Welcome Message

from the Congress President

Selamat Datang and a warm welcome to the 30th Congress of the Asian Pacific Society of Respiriology (APSR), to be held from 19 – 22 November 2026 in Penang, Malaysia.

With the theme “Reimagining Respiratory Care,” APSR 2026 invites clinicians, researchers, nurses, allied health professionals, and industry partners to rethink how we prevent, diagnose, and treat respiratory diseases. Our vision is to advance care that is innovative, patient-centred, equitable, and sustainable—reshaping respiratory medicine for the future.

Malaysia has been a pioneer in lung health, from tobacco control to research on air quality, COPD, asthma, and TB. Hosting APSR 2026 offers us the chance to showcase these achievements, while learning from global best practices to strengthen respiratory care across the Asia-Pacific.

The scientific programme will feature state-of-the-art plenaries, symposia, workshops, guideline updates, and oral and poster sessions spanning the full spectrum of respiratory medicine. Special tracks for early-career professionals and multidisciplinary teams, alongside cross-cutting themes such as digital health, climate, and value-based care, will ensure a rich and relevant experience for all.

Set in Penang—home to the George Town UNESCO World Heritage site—the Congress promises not only scientific excellence but also a setting that inspires fresh ideas, collaboration, and lasting connections.

We warmly invite you to join us in Penang, share your work, and partner with us in reimagining respiratory care for our region and the world.

Prof. Dr. Ahmad Izuanuddin Ismail

Congress President,

Asian Pacific Society of Respiriology (APSR), 2026

About the Event

The 30th Congress of the Asian Pacific Society of Respiriography (APSR), marking a milestone 30th anniversary for the society, will be held from 19 - 22 November 2026 in Penang, Malaysia. Organised by the APSR and hosted by the Malaysian Thoracic Society, the event will bring together over 2,000 delegates and more than 100 world-renowned speakers from around the world.

With the theme of 'Reimagining Respiratory Care', the congress will showcase the latest developments in respiratory medicine, from breakthroughs in basic sciences and clinical research to innovations in patient care and public health. The comprehensive scientific programme will feature plenary sessions, symposia, workshops, guideline updates and oral and poster presentations, providing a dynamic platform for scientific exchange and collaboration.

Congress Venue

Setia SPICE Convention Centre, located in Pulau Pinang (Penang), Malaysia, is a modern and eco-friendly venue designed for hosting large-scale events, conferences, and exhibitions. As part of the SPICE (Subterranean Penang International Convention and Exhibition) complex, it features state-of-the-art facilities, including a pillarless ballroom, flexible meeting spaces, and a unique green roof garden. Strategically situated near the airport and major hotels, it offers convenience and sustainability, making it a popular choice for both local and international events.

Why Attend APSR 2026?

Global Experts

Hear from 100+ international speakers on the latest research and clinical innovations.

Future of Respiratory Care

Explore digital health, climate change, and value-based care shaping tomorrow's practice.

Dynamic Programme

Join plenaries, symposia, workshops, and poster sessions covering key topics.

Network Widely

Connect with 2,000+ delegates from across the Asia-Pacific region.

Event Objectives

Advance respiratory science and practice: Present the latest research, discoveries and clinical innovations in respiratory medicine.

1

Foster regional and global collaboration: Strengthen ties among healthcare professionals, researchers and industry leaders from the Asia-Pacific region and beyond.

2

Support early career development: Provide opportunities for young clinicians and researchers to learn, share and grow within an international community.

3

Highlight emerging priorities: Address cross-cutting issues such as digital health, climate change and value-based care, which are shaping the future of respiratory medicine.

4

Celebrate three decades of progress. Honour APSR's 30-year legacy of advancing respiratory health across the Asia-Pacific region.

Award Categories

The APSR offers a variety of award opportunities for those presenting their research at the annual congress:

- APSR / ATS Young Investigator Award (Please contact the ATS directly)
- APSR / ERS Young Investigator Award
- APSR / JRS Young Investigator Award
- APSR Travel Award
- APSR Young Investigator Travel Award
- APSR / KYF Young Investigator Award for Geriatric Respiriology
- APSR / Malcolm Winterburn Lung Cancer Young Investigator Award
- APSR / KF-CB Lung Cancer Research Young Investigator Award
- APSR / J Patrick Barron Medical Education Young Investigator Award
- APTA Young Investigator Award
- APSR / KATRD Young Investigator Award
- APSR / PCCP Young Investigator Award
- APSR / VNRS Young Investigator Award
- APSR / Woolcock Vietnam Young Investigator Award
- APSR Clean Air Congress Abstract Award
- APSR / PE Young Investigator Award for Clinical Resp Medicine Research
- APSR / June Grenow Young Investigator Award
- Frank Thien-APSR-MTS Young Investigator Award
- Early Career Excellence Award sponsored by APSR and MTS
- APSR Assembly Education Award
- Respiriology Case Reports Poster Award
- APSR Teaching Library Case Submission Award

Program Highlight

Time	19 Nov 2026 (Thu)	20 Nov 2026 (Fri)	21 Nov 2026 (Sat)	22 Nov 2026 (Sun)

About Penang, Malaysia

Penang, often referred to as the 'Pearl of the Orient', offers a unique combination of old-world charm and modern sophistication. Its capital, George Town, is a UNESCO World Heritage Site and a living museum of culture, where colonial architecture, street art, temples and cafés sit side by side. The island is also renowned for its vibrant food scene, which is considered one of the best in Asia, offering everything from hawker favourites to fine dining.

Beyond the historic city centre, Penang boasts scenic coastlines, lush hills and a thriving innovation and convention hub. With its warm hospitality, efficient transport links, and unique cultural energy, Penang provides an inspiring setting in which delegates can learn, collaborate, and experience the best of Malaysia.

Cultural Diversity

Penang's population is a harmonious blend of various ethnicities, including Malays, Chinese, Indians, and Eurasians. This multiculturalism is reflected in the state's festivals, traditions, and culinary scene. Visitors can experience a myriad of cultural events throughout the year, from the vibrant Thaipusam festival to the colorful Chinese New Year celebrations and the serene Hari Raya Aidilfitri.

Culinary Paradise

Penang is renowned for its street food and has earned a reputation as one of Asia's top food destinations. The state offers a tantalizing array of local delicacies such as Char Kway Teow, Assam Laksa, Hokkien Mee, and Nasi Kandar. The fusion of flavors and cooking techniques from different cultures creates a unique and unforgettable gastronomic experience.

Natural Beauty

The natural beauty of Penang is evident in its lush landscapes, pristine beaches, and scenic hills. Penang Hill offers breathtaking views of the island, while the Penang National Park is a haven for nature lovers and adventure seekers. The island's botanical gardens and tropical spice garden showcase the region's rich flora and fauna.

Modern Attractions

Beyond its historical and natural attractions, Penang also boasts modern amenities and attractions. George Town, the capital city, is a UNESCO World Heritage Site, with its well-preserved colonial architecture and vibrant street art. The state is also home to contemporary shopping malls, world-class hotels, and a burgeoning arts and culture scene.
