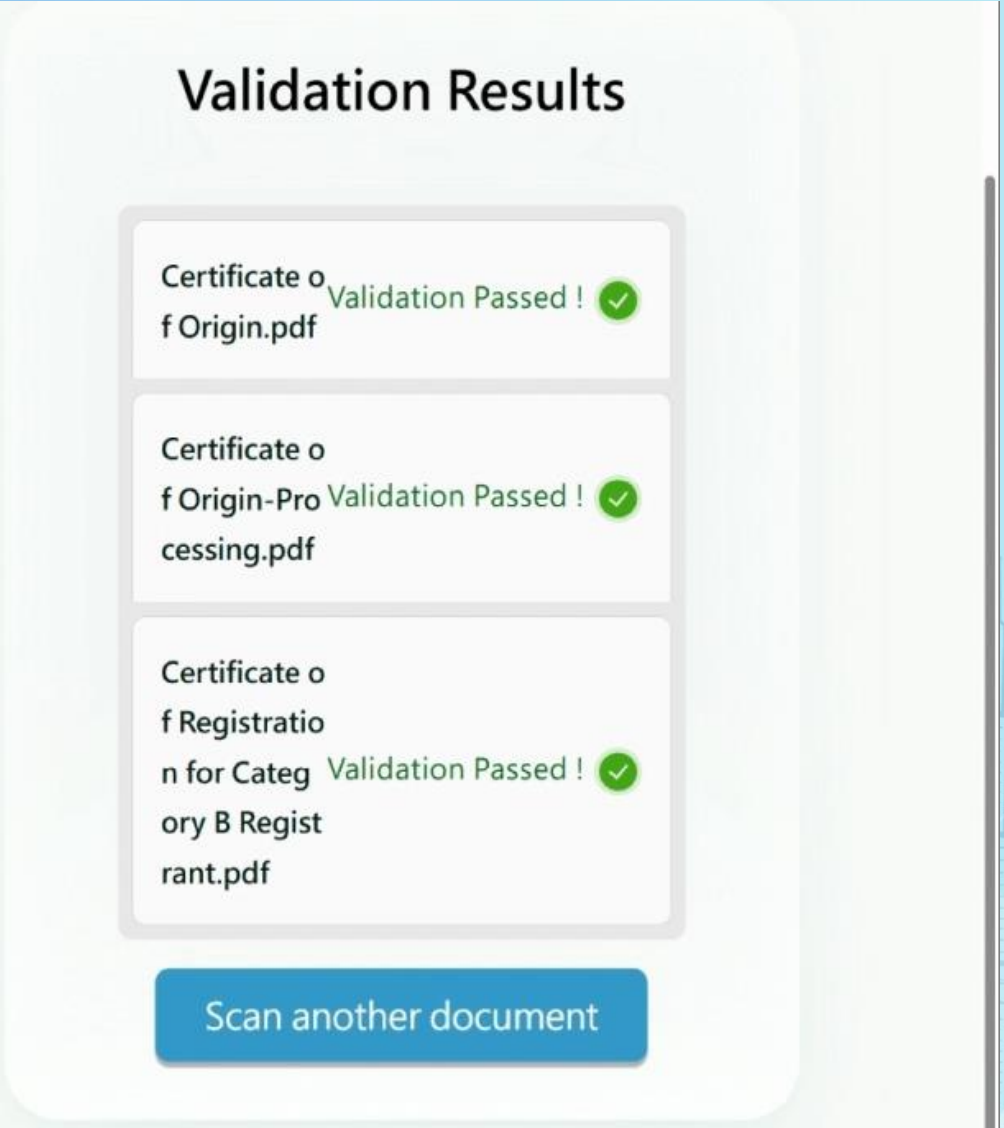
How it works

ASIA/PACIFIC
Regional Customs

ValidAP

To validate Document:

Simply drag and drop the file onto the scanning area.



The Undertaking on Data Protection

Hash is calculated on user's local browser, therefore

Files **WILL NOT BE UPLOADED** to ValidAP

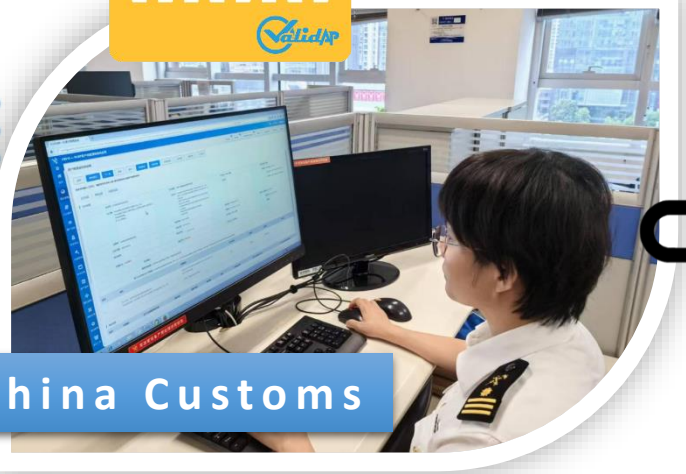
Content of the docs **WILL NOT BE SENT** over the internet

ONLY The Hash and meta data will be stored on chain

META DATA INPUTS ARE OPTIONAL

Trial Run *(9-13 MAY 2025)*

ASIA/PACIFIC
Regional Customs



China Customs

Hong Kong Customs

Thai Customs

Reduction of Tariff

10% → 0%
