Consumer Expo. Special focus will also be given on inter-ASEAN trading opportunities for international Halal companies to take advantage of the ASEAN ECONOMIC COMMUNITY (AEC) initiative and the ASEAN Free Trade Area (AFTA) through the trade matching session.

Certainly HALFEST ASEAN 2017 will create distinctiveness with various activities lined up for both entrepreneurs and consumers. These include knowledge sharing on opportunities in Halal business, business matching, exposure to Halal global markets and seminars on business opportunities and financial facilities as well as how to improve the production of halal products and services to meet international standards.

Halal global markets cover various components including food, pharmaceutical, healthcare, tourism, logistics and Halal lifestyle. Through HALFEST ASEAN 2017, potential local companies will be further elevated to participate in international promotional programmes such as Malaysia International Halal Showcase (MIHAS).

This year, The Bumiputera Agenda Steering Unit (TERAJU) and Telekom Malaysia are on board as HALFEST ASEAN's Strategic partners specifically to gear Bumiputera into Halal champions. All those involved, reflect the synergistic collaboration to enhance the economic position of Malaysia through the development of the Halal industry.

With the organisation of HALFEST ASEAN 2017, I hope we will take Halal Malaysia in bringing economic returns to the country and sustain Malaysia's position as the global Halal leader.

Wassalammualaikum warahmatullahi Wabarakatuh. Thank you.

SUPERB HALAL CHEFPRENEUR CHALLENGE 2017

SUPERB Halal Chefpreneur Challenge 2017 is a collaborative effort by **HDC and TERAJU**, in providing a platform for young aspiring entrepreneurs, existing youth businesses and homemade cooks to pitch their idea for the best breakaway Food & Beverage (F&B) idea of Malaysian origins, that has the global appeal to be on the retail shelves, in a plate at a 5-star restaurant or as a brand under the distribution-chain of the world's food conglomerate.

This yearly competition seeks 20 finalist to produce innovative F&B products to compete in winning an RM50,000 cash award, along with the pledge by Government Agencies to develop a sustainable supply chain, to train the entrepreneurs, and essentially prepare and market the winning products throughout a three (3) year roll-out timeline.

The winning products will further be refined and eventually sold-off as Intellectual Property (IP) to interested buyers locally, international or and any outsourcing firms, or be mass produced by the winners themselves through a hand-holding business start-up venture between Governmental Agencies and the Ministries involved.

The competition anticipates all talented Chefs, Cooks, Restaurateurs, Café Operators and all other individuals with an entrepreneurial mind-set.
