Prosthetic Implant Planning “Dilemma and Decision”

Dentist with extensive knowledge in field of Implantology and Prosthodontics. He has finished his BDS from Terna Dental college and MDS from prestigious AB Shetty Dental college in Prosthodontics. He exclusively maintains specialty practice in the same field. He believes in making implantology a simple science through his simple teaching approach. He has been speaker at various podiums in INDIA. (ISOI, WDS, IDA, and at various DENTAL COLLEGES IN INDIA.)

Implantology is wonderful science with end in mind. In this presentation you will get a brief idea about prosthetic planning for implant case, Planning for implant starts from and ends with a complete patient history to understanding patients expectations to delivering him teeth. The dilemma in treatment planning is amalgamation of need based treatment protocol and making decision over choosing right kind of prosthetic options.
