### Introduction

World Academy of Martial Arts Philosophy and Science (WAMAPS) was established to recognize and award Martial Artists lifelong dedication, accomplishment and learning study in the field of Martial Arts, Philosophy and Science. World Academy of Martial Arts Philosophy and Science (WAMAPS) will award the Bachelor, Masters, Doctorate and Professorship Degrees on 'Life Experience'.

World Academy of Martial Arts Philosophy and Science (WAMAPS) will recognize martial artists from all over the world for their life-long dedication and accomplishment in the field of martial arts / science studies whereby offering martial arts degrees program.

The Martial Arts external degree programs of The World Academy of Martial Arts Philosophy and Science (WAMAPS) are design for full-time martial artist or working professional. Unique in its approach, WAMAPS seek to integrate Eastern and Western thought in its degree programs.

Each of The World Academy of Martial Arts Philosophy and Science (WAMAPS) programs is an external degree course of study. This means that students do not have to physically attend classes at the Academy. Students set their own goals and complete courses requirements in the convenience of their homes, offices or personal study areas. Completed coursework is submitted to WAMAPS. The Academy encourage students to make use of the independent study program to design their own course of study, incorporating their own personal goals and experiences into the degree program.

The WAMAPS Council of Education in Martial Arts Philosophy and Science grants different degrees under its own authority to develop its own accreditation system and curriculum. The degrees are based upon these requirements. Our Degree Programs offer Bachelor, Master and Doctorate. These degrees are not to be
