Tir	me	Торіс	Торіс	Topic Speaker							
		Summit 2 (Main Hall)	The Zenith	Pinnacle 10							
8:00	8:30		Registration								
		Symposium Ia: UGI training in Malaysia	Symposium 1b: Allied health – Endoscopy								
		Evolution of UGI surgery in Malaysia	Ensuring Safety in Endoscopic Practice: Infection Control and Scope Reprocessing								
8:30	10:15		Troubleshooting in the Endoscopy Suite: Common Technical	Meet the experts							
		UGI training pathway in Malaysia	and Workflow Challenges								
		Development of minimally invasive UGI in Malaysia	Endoscopy Nursing in Complex UGI Procedures: Role in ESD, POEM, and Bariatric Endoscopy								
		Q&A									
9:45	10:15	qui	Q&A Opening ceremony								
10:15	11:00	Keynote lecture 1: 1	he future landscape of precision oncology in gastric cancer	Prof. Terashima							
	12:15	Symposium 2a: Updates in Precision Oncology	Symposium 2b: Functional dyspepsia & Achalasia	·							
		Emerging trends in cancer treatment	Beyond the Burn: Precision Diagnosis of GERD in the Era of								
11:00			Innovation	Oral presentations 1							
		Biomarkers in oesophageal cancer Precision surgery: from image-guided to information-	POEM & beyond: current surgical options for Achalasia	-							
		guided surgery	Long-Term Data on Fundoplication: Successes and Pitfalls								
		Q&A	Q&A	1							
12:15	13:15 14:00		Lunch Symposium 1 (sponsored by Novo Nordisk): Prayer Break								
13.15	14.00	Symposium 3a: Oesophageal Surgery Techniques	Symposium 3b: UGI Emergencies								
		Precision in Practice: Key Strategies for Safe and	Managing Gastric Outlet Obstruction								
	15:15	Effective Minimally Invasive Esophagectomy									
14:00		Leaks and fixes: managing complications after Oesophagectomy	Management of UGI bleeding	Oral presentations 2							
		The scope for cure: Endoscopy for early oesophageal									
		neoplasms	Management of corrosive injury								
15.15	15.05	Q&A	Q&A								
15:15	15:35	Symposium 4a: Emerging treatments for obesity	Tea symposium (J&J) Symposium 4b: Clinical Nutrition (FK)								
		Multi-modal approach for diabetes: precision									
		approach to a global epidemic	Nutritional challenges after metabolic bariatric surgery								
15:35	16:50	Endoscopic Bariatric Procedures	Early recognition and management of Refeeding Syndrome	Oral presentations 3							
10.00		Role of GLP-1 receptor agonists in obesity		oral presentations o							
		management: current evidence and future	Pre-operative nutritional prehabilitation for the general surgeon								
		perspectives
