

Format of the Abstract

Original Research and Systematic Reviews

The word count for the abstract should not exceed 500 words. The abstract describing the original research and reviews must be arranged in a structured, single-paragraph format with the following sections: Introduction and Objectives; Methods; Results; Discussion/Conclusion (IMRAD Format).

Case Series / Reports

The word count for the summary of the case series and case report should not exceed 500 words. The summary for the case series and case report need not follow the structured format. It should describe the key findings of the case series or case report and provide a recommendation based on those key findings.

Online Abstract Submission

All abstracts submission must be submitted online and must include an abstract file in Word (doc/docx) format to be uploaded at the time of the abstract submission.

The information required during the online abstract submission is:

- Title of the abstract.
- Author's name(s) with their affiliation(s)
- Keywords – between 3 and 5
- Topic (Authors can select one of the 13 topics listed below).
- Prefer mode of presentation (either Oral or Poster).
- The name of the presenter with his/her affiliation.

Upload the Abstract File (doc/docx)

Upload Abstract File

All abstracts submission must include an abstract file in Word (doc/docx) format to be uploaded at the time of the abstract submission.

The maximum size for the abstract file is 2MB.

The abstract file should follow the following format:

- The title should be at the top of the document (Times New Roman, Size 14, Bold).
- The author's name(s) with their affiliation(s) indicated at superscript Arabic Numerals (i.e., 1, 2, 3) should come after the title (Times New Roman, Size 10, Normal)

- The affiliation(s) with the numbering in Arabic Numerals (i.e., 1, 2, 3) should come after the author's name(s) (Times New Roman, Size 10, Italic).
- The abstract text should come after the affiliation (Times New Roman, Size 12).
- The paragraph for the abstract text should be justified with single line spacing.
- The keywords (between 3 and 5) should come after the abstract text (Times New Roman, Size 12)
- Insert a line spacing between the title, author's information and abstract text.
- No citation, abbreviation and acronyms are allowed in the abstract.
- Authors are recommended to avoid trade names and symbols.
