TRAINER INFORMATION

Dr. Subramaniam is an experienced environment health and safety (EHS) consultant. Prior to that he was a Professor and a former Head, Environmental Health and Safety Department in UiTM and MAHSA University. He has contributed 35 years in government service as well as in academia both at public and private institutions of higher learning. He has also worked in the industrial sector for 20 years and had been involved in training and consultancy sector for the past 15 years.

Between 2006 to 2016, he has completed many research projects along with 4 grants from FRGS in UiTM. He was also an EHS consultant for 11 studies conducted with private sector grants. These projects involved projects in knowledge transfer, EIA studies along with OSH and Industrial Hygiene assessments. He has also published various journal articles related to environmental health and is a member of various elite organizations in Malaysia and overseas.

He has also published in various conferences and seminars in Malaysia and overseas (Australia, Japan, Singapore, Indonesia, India, Pakistan and Thailand). He had coordinated ecological study expedition to Royal Belum Perak, and Endau Rompin Pahang from 2011 to 2012. He also coordinated for UiTM the Tree Planting at Raja Musa Forest Reserve with GEC and Tree for Life programs. Currently, he teaches the graduate and post-graduate programs in UiTM, UPM, UM and OUM. He is also a trainer for HRDF/HRDC, NIOSH, UiTM Tech, MAEH, MIHA, ENSEARCH, and MSWME.

Tentative Programme

Day 1:

- 8:00am Registration
- 8:30am Opening remarks & Pre Assessment
- 9:00am Legal requirements (EQA 1974 & EIA Order 2015) and Environmental Impact Assessment study requirements.
- 10:00am Tea Break
- 10:30am Lecture 1: General Guidelines on Environmental Impact Assessment study
- 11:30am Lecture 2: Specific Guidelines on Environmental Impact Assessment study
- 12:30pm Workshop 1: Group discussion on team detailed tasks for an Environmental Impact Assessment study in a selected project.
- 1:00pm Lunch break
- 2:00pm Workshop 2: Group discussion on team reviews with checklist of an Environmental Impact Assessment study.
- 3:00 pm Tea Break
- 3:15pm Workshop 3: Group presentations on tasks for preparing for chapters in an Environmental Impact Assessment study in a selected project.
- 4:45pm Q & A and Discussion Session
- 5:00pm End of Day 1

Day 2:

- 8:00am Registration
- 8:45am Review of Day 1 training
- 9:00am Lecture 3: Instrumentation in EIA report study preparation.
- 10:00am Short Break
- 10:30am Lecture 4: Preparing on EMP report for compliance with EQA 1974, EIA Order 2015, various guidelines for preparing EIA reports and an EMP Guidelines (DOE, 2021) in a selected project.
- 11:30am Workshop 4: Group discussion on detailed tasks for preparing an EMP report in a selected project (team work tasks).
- 12:30pm Workshop 5: Using checklists for preparing an Environmental Impact Assessment study and EMP report.
- 1:00pm Lunch Break
- 2:00pm Workshop 6: Group presentations on Environmental Impact Assessment study and EMP report.
- 3:00pm Tea Break
- 3:15pm Workshop 7: Group presentations on Environmental Management Plan with checklist of an Environmental Impact Assessment study.
- 4:15pm Review of Day 2 activities, Q&A and discussion
- 4:30pm Post Assessment
- 5:00pm Closing remarks and End of training
