14:15 -	LUNCH BREAK								

## ORAL COMMUNICATIONS

### ORAL COMMUNICATIONS 1: Day 2 – 14 Nov 2019 – 08:30 to 10:00 – Hall 8

Anna Maria Vella - The prevalence of Problematic Internet Use in Malta among young persons aged 13–16 years: A quantitative research study  
Yoseph Kale - Case Report: Rare presentation of Acute Pancreatitis with normal Se. Lipase in an Alcohol Dependent patient  
Jawahar Singh - Platelets Monoamine Oxidase-B activity levels and cognitive functions in patients with alcohol dependence: an exploratory study  
Shayani Ghosh - Does ethyl glucuronide in hair correlate with alcohol consumption? A cross-sectional study from India  
Lekhansh Shukla - Systematic Study of Adverse Effects associated with Baclofen in Treatment of Alcohol Use Disorders  
Saurabh - Risk Factors Associated with Development of Complicated Alcohol Withdrawal Syndromes  
Diptadhi Mukherjee - Alcohol ban during the election in India and its effects on alcohol-dependent individuals  
Furkhan Ali - Role of temperament and Family history in Alcohol Dependence syndrome  
K.Anupama - Impulsiveness and High Risk Behavior Among Alcohol Dependent Patients

### ORAL COMMUNICATIONS 2: Day 2 – 14 Nov 2019 – 10:00 to 11:30 – Hall 7

Sanjay Gupta - Individual Specific Stress and Substance Abuse: Interrelationship- A Case Series  
Ramswaroop Matoria - Co-morbid Psychiatric & Substance Use Disorders with Chronic Medical Conditions at Medical Outpatient Department: A General Hospital Based Descriptive Study  
Mini Sharma - Unusual presentation of Cannabis use related Catatonic Schizophrenia and role of ECT in its management: A case report  
Brahma Dutt Rathod - A study of anxiety disorders in patients of alcohol use disorder  
Shanti Mohan Kethawat - Exploratory study on Pathways to care among Alcohol Dependent patients attending a tertiary care hospital  
Shobhit Kumar Prasad - Socio-demographic correlates in treatment seeking Injection Drug users attending deaddiction services at a tertiary care centre in north India  
George O'Neil - The management of methamphetamine dependence, detox, treatment and rehabilitation from an Australian context  
Swetha Raghavan - Naltrexone for Cannabis Use Disorder – A South- Indian Study  
Lubomir Okruhlica - Parenthood and delay to treatment of alcohol dependence

### ORAL COMMUNICATIONS 3: Day 2 – 14 Nov 2019 – 10:00 to 11:30 – Hall 8

Helena Hansen - Art in Addiction: The Merger of Group Process and Creativity to Support Recovery  
Shri Gopal Goyal - Socio Demographic Profile and Types of Drug Use in Admitted Patient of Tertiary Care Psychiatric Center: A Retrospective Study  
Fatima El Omari - Substance use Addiction among Moroccan Women  
Pooja Shakya - A Comparative Study of Pattern and Severity of Substance Use and Co-Morbidity Among Out-Patient Youth and Older Adult Opioid Users  
Anna Maria Vella - Pregnant Maltese Women on Opioids  
Sandeep Bhola - Substance Use in Women: Challenges of the Hidden Population  
Sumity Arora - Use of Storytelling Method for Teaching School Going Children on Tobacco Use Prevention  
Rakesh Kumar - A comparative study on the safety and efficacy of Naltrexone vs Baclofen vs Acamprosate in the management of alcohol dependence

### ORAL COMMUNICATIONS 4: Day 2 – 14 Nov 2019 – 14:15 to 15:45 – Hall 7

Sandip Manikrao Tambare - Effect of Yoga on the Individuals with Alcohol Use Disorder  
Prasanthi Nattala - Executive function assessment among adolescent offspring of alcohol-dependent fathers and correlation with emotional/behavioural disturbances  
Vijayapriya CV - Relationship of metacognition, cognitive flexibility and personality with cognitive dissonance and its resolution among males with alcohol dependence  
Ravinder Singh - Health Issues related to Alcoholism  
Roshan Bhad - A novel biomarker for inhalant addiction: preliminary investigation of stress biomarker response in adolescent inhalant users from India  
Manisha Sharma - Cannabis use as a predictor of earlier onset of Bipolar affective disorder  
Jayant Mahadevan - Theta Burst Stimulation to Bilateral Dorsolateral Prefrontal Cortex in Patients with Alcohol Dependence - A Randomized Double-Blind Sham Controlled Trial  
Shanti Mohan Kethawath - A Study of Serum Brain Derived Neurotrophic Factor Levels in Patients with Alcohol Dependence during Withdrawal

### ORAL COMMUNICATIONS 5: Day 2 – 14 Nov 2019 – 14:15 to 15:45 – Hall 8

Arnold J. Hill - Design of brief intervention for alcohol use disorders, harm reduction and suicide: an international perspective  
Kumail Hussain - ADHD and risk of substance use among youth  
Fazl E Roub - Management of Substance Use Disorders in Pregnancy: An Update

Soheir H. El Ghonemy - Plasma BDNF and Cognitive dysfunctions in an Egyptian sample of chronic heroin users  
Anoop Sankaranarayanan - Association between Smoking and Suicide Risk in Schizophrenia: Smoking Gun or just Smoke and Mirrors?  
Aarti - Pattern of substance use in elderly patients attending tertiary care drug dependence treatment centre of north India  
Jaiganesh Selvapandian - The spectre of varied Third wave CBT protocols in hampering Mindfulness intensification in Addictive disorders  
Zack Cernovsky - Avoiding opiate dependency by prescribing low dose ketamine for intense chronic pain with depression and anxiety?  
Ovidiu Alexinschi - New digital adolescence – gaming disorders and social networks

**ORAL COMMUNICATIONS 6: Day 2 – 14 Nov 2019 – 16:00 to 17:30 – Hall 7**

George O'Neil - How opioid and GABA receptor antagonists can return the HPA axis to normal and correct stress related disorders such as addiction, Neuroinflammatory diseases such as anxiety, depression and migraines  
M.E. Janssen van Raay - Detoxification of GHB addiction by diazepam and baclofen- case series  
Romil Saini - Prevalence and risk factors of non-fatal opioid overdose among people who inject drugs (PWID) in India: A community-based study  
Fazle Roub - Profile of opioid users presenting to a de-addiction centre in tertiary care hospital of Northern India  
Jaswinder Singh - Relapse prevention with Depot Antagonist preparations after tapering of Substitution Therapy in OUD
