ANNUAL SCIENTIFIC MEETING 2025

**Establishing Foundations,
Aspiring Excellence**

 18th - 21st June 2025

 Hospital Al-Sultan Abdullah, UITM Puncak Alam

Welcome Message from Organising Chairperson

Dear Colleagues and Esteemed Guests,

It is my pleasure to warmly welcome you to the Malaysian Society of Interventional Radiology (MYSIR) Annual Scientific Meeting 2025. This year, we come together under the theme "**Establishing Foundations, Aspiring Excellence**," a testament to our shared commitment to illuminating knowledge base to our budding colleagues in the Interventional Radiology (IR) fraternity. We believe this meeting would build the foundation and teamwork between doctors, radiographers, nurses and medical assistants towards advancing IR services in Malaysia.

Our meeting will be held from **18th to 21st June 2025 at the beautiful Hospital al-Sultan Abdullah, UiTM Puncak Alam** campus, and we have curated a program that promises to be both engaging and enriching. The event begins with a pre-congress workshop on 18th June, offering hands-on sessions to refine skills and explore the latest innovations in IR. From 19th to 21st June, we will run two concurrent scientific tracks, ensuring a broad range of topics to meet the diverse interests of our participants.

The Gala Dinner on 20th June 2025 is a wonderful opportunity to celebrate, connect with peers, and reflect on our collective achievements. For MYSIR members, the Annual General Meeting (AGM) will also take place during this conference, providing an opportunity for members to actively participate and contribute in shaping the future direction of our society.

We hope that MYSIR ASM would inspire many to join our MYSIR family. MYSIR membership offers many benefits, which include reduced registration fees for our Annual Scientific Meetings, society activities and access to a vibrant professional network committed to the growth of Interventional Radiology in Malaysia. This meeting is more than just a gathering—it is a collaborative effort to strengthen the foundation of our fraternity and strive for excellence in patient care.

3102405284

My heartfelt gratitude to the distinguished faculties who come from near and far to graciously extend their support to this meeting. Their expertise and insights will undoubtedly enrich our understanding of interventional radiology practice. This meeting would not be possible without the support from our industry and collaborative partners.

Your presence and contributions will be key to its success, and I am excited about the insights and ideas we will share. We look forward to welcoming you this June and hope you find the event both inspiring and rewarding.

Warm regards,

Associate Professor Dr Ch'ng Li Shyan

Malaysian Society of Interventional Radiology
Annual Scientific Meeting 2025

Welcome Message from Scientific Chairperson

Dear Colleagues and Friends,

It is with great excitement that I invite you to join us at the **Malaysian Society of Interventional Radiology (MYSIR) Annual Scientific Meeting 2025**, taking place from **18th to 21st June 2025** at **UiTM Puncak Alam**. Our theme this year, **"Establishing Foundations, Aspiring Excellence,"** reflects the vital work we are doing together to shape the future of Interventional Radiology (IR) in Malaysia.

As the Scientific Chairperson, I am thrilled to share that we have designed a comprehensive program that caters to a wide spectrum of interests and expertise levels. The meeting begins with a **pre-congress workshop** on **18th June**, offering hands-on training and practical insights into the latest techniques in IR. From **19th to 21st June**, the scientific program will feature **two concurrent tracks**, packed with sessions covering core areas such as **Interventional Oncology, Vascular and Non-Vascular Interventions**, and **Basic IR Skills**.

This year, we are also introducing exciting new sessions that have never been done before. Explore the evolving landscape of IR in our session on **Career in IR**, connect and be inspired during **Tea with IRon Ladies**, and participate in the **IR Games**, a fun and interactive way to test your skills and knowledge. These additions aim to not only

broaden your perspective but also provide a unique and engaging experience.

We have invited a stellar lineup of speakers, including renowned international and local experts, who will share their knowledge and experience on topics at the forefront of our field. Our goal is to create a platform for dynamic exchange, where ideas and innovations can thrive, ultimately elevating the standard of care we provide to our patients.

I encourage all participants, whether you are a seasoned practitioner or new to the field, to take full advantage of this meeting. Let's come together to learn, collaborate, and inspire one another in the pursuit of excellence in IR.

I look forward to welcoming you to what promises to be an exceptional gathering. See you in June!

Warm regards,

TikTok Competition: IR in Action

1st Prize
RM800

2nd Prize
RM500

3rd Prize
RM300

We're looking for creative TikToks that highlight the fun in Interventional Radiology (IR) —whether it's demonstrating skills and techniques, explaining procedures in a fun way, or showcasing real-world applications of IR. The possibilities are endless!

HOW TO ENTER:

Follow our TikTok account [@MYSIR](#).
Create a TikTok video showcasing any aspect of Interventional Radiology, which may include:

- A quick breakdown of an IR procedure.
- Educational content about the benefits of IR.
- Behind-the-scenes moments from an IR Suite or clinic.
- Fun or educational skits based on "IR in Action"
- Showcase a patient success story (with consent) or recovery process.

Use the hashtag **#MYSIR2025TikTokCompetition** and **#IRInAction** in your video caption.

Tag our official TikTok account [@MYSIR](#) in your video.
Keep it within 1 minute (60 seconds) - short and engaging TikToks work best!

Eligibility:

- Open to all MYSIR ASM 2025 Delegates.
- Videos must be original and follow TikTok's community guidelines.
- All participants must have a TikTok account.
- You may participate as a team, representing any hospital; or as an individual
- There is no limit to the number of submissions—you can submit as many videos as you like!

Deadline:

All entry forms must be submitted to the MYSIR ASM 2025 secretariat and posted on TikTok by 30th May 2025, after which the videos will be showcased on the official MYSIR TikTok page.

Winner Announcement:

Winners will be announced during the closing ceremony of MYSIR ASM 2025.

Consent and Usage:

By submitting your TikTok video(s), you consent to MYSIR using your content on our official social media pages and for promotional purposes. Additionally, your video(s) will be featured during **MYSIR Annual Scientific Meeting 2025**.

Judging Criteria: (Your video will be judged based on the following)

1. **Creativity & Originality:** Entries should be the participant's own, original work.
2. **Message Content:** How well you communicate the impact and importance of Interventional Radiology and reflects the intended theme.
3. **Presentation:** How well is the video produced, in regards to editing, "wow" factor, music, visual and sound quality, as well as adherence to the time limit of 1 minute (60 seconds).
4. **Number of Shares, Likes & Comments:** The engagement your video generates will count.

Establishing Foundations, **Aspiring Excellence**
