CPH TRAVEL AGENCIES (SARAWAK) SDN BHD

INTRODUCTION TO SARAWAK

Sarawak is the largest state in Malaysia, situated on the north-west coastline of Borneo and reaching deep into the rugged and mysterious interior of the world's third largest island.

It is a land of many surprises; bustling modern cities with old-world charms; remote Dayak longhouses that offers a traditional welcome to the weary traveler; vast cave systems showcasing nature in all her grandeur; the world's oldest rainforest and an eco-system of staggering biodiversity; and different ethnic groups living in harmony, each cherishing and conserving their own unique culture.

Borneo has been visited by travelers for many centuries. One English visitor founded a dynasty of White Rajahs that ruled and expanded Sarawak for over a hundred years.

The modern visitor will find that all the charms and attractions of old Sarawak are very much present today with the added benefit of adequate infrastructure and amenities including international-quality hotels and resorts. There are many unique experiences and adventures to be enjoyed in this Land of the Hornbill.

ABOUT US CPH Travel

CPH Travel Agencies are the pioneers of Borneo Travel. We were the first company to introduce visitors to the wonders of Sarawak, and we have continued to show them a warm Sarawak welcome since 1968, winning dozens of awards and accolades along the way. The secret of our success is our commitment to your enjoyment and satisfaction. CPH is a family-run business, founded, developed and managed by three generations of the same family. Therefore when you travel with us, you travel with people who have a deep personal involvement in the success of your holiday.

We are a fully-integrated tour operator with our own modern fleet of buses, mini buses, limousines, van and small armada of modern, safe and well-equipped boats, we also operate our own guest-houses in the rural interior, in partnership with communities. This means that we can closely supervise the quality of your transport and accommodation, and we are not dependent on sub-contractors whose quality we have no control over.

We believe that all of these factors – our experience, our commitment and our resources – make us the first choice for visitors wishing to discover the wonders of Sarawak in comfort and safety, and with unbeatable value for money.

Services (Transfers, Tours, Meals and Accommodation) provided are as indicated in the packages set out in the Wonders of Borneo itineraries.

FROGGING TOUR AT KUBAH NATIONAL PARK

Kubah National Park comprises massive sandstone ridges with its 3 mountain peaks (Mount Serapi, Mount Selang and Mount Sendok). The park covers an area of 2,230 hectares and was established in 1989. It is home to the Wallace's Flying Frog named after 19th century British naturalist, Alfred Russell Wallace. Other frogs that have been spotted at the park includes the Green eyed tree frog, White Eared tree frog, the Red-legged tree frog and others.

JONG'S CROCODILE FARM

Sarawak's legendary man-eating crocodiles are usually rare and elusive, but at Jong's Crocodile Farm, over 1000 of these fearsome predators are bred in a 25-acre complex along with other wildlife, birds and fishes.

Visitors can see crocodiles being fed and learn all about their life cycle. Time will be allowed to visit the farm's mini zoo, where monitor lizards, samba deers, bearded pigs, porcupines, honey bears, otters and pythons are kept in their natural habitats. It's a great and safe place for kids to learn about wildlife!

BAKO NATIONAL PARK

Optional Overnight Stay:

2 Days / 1 Nights Bako National Park

**Based on the availability of room types at the national park*

This small peninsular, accessible only by boat, is home to seven distinct ecosystems, giving rise to a remarkable diversity of animals and plant life. Bako's most famous residents are the bizarre proboscis monkeys.

It is also home to the silvered langurs (leaf monkey), long-tailed macaque monkeys, bearded pigs, flying lemurs, monitor lizards as well as many different bird species.

Fascinating plant life includes the mangroves, a system onto itself. There are also the strangling fig trees, carnivorous pitcher plants and symbiotic insect-plant relationships. Unique geological features mark the coastline, whilst well-marked trails lead to rugged jungle-covered hilltops and secluded beaches.

BAU FAIRY CAVE & WIND CAVE

The town of Bau, 22km from Kuching is famed as a former gold mining centre and as the primary scene of the Chinese Rebellion of 1857. Nowadays its most popular attractions are its two unusual limestone caves. The Fairy Cave is so-called because of a stalagmite structure at its entrance which is said to resemble Kuan Yin, the Chinese Goddess of Mercy. The Wind Cave is named for the constant cooling breeze which blows through it.

TANJUNG DATU NATIONAL PARK

(2 DAYS / 1 NIGHT)

Tanjung Datu National Park is a 2-hr drive from Kuching and another 10mins by boat from Telok Melano Village. The park is situated on the Datu Peninsular on the south western tip of Sarawak.

At just under 14sq. km, it is one of the smallest parks in Sarawak. Half of the peninsula is situated within Sarawak and the other portion lies in Indonesia.

Described as the 'Heaven of Borneo', visitors to the park will be greeted by towering trees when they enter its forest. Unique to the park is the Banded Langur monkey.

Other stellar inhabitants of the forest are the Bornean gibbon, long tail and pig-tailed macaques, bearded pigs, bearcat, civet cat, tufted ground squirrels, peacocks, mouse deer, barking deer, sambar deer, porcupine and hornbills.

Overnight at the national park in an open-spaced hut (dormitory) or in the comfort of a bedded room (very limited). If time and condition permits, you can swim, snorkel or take a stroll on its white sandy beaches.

A night walk could also be arranged to view the glowing fungus on the ground depending on availability and the brightness of the moon. With good timing and luck, peek at a turtle or two if it decides to come up to the beach to lay eggs!

Note: Though the national park is home to 8 species of Hornbills, all wildlife sightings are not guaranteed.

MANGROVE & IRRAWADDY DOLPHIN WATCHING CRUISE

approx. 3 Hours

0830Hrs

**Return Transfers / Boat Fee /
English Speaking Guide**

This trip cruises along the Santubong River and plies the Salak River Delta systems, of which, both flow into the South China Sea.

In both, one experience a close-up view of the heavily silted mangrove swamp, a haven for its inhabitants from reptilians to crustaceans and fishes: crocodiles, water monitor lizards, otters, mud skippers, mangrove crabs, prawns, edible jellyfish, shell fish and more.

The swamp sustains many different species of trees, the most important being the black and red mangroves, locally known as “bakau” or “Bako”. It’s used as piling in construction and is also processed as charcoal.

Easily mistaken as wasteland, the area experiences tidal rises that leaves rich silts on which the mangrove thrives, giving rise to a symbiotic relationship affecting all flora and fauna, aquatic life and coastal organisms.

The Irrawaddy or snubfin dolphin inhabits the rivers, estuaries and shallow coastal areas. The Santubong area remains one of the best places in Sarawak to view this unusual looking marine mammal. When seen, they swim and dive around open waters less than 30 metres deep.

Visitors will need a keen eye to spot the dolphins and they are best seen when they frolic near local fishing boats that are hauling in the catch!

At the end of the tour, return to the boat club for transfer to your hotel.

SANTUBONG WILDLIFE CRUISE

Our award winning tour takes you along the Santubong and Salak river estuaries.

The cruise starts at the Sarawak Boat Club. From there, your boat cruises to the mouth of the Santubong River where Irrawaddy dolphins may be spotted. En-route, your boat roams the mangrove-lined rivers looking for wildlife.

At the Salak estuary and island, as the light starts to fade, we go in search for the rare proboscis monkey. Small groups are sometimes seen in the treetops at the water edge, settling down for the night.

As dusk arrives, we search for fireflies and crocodiles. The boat proceeds further up river where fireflies gather at night. Enjoy the subdued resplendent twinkling of the beetles (yes, fireflies are beetles!) flying about and around the branches of the mangrove trees.

As we make our way back to the boat club, let's see what happens when a torch is passed over the riverbanks, wait, are those red bright spots crocodile eyes? In pitch blackness, a bright torch is all one needs to detect crocodiles along the river!

We proceed in this manner until the tour ends upon arrival at the boat club.

LONGHOUSE TOURS

Once infamously known as the Land of the Headhunters, a trip to Borneo will be incomplete without a visit to the homes of these once fearsome tribal warriors who remain as heroes in protecting their land which they highly safeguard for ancestral rights. These last few authentic longhouses are what remains in the interiors of Borneo which families of the old and young get through their lives as farmers and forest foraging. A visit enables you to experience the simple life of longhouse dwellers where visitors are nowadays warmly welcome into their daily life. At the longhouse guests are entertained by a simple cultural dance followed by servings of traditionally brewed rice wine. Although highly skilled in the art of war and defense, these dwellers are as well excellent craftsmen in weaving, woodcarving and longboat building which is one of the modes of transportation to commute along the mighty rivers and lakes. Therefore a trip to the longhouse will enquire you to travel the same to reach the interiors.

Other activities at the longhouse are blowpipe shooting and a walk exploring the surroundings of the longhouse and nearby farms.

Longhouse homestays – A truly unique experience where guests are given the opportunity to rough it out for the night at the ruai (common area) or in a CPH special built guesthouse where mattresses, pillows, clean sheets and mosquito nets are provided.

Options:-

1. Mengkak Longhouse (Common Area)
2. Ukom Longhouse (CPH Guesthouse *(subject to availability)* or Common Area)

MULU CAVES 3 Day / 2 Nights

Gunung Mulu, a **UNESCO World Heritage Site of Outstanding Natural Beauty** have only been partially explored. The extensive cave systems of Gunung Mulu National Park are multiple record holders proudly being one of the world's largest cave passages, the Deer Cave; the world's largest natural chamber, the Sarawak Chamber; and the eight longest cave in the world, the Clearwater Cave System spanning at 215 km's long. Covered by a dense canopy of rainforest, ready made plank walks will bring visitors to the four show caves for an unforgettable encounter with nature at her most majestic. The national park bursting with life is home to a wealth of wildlife and thousands of species of flora which includes 170 species of wild orchids, carnivorous plants, ferns, fungi and mosses. Jungle treks, upriver boat rides and a chance to maybe meet Sarawak's last nomadic tribe will provide you with an experience worth ticking off in your bucket list.

NIAH CAVES A Cradle of Human Civilization

Niah National Park is home to one of the most spectacular great cave entrances in the world which houses the oldest known human burial sites in Southeast Asia, the Painted Cave with its unique depictions of prehistoric burial rituals are surrounded by dense primary rainforest and rugged limestone outcrops.

This tour begins with a 90 minute car/bus journey from Miri. Upon arrival in the park, a 45-minute stroll along a wooden plank walk brings you to Traders' Cave, where bird's nest traders once gathered annually for centuries to conduct their businesses. Shortly after, you come to the mouth of the Great Cave, one of the largest and most spectacular cave entrances in the world. A steep winding path allows you to explore the Great Cave, and leads out through a forest glade to the tranquility of the Painted Cave, where ancient cave paintings depict "dead ships" carrying departed souls to the afterlife.

Return to the Great Cave mouth at dusk for a memorable show of swirling clouds, as countless bats leave the cave to feed while swiftlets return home to nest.

Return by car/bus to Miri.

Option: Overnight stays in park accommodation can be arranged.
