

## ACOH 2026: DOSH OCCUPATIONAL HEALTH WORKSHOPS OCCUPATIONAL NOISE RELATED HEARING DISORDERS & AUDIOMETRY WORKSHOP 4 - 5 AUGUST 2026 (TUESDAY - WEDNESDAY) SHERATON KUCHING

### INTRODUCTION & OBJECTIVES

According to statistics from the Department of Occupational Safety and Health (DOSH), Noise-Induced Hearing Loss is one of the most common occupational illnesses affecting workers in Malaysia today.

In light of the new Occupational Safety and Health (Noise Exposure) Regulations 2019 which are now in effect, AOEMM is organising this workshop for the benefit of attendees. This workshop will consist of both theoretical, practical audiometry and case discussion sessions facilitated by experienced Occupational Health Practitioners.

By the end of this Technical Update, participants will be able to:

1. Understand the provisions in the Noise Exposure Regulations 2019 and the related roles of the Occupational Health Doctor
2. Understand the criteria for diagnosing Occupational Hearing Loss.
3. Demonstrate procedures in conducting audiometric testing.
4. Able to interpret audiograms in occupational health practice.
5. Able to implement Hearing Conservation Programmes (HCP) at the workplace.

#### WHO SHOULD ATTEND THE COURSE?

Occupational Health Physicians,  
Public Health Physicians,  
Occupational Health Doctors,  
Approved Medical Examiners (AME),  
Medical Specialists, Medical Practitioners,
