## SPEAKER PROFILE

**Wendy Ma**

**Hong Kong, China**

**Place of Practice:** School of Professional and Continuing Education, HKU

**Current Position:** Senior Programme Director

**Field of Interest:** dietetics practice weight management nutrition assessment and support

### **Achivements:**

**Short Biography:** Dr. Ma graduated with a BSc from the University of New South Wales, PgD in Nutrition and Dietetics and Doctorate of Health Science at the University of Sydney, Australia. She is an Accredited Practicing Dietitian (APD, Dietitians Association of Australia) and Accredited Dietitian, Hong Kong Academy of Accredited Dietitians (HKAAD). Dr. Ma is a Senior Programme Director, Food, Nutrition & Healthcare area of the College of Life Sciences and Technology at HKU SPACE. Dr. Ma teaches nutrition and dietetics, acts as a clinical dietetics educator for students on clinical placements and is a clinical dietitian providing dietetic consultations in the HKU SPACE Dietetic Clinic. Dr Ma is currently Chairman of the Board of Directors of the Hong Kong Academy of Accredited Dietitians (HKAAD), Council Member of the Hong Kong Society for Parenteral and Enteral Nutrition (HKSPEN) and consultant Hong Kong Dietitian Association (HKDA).

**SPEAKER PROFILE**

**Winai Ungpinitpong**

**Thailand**

**Place of Practice:** Surin Hospital, Surin, Affiliate to Suranaree Univ

**Current Position:** Consultant Surgeon

**Field of Interest:** Surgical Nutrition Enhanced Recovery After Surgery (ERAS) Nutrition Support Team (NST) Nutrition in critically ill patients

**Achivements:** ERAS program implementation in Thailand

**Short Biography:** Dr. Winai Ungpinitpong is a distinguished medical professional known for his significant contributions to the fields of nutritional support and perioperative care. He is the current President of the Society of Parenteral and Enteral Nutrition of Thailand (SPENT) and has previously served as the President of the Parenteral and Enteral Nutrition Society of Asia (PENSA) in 2021. Additionally, Dr. Ungpinitpong plays a pivotal role in the International Working Group for Clinical Nutrition as a Human Right, advocating for the recognition of adequate nutrition as a fundamental human right and striving to implement policies that ensure equitable access to nutritional care worldwide. Dr. Ungpinitpong's expertise lies in enhancing patient outcomes through improved nutritional strategies, particularly within surgical contexts. He is actively involved in educational initiatives, frequently presenting on topics such as managing surgical stress, principles of enhanced recovery, and the importance of nutritional therapy during the perioperative period. In addition to his educational efforts, Dr. Ungpinitpong has played a crucial role in shaping clinical guidelines and best practices within PENSA and SPENT. His work focuses on promoting collaboration between health professionals, research promotion and implementing innovative nutritional support strategies to improve patient care across Asia.

## SPEAKER PROFILE

**Sanjith Saseedharan**

**India**

**Place of Practice:** ISPEN, Director: critical care

**Current Position:** President

**Field of Interest:** critical care nutrition, indirect calorimetry, mechanical ventilation, use of software and technology in critical care nutrition

**Achievements:** 1.Awarded the FICCM in 2024 by the Indian society of critical care medicine (most elite qualification in India in critical care) Awarded the Best researcher award 2022- 2023 pan Fortis(INDIA) 2.Dr I A Modi award in the young clinician category from the Global association of physicians of Indian origin(GAPIO) in 2023. 3.Featured among the best doctors in critical care in Mumbai by the Week in 2018 to 2024 4.Featured among the best doctors in critical care in Mumbai by the outlook in 2019 to 2024 5.Received “Ibn Haithem” award for research in neurocritical care at the Pan arab emirates critical care conference 2019. 6.Recieved “Al- Kind” award for research in nutrition for reducing iatrogenic underfeeding in the icu by means of computerization in the Emirates critical care conference ,u.a.e,2019. 7.Recieved best poster award for “Co-relation of CSF measurement vs conventional laboratory csf glucose measurement” at the Criticare 2019,Mumbai,National conference in critical care. 8.Recieved best research paper award for” Comparison of measurement of level of placement of fluid filled pressure monitoring systems with a “carpenters” measure versus usual techniques, poster presentation at the Criticare 2019, Mumbai.I.S.C.C.M.National conference. 9.Recieved best oral research paper presentation award for “Correlation between CSF glucose estimation using Glucometers against conventional laboratory technique in determining bacterial meningitis :a pilot study at the World congress on infectious diseases and antibiotics ,2018 at Bangaluru,India 10.Recieved best original research paper for “Study of syringe pumps in series versus syringe pumps in parallel” in the Emirates critical care conference held at Dubai in April 2016 11.Holds copyrights for the the first web based online suggestion based software in the field of nutrition 12.Awarded fellowship from the international medical science academy. Geneva for distinguished service and excellence in filed of critical care. 13.Gold at the medicall innovation awards 2015 for the interactive,worlds first Inutrimon software for powder based nutrtnon at 13th edition of the Medicall convention at Chennai,Tamilnadu.

**Short Biography:** Dr Sanjith is a critical care consultant .After completing his anesthesia he pursued his critical care diploma .He then secured a fellowship of neurotrauma critical care at the Hadassah university teaching hospital at Israel . He has also completed the European diploma in critical care from Brussels. He is an excellent orator and is a teacher of critical care for the indian society of critical care medicine and nursing and the Maharashtra university of health sciences. His infectious interest in critical care has rubbed onto the icu at Raheja where care is evidenced based,with optimum use of technology like FRC calculation and transpulmonary pressure for mechanical ventilation, use of indirect calorimetry ,use of functional hemodynamic monitoring like volumetric parameters, EV 1000,PICCO,scvo2 and SJVo2. He has 103 peer reviewed articles and presentations in peer reviewed journals ,written 2 books as single author, 16 book chapters,5 best research paper awards to his credit ,a gold medal award winning patented software in the field of critical care nutrition, best innovation award for a technological patient interface called as vocalizer and has been a faculty in a number of national and international conferences. He has been the recipient of the Ibn Haithm award for best researcher at the pan arab critical care congress and has been awarded the clinician of the year by the Global association of physicians of Indian origin. He remains the organizing secretary of the very sought after annual mechanical ventilation workshop and the nutrition boot camp year after year.He also been felicitated with awards for best doctor in critical care- Mumbai by the Week and Outlook magazines year after year. Dr.Sanjith presently is the director of the dept of critical care at the S.L.Raheja hospital -a fortis associate and the president of the Indian society for parenteral and enteral nutrition.

## SPEAKER PROFILE

**Richard Calingasan**

**Philippines**

**Place of Practice:** St. Luke's Medical Center

**Current Position:** Clinical Nurse Educator

**Field of Interest:**

**Achivements:**

**Short Biography:** Richard Calingasan II is a seasoned healthcare professional with a distinguished career spanning 15 years at St. Luke's Medical Center. Starting from the bottom, he climbed the ranks to become a manager, demonstrating exceptional leadership and dedication. Currently serving as a clinical nurse educator, Richard is deeply committed to advancing nursing education and professional development. Richard's commitment to excellence is further exemplified by his 13-year affiliation with the American Heart Association, where he has been actively involved in promoting cardiovascular health and education. Additionally, since 2019, he has been a proud member and invited speaker of the PHILSPEN, contributing his expertise to the field. In 2023, Richard was honored as the Associate of the Year Grand Winner for the Junior Managerial Category, a testament to his outstanding contributions and leadership. He has also chaired significant events such as the International Nurses Day Nurses Week Celebration and Nurse Awards, Central Line Summit, showcasing his organizational skills and dedication to the nursing profession. Richard's impact extends beyond the hospital walls, as evidenced by his role in the community adoption program from 2019 to 2022. His efforts were recognized by the Department of Social Welfare and Development – National Capital Region, highlighting his commitment to community service and healthcare advocacy. Within St. Luke's Medical Center, Richard has served on various committees, including the Resuscitation Council and Occupational Safety and Health committees, where he has played an integral role in ensuring a safe and effective healthcare environment. Furthermore, Richard is an active member and former Vice President for Finance and Treasurer of the Philippine Nurses Association Zone 3, demonstrating his leadership and commitment to the nursing profession at a broader level. With his wealth of experience, leadership acumen, and dedication to nursing excellence, he is a compelling candidate for speakership, capable of inspiring and empowering fellow healthcare professionals.

## SPEAKER PROFILE

**Jaw Yuan Wang**

**Taiwan**

**Place of Practice:** Kaohsiung Medical University Chung-Ho Memorial Hospital, KMU

**Current Position:** Superintendent

**Field of Interest:** 1. Surgical and Molecular oncology 2. Colorectal cancer 3. Gastrointestinal malignancy and disease 4. Nutrition therapy 5. Robotic surgery 6. Microbiota

**Achievements:** 1. Year 2021, SNQ The Pioneer in Taiwan: Dual Authentication of Da Vinci Training Center and Surgeons of Excellence in Robotic Surgery 2. Year 2022, Best Doctor by Common Health Magazine 3. Year 2023, SNQ Gold medal award, Integrated Home Parenteral Nutrition Care Team

**Short Biography:** Prof. Jaw-Yuan Wang is Professor of the Department of Surgery, Faculty of Medicine and Graduate Institute of Clinical Medicine, Kaohsiung Medical University, Kaohsiung, Taiwan. Between 2018 and 2020 he held the position of President of the Society of Colon and Rectal Surgeons, Taiwan. He went on to receive further training as a Research Fellow at the State University of New York, Stony Brook, USA. He now serves as Leader of Colorectal Cancer Multidisciplinary Team, Program Director of Robotic Surgery, Chairman of Nutrition Support Council, Kaohsiung Medical University Hospital, Kaohsiung Medical University. He is an active member in numerous professional organizations including the Taiwan Surgical Association, Taiwan Surgical Society of Gastroenterology, Society of Colon and Rectal Surgical Society of Gastroenterology, Taiwan; Taiwan Robotic Surgery Association; Taiwan Society of Parenteral and Enteral Nutrition, Taiwan Oncology Society, Clinical Oncology Society of Taiwan, Parenteral and Enteral Nutrition of Asia, International Association of Surgeons and Gastroenterologists, The Academy of Surgical Research and The Chinese Oncology Society. He also holds appointments as executive director of board of Taiwan Surgical Association; director of board of Taiwan Society of Coloproctology; executive director of board of Taiwan Society of Parenteral and Enteral Nutrition and executive director of board of Taiwan Genomic Medicine and Biomarker Society. Since 2020, he has been a member of the European Society of Coloproctology Global Reach Committee. Besides being a recipient of numerous awards since 2003, he has published widely at least 404 peer-reviewed papers (341 SCI and 63 Non-SCI) and 6 book chapters. Among 403 peer-reviewed papers, 19 papers with citation number more than 100. In addition, he also holds 12 patents from Taiwan, USA, EU, Japan and China. Prof. Wang is an editor in several prestigious international Journals, e.g World Journal of Gastroenterology, Asian Journal of Surgery, Kaohsiung Journal of Medical Sciences (Associate Editor), Cells, Oncology Letters, Oncology Research, Frontiers in Oncology (Guest Editor), Journal of Oncology (Guest Editor), Cancers (Guest Editor) and Asian Council of Science. As a reviewer for more than 90 prestigious journals including Annals of Surgery, Gastroenterology, Cancer Research, Clinical Cancer Research, Oncology, American College of Surgeons, BMC Cancer, Cancer Letters, Expert Review of Molecular Diagnostics, International Journal of Cancer and British Journal of Cancer etc. He has also been the PI of Biosignature in Colorectal Cancers, Academia Sinica, Taiwan, between 2012 and 2018. Since 2019, he was appointed as clinical implication committee member, Taiwan Precision Medicine Initiative, Academia Sinica, Taiwan. He is also the first colorectal surgeon to perform robotic surgery for colorectal cancer more than 500 cases in Taiwan, and till the present time at least 740+ robotic surgeries in this disease. In Year 2023, his team also had award-winning for Taiwan Symbol of National Quality (SNQ) Gold medal award of Integrated Home Parenteral Nutrition Care Team.

**SPEAKER PROFILE**

**Naoharu Mori**

**Japan**

**Place of Practice:** Department of Palliative and Supportive Medicine, Aichi Medical University

**Current Position:** Chair and Professor

**Field of Interest:** Cancer cachexia Nutritional assessment Nutritional therapy for cancer patients Perioperative nutritional care Palliative care

**Achievements:** 2012 JSPEN Fellowship Award 2013 PENSA Best Free Paper Poster Presenter 2014 ESPEN Outstanding Poster 2019 ESPEN Outstanding Poster 2023 JSPEN Best Paper of the Year 2023

**Short Biography:** Professor Mori currently serves as the Chair and Professor in the Department of Palliative and Supportive Medicine at the Graduate School of Medicine, Aichi Medical University. Transitioning from his former role as a surgeon, he now leads both the Nutrition Support Team and the Palliative Care Team at the Aichi Medical University Hospital. His laboratory is acclaimed for producing over 12 high-quality research papers annually, focusing on sarcopenia, cachexia, and malnutrition. As the President of the Japanese Society on Sarcopenia, Cachexia, and Wasting Disorders (JSCW) and a Board Member of the Japanese Society for Clinical Nutrition and Metabolism (JSPEN), he plays a pivotal role in advancing the field. At JSPEN, he chairs both the International Committee and the Clinical Research Committee, fostering international collaborations with organizations like PENSA and ESPEN, and spearheading research initiatives. Professor Mori's dedication to research is exemplified by his recent accomplishment of receiving the JSPEN's Best Paper of the Year 2023 award. This accolade was bestowed for his groundbreaking paper on GLIM criteria, where he served as the lead author, further cementing his status as a leading figure in his field.

**SPEAKER PROFILE**
