

Northern India Textile Research Association Webinar Series by NITRA

NITRA is one of the prime textile research institutes in the country. The textile industry and Ministry of Textiles, Govt. of India jointly established NITRA in 1974 for conducting applied scientific research and providing support services to Indian textile industry.

With great pleasure, NITRA invites you to be a part of the series of webinar specially designed for the professionals working in textile and apparel industry. Subject experts from industry and NITRA will share their experiences which will be highly beneficial for the participants. Webinars are free of charges.

To attend the program, register yourself by clicking the links given against each program.
