

FORUM OUTPUT ON MOVING FORWARD WITH EIA IN MALYSIA IN THE NEW DECADE

Organised by ENSEARCH in collaboration with Department of Environment Malaysia on 18.02.2020 @ KGNS

Attended by 112 pax (attendance attached)

A KEYNOTE ADDRESS FROM PN NORLIN BT JAAFAR, DG OF DOE MALAYSIA

1. Try and minimize EIA activities through streamlining;
2. Improve decision making process through better EIA Guidelines for specific sectors;
3. Review of EQA will be done to have consistent terminologies and to be read together with other legislations;
4. Schedule 1 and Schedule 2 EIAs will need public participation;
5. Assessment procedure might change with public display done first to reduce client charter;
6. NGOs input will be sought during TRC;
7. To promote good governance, an Environmental Professional Body is needed;

B PAPER 1 BY PN ROHIMAH BT AYUB, HEAD OF EVALUATION DEPARTMENT , DOE MALAYSIA

1. DOE has to look into balancing economics, development and social issues;
2. DOE wants good quality EIA report so that review can be easy; Data should be presented in a truthful manner;
3. An Environmental Professional Board has to be realized so that fees can be charged and consultants regulated peers;
4. Prescribed activities being looked into to possibly reducing number of activities listed;
5. Public display might be imposed prior to EIA submission so that stakeholders are engaged and impacts stated can be mitigated in final report;

C PAPER 2 BY PN SARA OF WWF : REFER TO SLIDES (Refer attached)

D PAPER 3 BY IR MAZURA MAZLAN – REFER TO SLIDES (Refer attached)

E FORUM SESSION MODERATED BY MR SIRAJ

- General comments by PN NORLIN
 1. DOE will engage with more NGOs specific to the location or their particular expertise;
 2. There should be a structured *protem* committee for the Environmental Professional Board;

- General comments by NREB REP
 1. To date 2600 EIA reports processed since 1994;
 2. Only 1 schedule of prescribed activities;
 3. Public review is done for all mega and sensitive projects;
 4. 300 registered consultants;

- General comments by JPAS REP
- 1. SEPA and WWF are NGOs that help out a lot with JPAS work;
- 2. Sabah has about 100 registered consultants;
- 3. Sabah has 3 categories of reports : PMM and EIA which is Special EIA or normal EIA

Q&A by Panel and participants

❖ Shukri of Malakoff

- Are there any legal requirement for how much of budget should be allocated for env protection : Pn Norlin said it's based on project as part of GSR;
- How do you ensure DOE staff competency : Pn Norlin said all DOE staff have rigorous training mirror image of industry competency, performance is reviewed and includes soft skills and communication training

❖ Tania of DHI

- EIA should be done technically well as it is a good tool for decision making

❖ Abdul Halim

- Any possibility of Semenanjung, Sabah and Sarawak having a common registration scheme
Panel : Different laws prevails so cannot for now. MA63 will further enforced by individual East Malaysia states
Hopefully Environmental Professional Board will address problems related to paymaster syndrome and competency of Professional

❖ Badariah

- EO requirement be a mandatory requirement under Project Proponent and not contractor;
- PP should be required to attend mandatory environmental awareness course with EiMAS;

❖ AMR

- Timelines are important to be observed for the good of the economy and for jobs creation in the country;
- Technical agencies inputs should be limited

❖ Casey

- Look into Auditor registration scope as there is none in the expert fields;
- Auditors have not been receiving any feedback form DOE on their performance
