7TH DIGITAL HEALTH MALAYSIA CONFERENCE 2023

**THEME: PATIENT EMPOWERMENT THROUGH A PATIENT CENTRIC,
INCLUSIVE AND COLLABORATIVE DIGITAL HEALTH ECOSYSTEM**

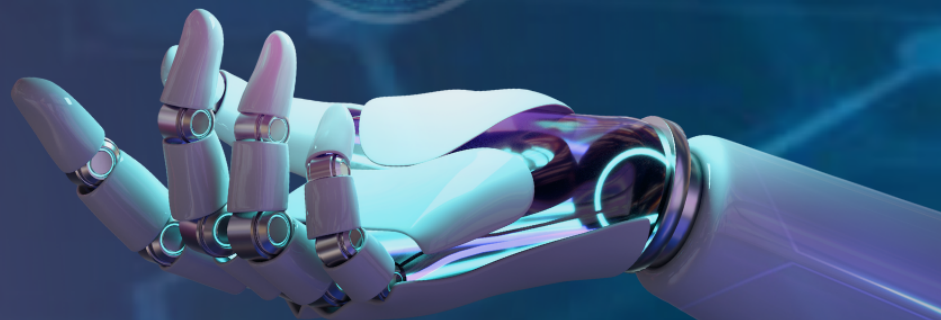

SPONSORSHIP PROSPECTUS

20 – 22 November 2023

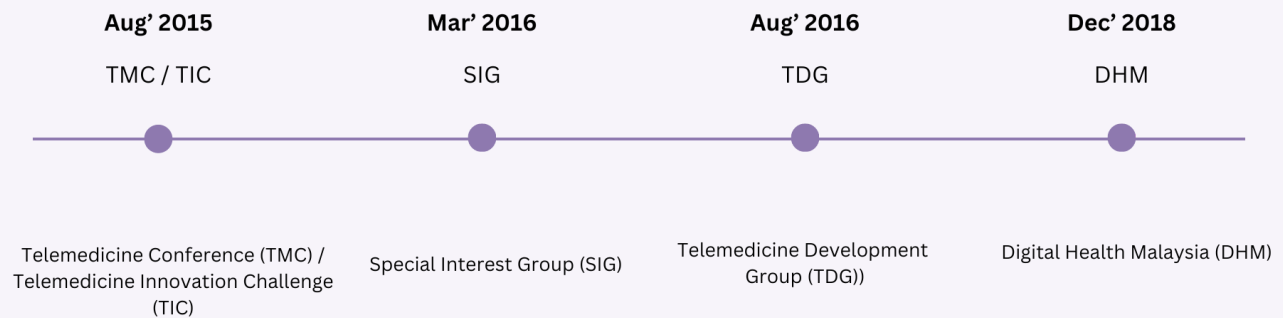

The Vertical @ CCEC, Bangsar, Kuala Lumpur

About Digital Health Malaysia (DHM)

Digital Health Malaysia (DHM), previously known as Telemedicine Development Group (TDG) was formed in 2015 following the first telemedicine conference. It is a platform where healthcare professionals, researchers and industry collaborate to advance the digital health agenda. In partnerships with relevant ministries and agencies, it constantly gathers input from stakeholders of diverse background and inter-disciplines, in exchanging ideas and exploring collaboration opportunities in the field of telemedicine, telehealth and AI. It aligns itself with the National Science Technology and Innovation (STI) Policy and the ever-evolving triple helix ecosystem (Regulator/Researcher/Industry).

Welcome Speech

The Association of Digital Health Malaysia is delighted to announce its annual national conference this year entitled 7th Digital Health Malaysia Conference 2023 centred around the theme of "**Patient Empowerment Through a Patient Centric, Inclusive and Collaborative Digital Health Ecosystem**". The conference will be held on the 20th until 22nd November 2023 at The Vertical@CCEC, Bangsar, Kuala Lumpur.

We will discuss the importance of Connected Cities and the integral role of Digital Health. The sessions will discuss challenges and expectations, with an emphasis on successful real-world examples of public-private partnerships. Furthermore, we will concentrate on advancing knowledge, education, and workforce development to empower both clinicians and patients.

Additionally, this presents a distinctive chance to engage with a dynamic audience comprising policymakers, providers, and users. Naturally, the conference draws in affluent professionals and individuals holding influential roles within their respective organisations.

We would be delighted to discuss this further with you. We're also open to exploring how we can tailor a collaboration that aligns with your company's objectives.

We look forward to your support and engaging with you through the collaboration.

Thank you!

Prof Dr Wong Chee Piau
