FEDERAL AUTHORITY FOR IDENTITY, CITIZENSHIP, CUSTOMS & PORT SECURITY

National Advance Information Center

National Advance Information Center

- Operates under the Federal Authority for Identity, Citizenship, Customs & Port Security.
- Established in 2012 as a federal initiative to collect advance passenger information, with operational launch in 2015.
- In 2016, its mandate expanded to include cargo, with cargo data collection officially launched in 2020.
- Launched the PLACI program in April 2024, focused on collecting pre-loading air cargo data from airlines.

What is Maritime preload cargo information program?

1

Requires submission of Bill of Lading data for containerized cargo prior to loading

2

Enhances risk management, improves data accuracy, facilitates trade flow, and supports regulatory compliance

3

Operates independently from existing Customs filing processes

A photograph of a container yard with rows of stacked shipping containers in orange and blue. In the foreground, a worker wearing a white hard hat, a white shirt, and a high-visibility yellow safety vest is pointing towards the containers. In the background, a red forklift is visible near a blue container. The sky is blue with some white clouds. The text "THANK YOU" is overlaid in the center in a large, white, sans-serif font.

THANK YOU
