

**Joint Invitation for Site Visit & Roundtable Discussion for the upcoming
Technical Textiles Park at Dharashiv District, Maharashtra
16th February 2024**

Dear Sir/Madam,

It is with immense pleasure that Maharashtra Institution for Transformation (MITRA) and Maharashtra Industrial Development Corporation (MIDC) invites you to attend the Site Visit & Roundtable Discussion for the upcoming **Technical Textiles Park at Dharashiv District, Maharashtra on the 16th February 2024**.

The state government has identified **Dharashiv as the next hub for technical Textiles in Maharashtra**. Dharashiv not only enjoys the maximum benefits under the state's new textile and industrial policy, but the location also enjoys proximity to several textile clusters and existing investors. Dharashiv is well connected through roadways and NH 52 connects the cotton producing districts of Dhule, Jalgaon, Aurangabad to the site. The site is also well connected to Mumbai Port through railways with a planned siding which will reach the park itself. The upcoming Multi Modal Logistics Parks at Pune, Nashik will enhance the logistics flow in the state, strengthening the overall supply chain in the state. In addition, MIDC will also facilitate and provide discounted rates of power, water rate, and other utilities to create a world class textiles ecosystem.

The event will be attended by **Ms. Roop Rashi**, Textile Commissioner, Ministry of Textiles, Government of India, **Mr. Praveen Pardeshi**, CEO, MITRA, **Dr. Vipin Sharma**, CEO of MIDC, **Mr. Virendra Singh**, Secretary (Textiles), Government of Maharashtra, **Dr. Deependra Kushwah**, Development Commissioner, Government of Maharashtra and **Dr. Sachin Ombase**, Collector Dharashiv District.

The **Indian Technical Textiles sector** is growing rapidly and contributes to around 0.7% of India's GDP and accounts for approximately 13% of the total textile and apparel market. To position India as a global leader, the Government of India has launched the National Technical Textiles Mission (NTTM) along with Production-Linked Incentive (PLI) Scheme for Textiles aimed at supporting technical textiles.

Maharashtra, the largest economy, and Foreign Direct Investment (FDI) leader in India has planned to set up a **Technical Textiles Park at Dharashiv district of Maharashtra**. The park will not only boost bilateral trade and strengthen the ecosystem of technical textiles in the state but is pegged to host world class manufacturing organizations and products while creating an abundant supply for both domestic as well as foreign demand. This park at Dharashiv is a part of the largest textile ecosystem in the state with park clusters at Solapur, Jalgaon, the PM MITRA Park at Amravati, Nashik, Nandurbar, Mumbai and Pune, to name a few.

In addition, Maharashtra has recently released its **New Integrated and Sustainable Textile Policy 2023** which has been widely regarded as one of the most progressive and lucrative policies in India with a vision of attracting INR 25,000 Crore worth of investments and an employment of 5 lakh people in the next 5 years. The policy provides a host of incentives including subsidies for capital infusion, skill development, green manufacturing, and many others.

To this effect, under the aegis of Government of Maharashtra, **we invite you to visit the Dharashiv Technical Textiles Park on the 16th February 2024 and interact with senior leaders and policymakers from the state**.

A short agenda of the event has been attached for your reference. Any support required when the event including agenda, travel, logistics and planning will be provided by MIDC.

We request you to send your acknowledgement and earliest confirmation by replying to this email. We cordially invite your participation and request you to designate a senior representative from your organization to attend the roundtable discussion and site visit.

The single point of contact for the event will be Mr. Vikas Suryawanshi, General Manager, Marketing, MIDC and can be reached on gmmarketing@midcindia.org or directly on [+91 81085 55686](tel:+918108555686).

Yours Sincerely,

Mr. Praveen Pardeshi,
CEO - MITRA

Dr. Vipin Sharma,
CEO - MIDC
