

I. Why will business as usual fail to get us to our vision? (Thorough, candid analysis of current situation)

- Constraints in terms of past/current policies

- Constraints in terms of institutions and governance mechanisms

- Constraints in terms of resources – human/capital/knowledge

II. Vision statement – broad, aspirational**Translation of vision into specific, measurable goals**

SN	Specific measurable Goals for vision	Current situation on goal metrics
1		
2		
3		
4		
5		

Broad strategies to reach the vision over 15 years

Should include clear explanation of rationale and analysis behind the strategy

III. Translation of broad strategies into specific 7 year checkpoints

Major reforms needed (Policy, Institutional and governance, Centre/state)

Major initiatives to be taken up (New)

IV. Action agenda – 3 year checkpoint

Specific action items required to be on track for 7 year checkpoints

Agencies/departments/ministries responsible

Resource requirements

Critical assumptions (if any) for the strategy
