ABOUT SOURCE INDIA 2019

- Man-made Fibre is the most versatile raw material in the world.
- 72% of the fibre used to manufacture T & C products is Man-made; the remaining 28% is natural fibre.
- India is the second largest producer of MMF and the sixth largest exporter in the world.
- In a USD 333 billion global textile market (excluding garments), USD 180 billion i.e. 54%, is being contributed by MMF textiles.
- As flagbearers of the Indian Man-made Fibre Textile product manufacturers and exporters, SRTEPC has promoted MMF textiles Globally.
- Source India is the flagship Global Reverse Buyer-Seller Meet of our Council that provides a platform for Indian exporters to meet and discuss business with leading buyers across the world.
- Source India 2019 is intended to showcase to the world India's expertise and experience in all segments of 'Fibre to Fashion' and thereby announce India as the 'destination' to source synthetic and rayon textile products.
- Source India 2019 is being organised with the objective of fulfilling the requirements of Global Buyers, International & Indian Buying Houses, Fashion Brands, Retail Chains and Sourcing Agents for Man-made Fibres and Textile products in its complete range exhibited, under one roof.
- All selected buyers invited to Source India 2019 will be provided complimentary return fare (economy class) to Mumbai, hotel accommodation at the Grand Hyatt and internal transfers.
- We invite our member exporters as well as manufacturers of Man-made Fibre and Textile products who create the incredible textiles of India to take advantage of this unique opportunity to do business with the invited international buyers at the Bombay Exhibition Centre, Goregaon, Mumbai.

ABOUT SRTEPC

Established in 1954, the Synthetic & Rayon Textiles Export Promotion Council (SRTEPC) is an apex body of exporters of Man-made Fibre Textiles and their blends in India with a membership base of more than 3000 companies. The Council has played a transforming role in promoting exports of Indian Man-made Fibre & Blended Textile Products.

- SRTEPC organises regular export promotion programmes, which include international exhibitions, buyer-seller meets, trade fairs and trade delegations in various markets.
- The council circulates business inquiries on Man-made Fibre Textile products from overseas buyers to its members on a regular basis.
- We provide financial assistance to our members like subsidised air travel provided by Ministry of Commerce under the Grant for MAI Scheme for participation in international events subject to fulfilment of the requirements as per MAI guidelines.
- Our vast database of overseas buyers, compiled throughout the years is a very useful tool for our members in making the right international connections.
- To aid our members, especially those from the MSME sector, we issue Visa recommendations, Export Certificates, Certificate of Origin and Registration-cum-Membership Certificates (RCMC)
- As a knowledge disseminator, we provide up-to-date information on the Indian and Global MMFT Industry, including HS code-wise export data and import data of various countries as well as Daily Forex updates and weekly reports to our members.
- SRTEPC's regular Seminars and Workshops keep members updated on the latest trends and developments in the industry, along with policies of the Government.
- The council acts as a liaison between members and Government authorities like the Ministry of Textiles, DGFT, GST, Customs, Duty Drawback Committee, ECGC and other Government departments to resolve issues/problems.
- For the benefit of our members, SRTEPC processes information related to the MMFT industry and presents it to relevant authorities to influence policy framework.
- Through our website www.srtepc.in and our monthly newsletter INFO SRTEPC, we provide the latest information on our sector and regular updates to our members
