# A Message From All of Us at Inspire Society

Dear Inspirers Members, USM Alumni, Family & Friends and Corporate Sponsors

The moment is here—IFA 2025 !

Once again, we unite for a cause greater than ourselves: to transform lives through the power of education.

The challenges faced by our B40 community are still very real—and so is the opportunity to make a difference. With your support, we can open doors for deserving Indian students, giving them the chance to pursue higher education at local public universities. The funds raised through this initiative will directly support these young individuals as they take their first bold steps toward a brighter future.

To those who have supported this annual initiative in the past—thank you. Your contributions have made a lasting impact. As we embark on this journey again, we hope you'll continue to stand with us in making education accessible to those who need it most.

Your generosity has the power to turn dreams into reality. Every contribution counts, and every act of kindness leaves a lasting legacy.

This journey begins now and continues until the end of July. On behalf of the committee, thank you for your unwavering support. Please help us amplify this mission—share it with your family, friends, and networks. Together, we can create meaningful change.

Thank you INSPIRERS for being the heart of this mission.

# Messages from IFA2024 Recipients

*"Words cannot fully express my gratitude for the financial support you've given me. Your generosity has had a profound impact on my life, allowing me to pursue my degree with a lighter heart and a stronger sense of purpose. Knowing that someone believes in my potential means the world to me, and I am more motivated than ever to excel. Thank you for giving me the opportunity to work towards my dreams. I won't take it for granted."*

I wish that IFA team will be helping more students in the future for thier studies. I will make sure will do my best for our community in the future...nandri IFA family...❤️"*

## Message from IFA2023 Receptient

*Personally, I would like to thank to Inspire Society for your generous contribution to me because I am the first in my family to attend university. I'm growing up in a less privileged community has not only offered academic challenges but financial challenges too. Your contribution will allow me to pay my registration fees for university and buy daily needs for hostel life.*

*We are extremely thankful for your support and contribution IFA. We hope that Inspire Society will continue helping B40 students not only in universities and also schools. Our educational pursuits would not be possible without generous supports from contributors like Inspire Society. We hope there will be more contributors joined in Inspire Society to help students. For sure, in future we also will join in Inspire Society to help and contribute to students and also our Indian Community. God's blessings are there always on IFA contributors and other sponsors.*

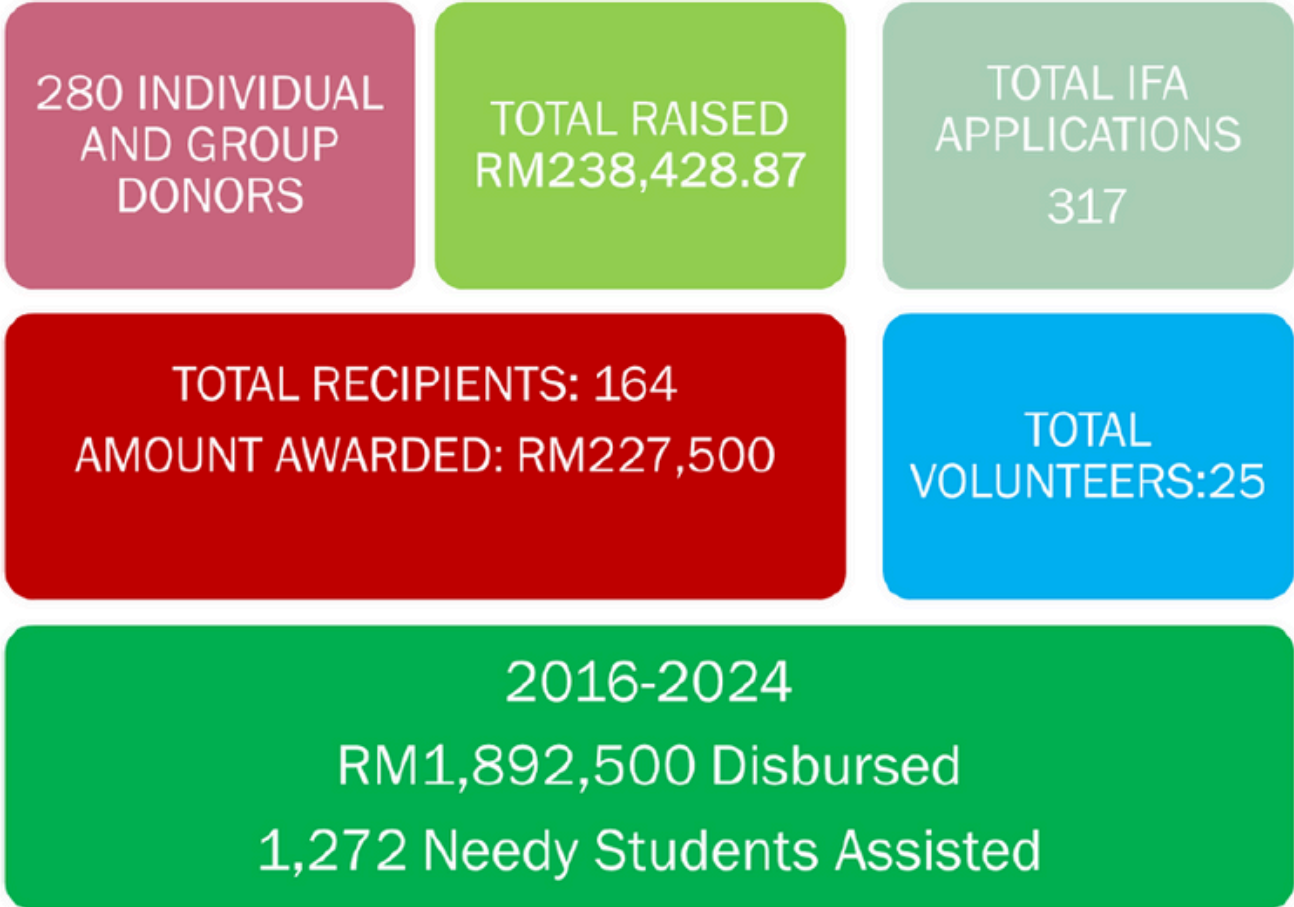

*I'd want to take this chance to thank everyone for their kind hearts. I want to start by saying how much I appreciate your generosity. My mother, a single mother, is fighting to support her three kids. Last but not least, getting money from this organisation is really very helpful. I'm thanking you for your financial help because it will make things easier for me. Your fundraising efforts are all blessed by God. Keep up the good work, you guys are doing an incredible job.*

## Message from IFA2022 Receptient

*Hello everyone. I too would like to express my gratitude for the help that the community has given to me and other students in my position alike. It's easy to feel as if our stories and struggles are of lesser importance, especially in our political and social climate. Not only was the financial assistance of aid, but the distance that the team went to individually assess each student and their needs and do their best means a lot to me. They truly listened and cared enough to help which itself is more than I can ask for. Plants my faith in people and the good that a group of committed people can do. I hope some day, I and the others here have similar hearts to follow in these footsteps. Again, thank you IFA for caring enough to relief some burden off our shoulders. Your act of kindness makes all the difference. ❤️*

# About Us

Inspire Society was launched in 2016 by a group of University Sains Malaysia alumni with the goal to help deserving Malaysian Indian students escape the clutches of poverty and lead a better life.

## About The IFA Initiative

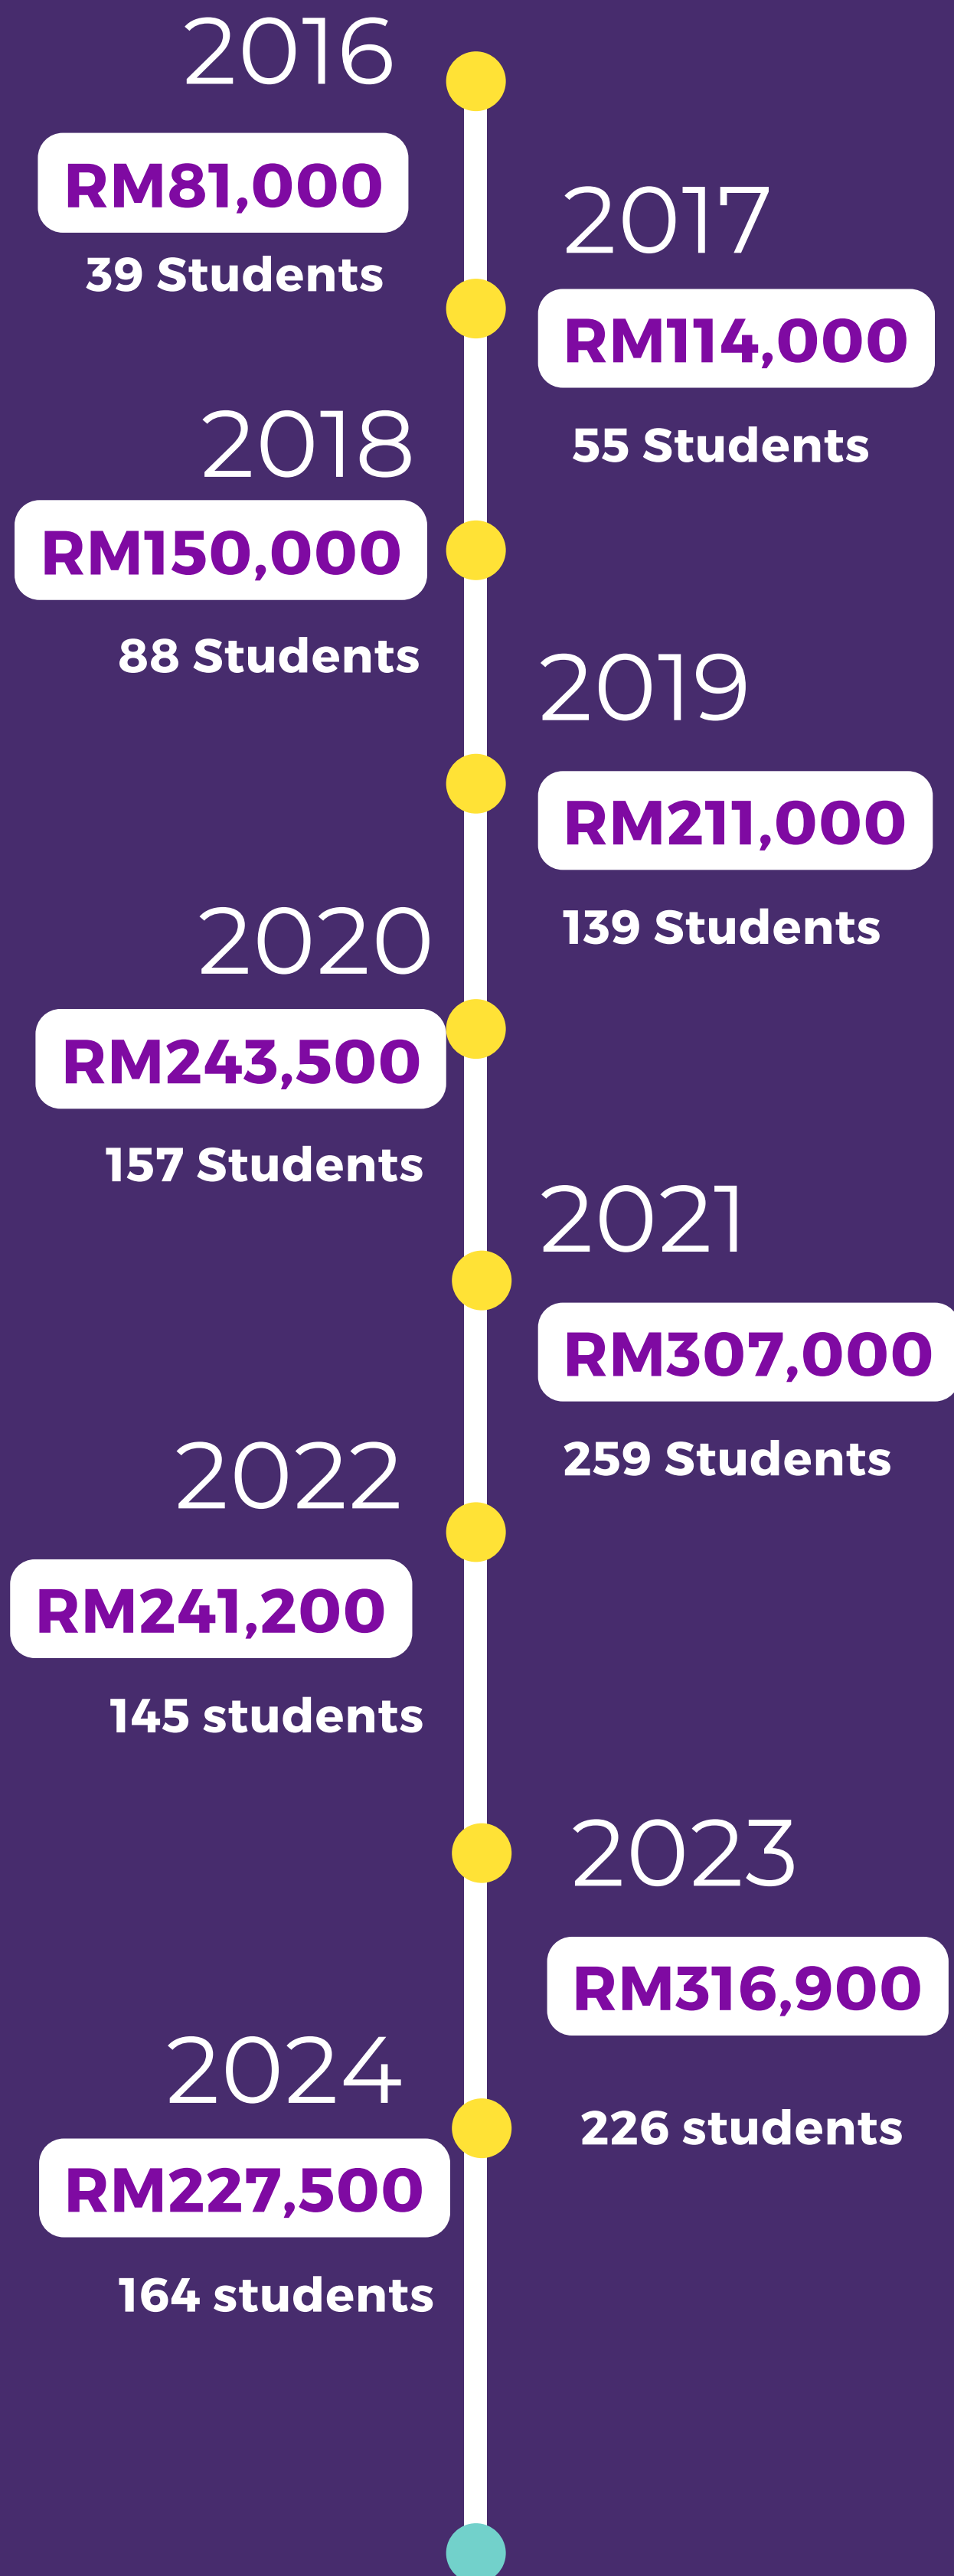

Inspire Financial Assistance (IFA for short) offers financial aid to selected Malaysian Indian students who have obtained entry into local public universities but do not have the means to pay for the initial expenses while waiting for their PTPTN loan approval.
