PRESIDENT

THE MALAYSIAN THORACIC SOCIETY

Suite 3B-15-7, Level 15, Block 3B,
Plaza Sentral, Jalan Stesen Sentral 5
50470 Kuala Lumpur, Malaysia
(ATTN: PROF DR AHMAD IZUANUDDIN ISMAIL)

Dear Sir/Madam,

HRD CORP CLAIMABLE FOR REGISTERED EMPLOYERS UNDER KUMPULAN WANG PEMBANGUNAN SUMBER MANUSIA (KWPSM)

The above subject refers.

2. We are pleased to inform you that Pembangunan Sumber Manusia Berhad (PSMB) has agreed with your request for training conducted as below to be **CLAIMABLE**.

Program Name : **30th Congress of the Asian Pacific Society of Respiriology (ASPR 2026)**
Date : **19th – 22nd November 2026**
Location : **Setia SPICE Convention Centre, Penang, Malaysia.**

3. Therefore, registered employers under Kumpulan Wang Pembangunan Sumber Manusia (KWPSM) can apply training grant through the e-TRIS system by selecting '**Non-Registered Training Provider Details – Association**' under the Skim Bantuan Latihan (SBL) and attach this letter as one of the supporting documents. The approval of the training grant is subject to the conditions set by PSMB.

4. PSMB also gives permission to you to use the **HRD CORP CLAIMABLE** logo for promotional purposes. Approval starts from the date of this letter until **22nd November 2026**. Enclosed with this letter is the logo link (<https://hrdcorp.gov.my/usage-of-hrd-corp-logo/>) for your reference.

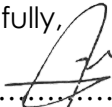

(This space is intentionally left blank)

5. Should you need further information, please contact the Trainer and Provider Quality Assurance Department through email:
vmdsupport@hrdcorp.gov.my.

Thank You.

***‘Advancing Skills, Empowering Talent for a Future-Ready Malaysia’
‘Malaysia MADANI’***

Yours Faithfully,

.....
(SURAINDRAN BIN VISUVANATHAN)

Subject: One-off Application to Conduct Training SBL Scheme for APSR 2026 Penang Congress

Dear Sir,

On behalf of the organising committee of 30th Congress of the Asian Pacific Society of Respiriology (APSR 2026), we wish to apply for the one-off HRDCorp Claimable Scheme for our upcoming congress, organised by Malaysian Thoracic Society (MTS) and Asian Pacific Society of Respiriology (APSR), and is supported by the Malaysia Convention & Exhibition Bureau (MyCEB) and the Penang Convention & Exhibition Bureau (PCEB).

We are thrilled to host APSR 2026 Penang Congress in Malaysia, welcoming clinicians, researchers, nurses, allied health professionals, and industry partners to the historic city of Penang happening from 19 till 22 November 2026 at Setia SPICE Convention Centre, Penang, Malaysia. The theme “Reimagining Respiratory Care” invites delegates to rethink how we can prevent, diagnose, and treat respiratory diseases. Our vision is to advance care that is innovative, patient-centred, equitable, and sustainable—reshaping respiratory medicine for the future.

We are confident that this congress will provide a platform for healthcare professionals from around the globe, particularly those in the Asia-Pacific region to share knowledge, collaborate on innovative solutions, and build resilience in respiratory care. The congress will feature an extensive programme; we are committed to making APSR 2026 Penang Congress an unforgettable experience for all attendees.

For more information, please visit APSR 2026 Penang Congress official website: <https://2026.apsr.org/>

Kindly find attached the following documents for your perusal.

Second Announcement

Supported by

Welcome Message

from the Congress President

Selamat Datang and a warm welcome to the 30th Congress of the Asian Pacific Society of Respiriology (APSR), to be held from 19 – 22 November 2026 in Penang, Malaysia.

With the theme “Reimagining Respiratory Care”, APSR 2026 invites clinicians, researchers, nurses, allied health professionals, and industry partners to rethink how we prevent, diagnose, and treat respiratory diseases. Our vision is to advance care that is innovative, patient-centred, equitable, and sustainable—reshaping respiratory medicine for the future.

Malaysia has been a pioneer in lung health, from tobacco control to research on air quality, COPD, asthma, and TB. Hosting APSR 2026 offers us the chance to showcase these achievements, while learning from global best practices to strengthen respiratory care across the Asia-Pacific.

The scientific programme will feature state-of-the-art plenaries, symposia, workshops, guideline updates, and oral and poster sessions spanning the full spectrum of respiratory medicine. Special tracks for early-career professionals and multidisciplinary teams, alongside cross-cutting themes such as digital health, climate, and value-based care, will ensure a rich and relevant experience for all.

Set in Penang—home to the George Town UNESCO World Heritage site—the Congress promises not only scientific excellence but also a setting that inspires fresh ideas, collaboration, and lasting connections.

We warmly invite you to join us in Penang, share your work, and partner with us in reimagining respiratory care for our region and the world.

Prof. Dr. Ahmad Izuanuddin Ismail

Congress President,

Asian Pacific Society of Respiriology (APSR), 2026

About the Event

The 30th Congress of the Asian Pacific Society of Respiriography (APSR), marking a milestone 30th anniversary for the society, will be held from 19 - 22 November 2026 in Penang, Malaysia. Organised by the APSR and hosted by the Malaysian Thoracic Society, the event will bring together over 2,000 delegates and more than 100 world-renowned speakers from around the world.

With the theme of 'Reimagining Respiratory Care', the congress will showcase the latest developments in respiratory medicine, from breakthroughs in basic sciences and clinical research to innovations in patient care and public health. The comprehensive scientific programme will feature plenary sessions, symposia, workshops, guideline updates and oral and poster presentations, providing a dynamic platform for scientific exchange and collaboration.

Congress Venue

Setia SPICE Convention Centre, located in Pulau Pinang (Penang), Malaysia, is a modern and eco-friendly venue designed for hosting large-scale events, conferences, and exhibitions. As part of the SPICE (Subterranean Penang International Convention and Exhibition) complex, it features state-of-the-art facilities, including a pillarless ballroom, flexible meeting spaces, and a unique green roof garden. Strategically situated near the airport and major hotels, it offers convenience and sustainability, making it a popular choice for both local and international events.

Why Attend APSR 2026?

Global Experts

Hear from 100+ international speakers on the latest research and clinical innovations.

Future of Respiratory Care

Explore digital health, climate change, and value-based care shaping tomorrow's practice.

Dynamic Programme

Join plenaries, symposia, workshops, and poster sessions covering key topics.

Network Widely

Connect with 2,000+ delegates from across the Asia-Pacific region.

Event Objectives

Advance respiratory science and practice: Present the latest research, discoveries and clinical innovations in respiratory medicine.

1

Foster regional and global collaboration: Strengthen ties among healthcare professionals, researchers and industry leaders from the Asia-Pacific region and beyond.

2

Support early career development: Provide opportunities for young clinicians and researchers to learn, share and grow within an international community.

3

Highlight emerging priorities: Address cross-cutting issues such as digital health, climate change and value-based care, which are shaping the future of respiratory medicine.

4

Celebrate three decades of progress. Honour APSR's 30-year legacy of advancing respiratory health across the Asia-Pacific region.

5

Registration Information

Category	Early Bird 01 Apr 26 – 10 Aug 26	Standard 11 Aug 26 – 13 Nov 26	Onsite
APSR Ordinary Member	US\$650	US\$750	US\$850
APSR Associate Member	US\$250	US\$300	US\$350
APSR Undergraduate Member	US\$200	US\$200	US\$200
Non-APSR Member	US\$750	US\$850	US\$950
For MTS Members			
APSR Ordinary Member	US\$520	US\$600	US\$680
APSR Associate Member	US\$200	US\$240	US\$280
Pre-congress Workshop			
Workshop 1 - Sleep Disordered Breathing: From Diagnosis to Therapy	US\$100		
Workshop 2 - Smoking and Vaping Cessation	US\$100		
Workshop 3 - Interventional Bronchoscopy: From Fundamentals to Frontiers in Adults and Paediatrics	US\$150		
Accompanying Person	US\$150		
Gala Dinner	US\$100		

Registration fees are inclusive of 8% SST

Award Categories

The APSR offers a variety of award opportunities for those presenting their research at the annual congress:

- APSR / ATS Young Investigator Award (Please contact the ATS directly)
- APSR / ERS Young Investigator Award
- APSR / JRS Young Investigator Award
- APSR Travel Award
- APSR Young Investigator Travel Award
- APSR/ Paul Zimmerman Physiology Young Investigator Award
- APSR / KYF Young Investigator Award for Geriatric Respiriology
- APSR / Malcolm Winterburn Lung Cancer Young Investigator Award
- APSR / KF-CB Lung Cancer Research Young Investigator Award
- APSR / J Patrick Barron Medical Education Young Investigator Award
- APTA Young Investigator Award
- APSR / KATRD Young Investigator Award
- APSR / PCCP Young Investigator Award
- APSR / VNRS Young Investigator Award
- APSR / Woolcock Vietnam Young Investigator Award
- APSR Clean Air Congress Abstract Award
- APSR / PE Young Investigator Award for Clinical Resp Medicine Research
- APSR / June Grenow Young Investigator Award
- Frank Thien-APSR-MTS Young Investigator Award
- Early Career Excellence Award sponsored by APSR and BLF
- Early Career Excellence Award sponsored by APSR and HKTS
- Early Career Excellence Award sponsored by APSR and MTS
- Early Career Excellence Award sponsored by APSR and STS
- APSR Assembly Education Award
- Respiriology Case Reports Poster Award
- APSR Teaching Library Case Submission Award

Pre-congress Workshop 1

📍 Function Room 8, Ground Mezzanine Floor

19 Nov 2026

Time	Session
	Pre-congress Workshop 1 - Sleep Disordered Breathing: From Diagnosis to Therapy
08:30 - 09:00	Challenges in the Diagnosis of Adult Obstructive Sleep Apnoea <i>Dr Rashidah Yasin, Malaysia</i>
09:00 - 09:30	Challenges in the Diagnosis of Paediatric Obstructive Sleep Apnoea <i>Prof. Dr Albert M. Li, Hong Kong</i>
09:30 - 10:00	Challenges in Positive Airway Pressure Therapy in Obstructive Sleep Apnoea <i>Prof. Dr Allen Widysanto, Indonesia</i>
10:00 - 10:30	Challenges in Positive Airway Pressure Therapy in Central Sleep Apnoea <i>Prof. Dr Winfried J. Randerath, Germany</i>
10:30 - 11:00	Tea Break
11:00 - 13:00	Hands-on Workshop (30 minutes for each station) • Hands-on Session Station 1: Diagnosis of Obstructive Sleep Apnoea Therapy Home Sleep Apnoea Acquisition and Data Interpretation <i>Prof. Dr Naricha Chirakalwasan, Thailand</i> <i>Dr Rashidah Yasin, Malaysia</i> • Hands-on Session Station 2: PAP Devices for Obstructive Sleep Apnoea Therapy CPAP, APAP, BPAP (S mode, Auto-BPAP) <i>Prof. Dr Allen Widysanto, Indonesia</i> <i>Dr Yizhong Zheng, Australia</i> • Hands-on Session Station 3: PAP Devices for Non-OSA Sleep Disordered Breathing BPAP (ST, VAPS), ASV <i>Dr Kah-Lin Choo, Hong Kong</i> <i>Prof. Dr Winfried J. Randerath, Germany</i> • Hands-on Session Station 4: PAP Interface and Accessories in Sleep Disordered Breathing Interface (Paediatric) Fitting, Chin Strap <i>Prof. Dr Albert M. Li, Hong Kong</i> <i>Dr Siew Choo Su, Malaysia</i> • Hands-on Session Station 4: PAP Interface and Accessories in Sleep Disordered Breathing Interface (Adult) Fitting, Chin Strap <i>Prof. Dr Ahmad Izuanuddin Ismail, Malaysia</i> <i>Prof. Dr Brendon Yee, Australia</i>
13:00 - 14:30	Lunch
18:00 - 20:00	Opening Ceremony

Pre-congress Workshop 2

19 Nov 2026

📍 Function Room 7, Ground Mezzanine Floor

Time	Session
	Pre-congress Workshop 2 - Smoking and Vaping Cessation
08:30 - 08:40	Introduction & Ice Breaking <i>Assoc. Prof. Dr Henry Marshall, Australia</i> <i>Dr Nurhayati Mohd Marzuki, Malaysia</i>
08:40 - 09:00	Basic Science & Pharmacology: Nicotine Delivery Mechanisms, Absorption Rates, and Neurobiology of Addiction <i>Prof. Dr Mohamad Haniki bin Nik Mohamed, Malaysia</i>
09:00 - 09:20	Toxicology & Technology: Chemical Composition Differences, Toxicology Profiles, and Device Technology Evolution <i>Prof. Dr Siti Munira Yasin, Malaysia</i>
09:20 - 09:40	Behavioural Therapy & Cultural Adaptation: Evidence-based Counseling and Strategies for Culturally Diverse AP Populations <i>Assoc. Prof. Dr Amer Siddiq Amer Nordin, Malaysia</i>
09:40 - 10:00	Pharmacotherapy & Evidence-Based Treatment: Comprehensive Overview of Clinical Cessation Protocols (LMIC vs HIC) <i>Assoc. Prof. Dr Suthat Rungruanghiranya, Thailand</i>
10:00 - 10:20	Policy & The Precautionary Principle: E-cigarettes as Cessation Techniques vs. Debunking Tobacco Harm-reduction Strategies <i>Prof. Dr Coral Gartner, Australia</i>
10:20 - 10:50	Tea Break
10:50 - 11:20	Case 1 (Clinical/HIC): Managing Heavy Smoking with High Comorbidity in Established Health Systems <i>Adj. Assoc. Prof. Ser Hon Puah, Singapore</i>
11:20 - 11:40	Case 2 (Youth/Dual Addiction): Approach for Adolescents and Young Adults; Managing Dual Use and High-nicotine Salt Dependence <i>Prof. Dr Mohamad Haniki bin Nik Mohamed, Malaysia</i>
11:40 - 12:00	Case 3 (Environmental/Occupational): Resource-limited Solutions for Workplace Exposure and Community-based Cessation <i>Prof. Dr Coral Gartner, Australia</i>
12:00 - 12:20	Case 4 (Governmental Policy): Effective Regional Policies and the Impact of Legislative Frameworks in the AP Region <i>Assoc. Prof. Dr Suthat Rungruanghiranya, Thailand</i>

Pre-congress Workshop 2

19 Nov 2026

📍 Function Room 7, Ground Mezzanine Floor

Time	Session
12:20 - 12:40	"Systems Thinking" in Cessation: Situating Cessation as an Integral Service Within Primary Care and Pulmonary Medicine <i>Dr Nurhayati Mohd Marzuki, Malaysia</i>
12:40 - 13:00	Implementation Science: Integrating "Systems for Success" Across Different Health Tiers & Socio-economic Settings <i>Adj. Assoc. Prof. Ser Hon Puah, Singapore</i>
13:00 - 13:20	Panel Discussion & Closing: LMICs/HICs Considerations and a Roadmap for a Nicotine-Free AP 2030 <i>Assoc. Prof. Dr Henry Marshall, Australia</i> <i>Dr Nurhayati Mohd Marzuki, Malaysia</i>
13:20 - 14:30	Lunch
18:00 - 20:00	Opening Ceremony

Pre-congress Workshop 3

19 Nov 2026

📍 Function Room 5 & 6, Ground Mezzanine Floor

Time	Session
	Pre-congress Workshop 3 - Interventional Bronchoscopy: From Fundamentals to Frontiers in Adults and Paediatrics
08:30 - 09:00	Radial EBUS-Guided Transbronchial Cryobiopsy for Peripheral Pulmonary Lesions: Practical Tips <i>Assoc. Prof. Dr Dongil Park, Republic of Korea</i>
09:00 - 09:30	Linear EBUS in 2026: Evolution of Technology and Strategies to Maximise Diagnostic Yield <i>Prof. Dr Hwangbo Bin, Republic of Korea</i>
09:30 - 10:00	EUS-B Made Practical: Techniques, Learning Curves, and Common Pitfalls <i>Dr Jeffrey Ng, Singapore</i>
10:00 - 10:30	Radial EBUS Beyond the Basics: Interpreting Grey-Scale Patterns to Differentiate Peripheral Lung Pathologies <i>Dr Sze Shyang Kho, Malaysia</i>
10:30 - 11:00	Rigid Bronchoscopy in the Modern Era : Essential Techniques, Troubleshooting, and Case-Based Pearls <i>Dr Arvindran Alaga, Malaysia</i>
11:00 - 11:30	Tea Break
11:30 - 12:00	Building a Safe Paediatric IP Programme: Infrastructure, Team Training, & Risk Mitigation <i>Dr Zheyi Liew, Malaysia</i>
12:00 - 12:30	Advanced Endoscopic Technologies in Paediatric Airways: EBUS, Cryotherapy, and Electrosurgery: When and How
12:30 - 13:00	Managing Complex Paediatric Airway Obstruction: Stents, Balloon Dilatation, and Multidisciplinary Decision-Making <i>Assoc. Prof. Dr Dirk Schramm Germany</i>
13:00 - 14:30	Lunch

Pre-congress Workshop 3

19 Nov 2026

About Penang, Malaysia

Penang, often referred to as the 'Pearl of the Orient', offers a unique combination of old-world charm and modern sophistication. Its capital, George Town, is a UNESCO World Heritage Site and a living museum of culture, where colonial architecture, street art, temples and cafés sit side by side. The island is also renowned for its vibrant food scene, which is considered one of the best in Asia, offering everything from hawker favourites to fine dining.

Beyond the historic city centre, Penang boasts scenic coastlines, lush hills and a thriving innovation and convention hub. With its warm hospitality, efficient transport links, and unique cultural energy, Penang provides an inspiring setting in which delegates can learn, collaborate, and experience the best of Malaysia.

Cultural Diversity

Penang's population is a harmonious blend of various ethnicities, including Malays, Chinese, Indians, and Eurasians. This multiculturalism is reflected in the state's festivals, traditions, and culinary scene. Visitors can experience a myriad of cultural events throughout the year, from the vibrant Thaipusam festival to the colorful Chinese New Year celebrations and the serene Hari Raya Aidilfitri.

Culinary Paradise

Penang is renowned for its street food and has earned a reputation as one of Asia's top food destinations. The state offers a tantalizing array of local delicacies such as Char Kway Teow, Assam Laksa, Hokkien Mee, and Nasi Kandar. The fusion of flavors and cooking techniques from different cultures creates a unique and unforgettable gastronomic experience.

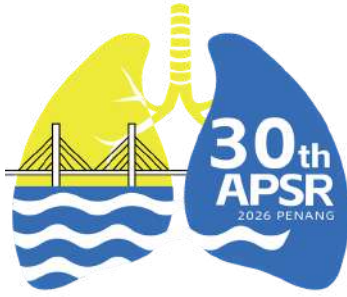

Natural Beauty

The natural beauty of Penang is evident in its lush landscapes, pristine beaches, and scenic hills. Penang Hill offers breathtaking views of the island, while the Penang National Park is a haven for nature lovers and adventure seekers. The island's botanical gardens and tropical spice garden showcase the region's rich flora and fauna.

Modern Attractions

Beyond its historical and natural attractions, Penang also boasts modern amenities and attractions. George Town, the capital city, is a UNESCO World Heritage Site, with its well-preserved colonial architecture and vibrant street art. The state is also home to contemporary shopping malls, world-class hotels, and a burgeoning arts and culture scene.

Dear Ms. Nur Yusraniza Binti Mohd Nasir,

Thank you for your email.

Please be informed that upon the delegate registering on the official website (<https://2026.apsr.org/>), the payment will be conducted via the payment gateway "HitPay".

The payment will be credited to the local host organisation, **PERTUBUHAN TORASIK MALAYSIA (MALAYSIAN THORACIC SOCIETY)**, the registration of society's document has also been shared in our application email.

Kindly consider this email as confirmation of the payment details for verification purposes.

Thank you and please do not hesitate to contact us should you require any further clarification or assistance.

Best regards,

--

Daryl Loh

SPEAKER PROFILE

Assoc. Prof. Dr Amer Siddiq Amer Nordin

Malaysia

Job Title: Head

Faculty / Department / Division: Department of Psychological Medicine

Institution / Organisation: Faculty of Medicine, Universiti Malaya

Biography: Dr Amer Siddiq Amer Nordin is an Associate Professor in Psychiatry and Consultant Psychiatrist with Universiti Malaya. He was also an Adjunct Professor in Public Health with the Universitas Airlangga, Surabaya in Indonesia. He obtained his undergraduate and PhD from the University of Otago, New Zealand. He completed his housemanship and psychiatry specialisation in Malaysia, obtaining his Masters in Psychological Medicine from Universiti Malaya. His interests are broad and include mood disorders, early psychosis, obesity, sleep and also tobacco control, in particular smoking cessation. Dr Amer leads the Nicotine Addiction Research Group of the University Malaya Centre of Addiction Sciences (UMCAS) - NARCC and his research work is primarily in assisting people to quit smoking. His group has successfully won many research grants locally such as the LRGS, FRGS, UM Grand Challenge, UMRG and UM Matching Grant and external grants for their research work. Through his research, his team developed SCOPE training, one of 4 accredited training programs to become a smoking cessation provider in Malaysia. SCOPE training recently adopted a hybrid model of training (digital and face to face) and is now internationally known. To strengthen quit smoking interventions, his team linked with experts in New Zealand and has translated, validated and piloted a Group Based Smoking Cessation training (GBM). His team also developed PROSCite, a tool to evaluate smoking cessation training and recently launched a mobile app to assist people to quit smoking – Getting Everyone to Quit Smoking (GEMPAQ). Other innovations include developing a machine which smokes to spur basic science research in this area in UM. Dr Amer is also the Malaysia lead for international collaborations in this area namely the International Tobacco Control Study (ITC) which is a research consortium of 26 member countries looking at tobacco control policies globally. Apart from research and teaching, Dr Amer is in a number of technical working groups in tobacco control and smoking cessation for the Malaysia Ministry of Health and World Health Organization Regional Office. He was also part of the Parliamentarian Select Committee in assisting with the Tobacco Control Bill which was passed in December 2023, inceptioned in 2024 and enforced in 2025. His team is also very much involved in the Smoke Free Malaysia agenda playing a key role in the mQuit initiative. His team also developed a student based advocacy program – HEBAT, which aims to train young people to become tobacco control advocates and further supporting and encouraging Malaysia to be a smoke free nation via the Generation End Game (GEG) agenda. Despite his busy schedule, he is still very much active in patient care where he practices in both University Malaya Medical Centre and University Malaya Specialist Center as a psychiatrist apart from his administrative duty as the Director of UMCares, the main central facility in charge of community engagement and sustainability for the whole of the university.

SPEAKER PROFILE

Prof. Dr ALBERT MARTIN Li

Hong Kong

Job Title: Chairman, Department of Paediatrics

Faculty / Department / Division: Faculty of Medicine / Paediatrics

Institution / Organisation: Chinese University of Hong Kong

Biography: Albert Li is Professor of Paediatrics and Chairman of the Department of Paediatrics at the Chinese University of Hong Kong. He received his paediatric and respiratory medicine training at King's College Hospital, Great Ormond Street Hospital, and the Royal Brompton Hospital in London, United Kingdom. His clinical and research expertise lies in paediatric sleep medicine, with a particular focus on childhood sleep-disordered breathing. His primary research interests include the development of point-of-care screening tools for childhood obstructive sleep apnoea (OSA), the cardiovascular consequences of sleep-disordered breathing and inadequate sleep duration in children, and the effects of OSA treatment on cardiovascular health. Professor Li serves on the editorial board of the American Journal of Respiratory and Critical Care Medicine (Blue Journal) and is Associate Editor of Respirology and Frontiers in Paediatric Pulmonology.

The above information is provided by the speaker.
