KUALA LUMPUR CITY TOUR WITH PETRONAS TWIN TOWERS & BATU CAVES TOUR PROGRAM

9.00 am: Pick up from Kuala Lumpur Convention Center (KLCC).

10.00 am: The tour starts with Observation Deck and Skybridge of the Petronas Twin Towers. Take in the magnificent city skyline from one of the most iconic buildings in Malaysia.

11.00 am: Next, make a photo stop at Merdeka Square (Independence Square) for a look at its diverse architecture, followed by the Istana Negara (King's Palace), which offers a view of gardens, pools, and courtyards. The National Museum is also a must-see site with its extensive collections of traditional costumes, ancient and modern art, archaeological exhibits, and huge dioramas.

1:00 pm Visit the Lake Gardens and enjoy a moment away from the hustle and bustle of the city. At the Central Market, you'll find local foods and a variety of souvenirs, batik masterpieces, jewelry, and paintings. A visit to a Malaysian batik center provides a glimpse of how these wonderful fabrics are created.

Drop by the Royal Selangor Visitor Centre to browse for pewter souvenirs, and pass by the Old Railway Station to marvel at its intricate Moorish styling with columns, arcs, and verandas. Then move on to the National Monument and the National Mosque, each a staggering symbol of Malaysian independence.

Leaving Kuala Lumpur's modern buildings and monuments behind, your driver takes you to the limestone caverns of Batu Caves. Peer into one of Malaysia's largest Hindu sites and marvel at the impressive shrines while you soak up the tranquil atmosphere. See the remarkable statue of Lord Muruga at the entrance and visit two more caves with carvings to explore.
