WELCOME MESSAGE FROM CHAIRPERSON

Welcome to the **28th Malaysian Dietitians Association Hybrid Conference 2023!** We are thrilled to have you all join us for this year's theme, "**Empowering Leaders in Dietetics**" held on the **12th - 13th June 2023** at **The Vertical at Connexion Convention & Event Centre, Kuala Lumpur**. This theme is particularly fitting as we are all here to learn, grow, and connect with one another to become more effective leaders in our field.

The field of dietetics is constantly evolving and it is important that we, as leaders, stay informed and educated about the latest research, trends and developments in our field. This conference is an excellent opportunity to learn from experts in the field, network with colleagues and peers, and gain new insights and inspiration to take back to our own practices.

We are excited to have a diverse range of speakers, who will be sharing their knowledge, experience, and perspectives on various topics related to leadership in dietetics. From the latest research on nutrition and health, to practical strategies for building and leading successful teams, to discussions on the future of the field, there is something for everyone at this conference.

In addition to the keynote speakers, there will also be a variety of interactive workshops, panel discussions, and networking events that will give you the opportunity to connect with other dietitians and leaders in the field. These opportunities will provide you with the chance to share your own experiences and gain valuable insights from others in the field.

We understand that being a leader in dietetics can be challenging, especially in today's fast-paced and ever-changing world. However, by coming together and sharing our collective knowledge and experience, we can empower one another to be the best leaders we can be.

This conference is an opportunity to invest in yourself and your professional development, and we are honored to have you here with us. Let's make this conference a success together and leave feeling empowered and equipped to lead the way in the field of dietetics.

Once again, welcome to the 28th Malaysian Dietitians Association Hybrid Conference 2023 and we look forward to a wonderful and empowering few days together.

REGISTER NOW AND MARK THE DATE IN YOUR CALENDAR. SEE YOU THERE!

PROF. DR. WINNIE CHEE SIEW SWEE
President
