DIY Digital Customs:

Scaling No-Code Innovation

WCO

29 Jan 2026

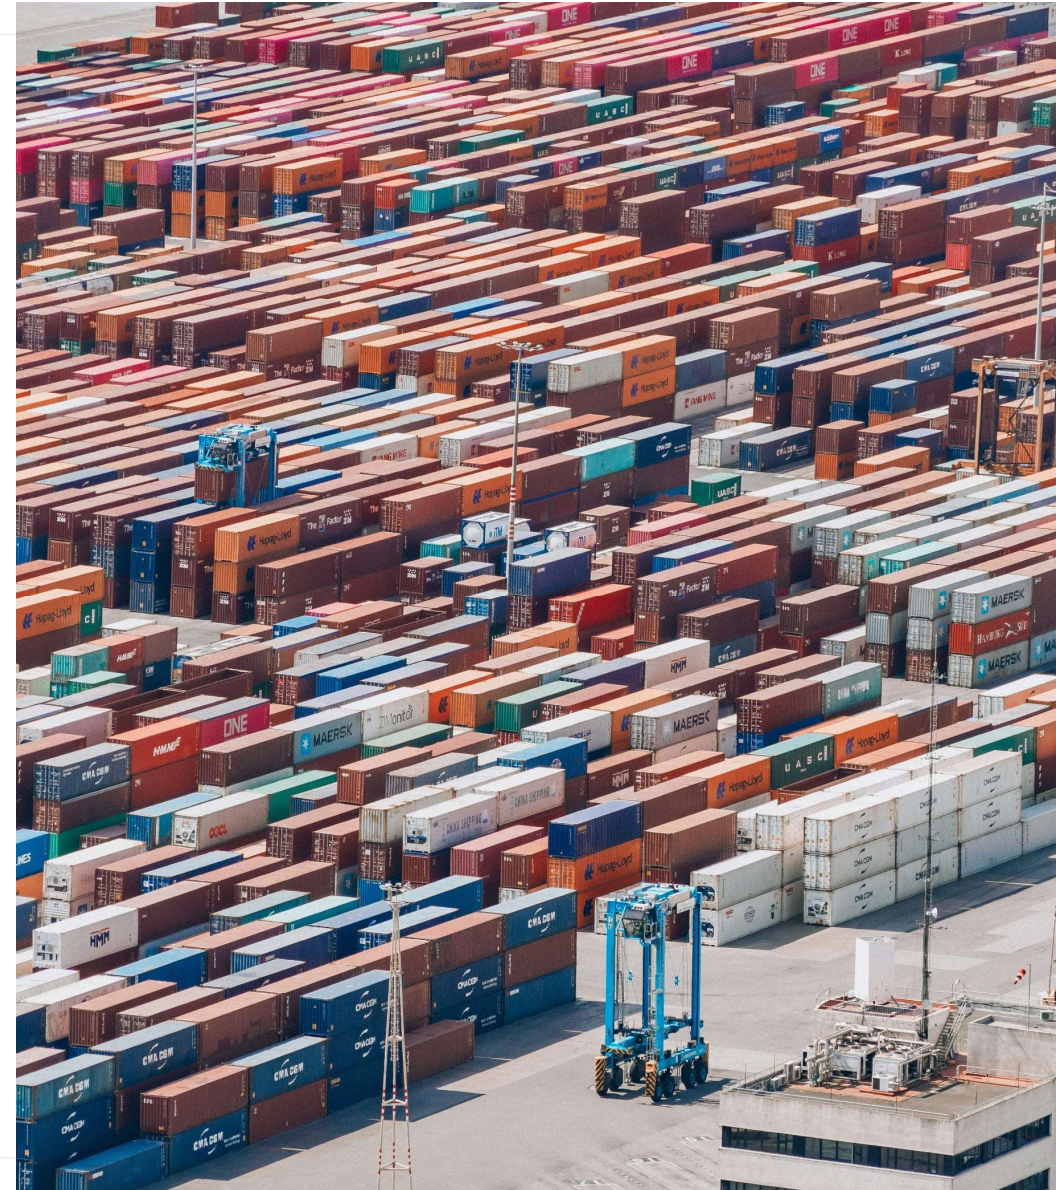

The Reality of Modern Customs Operations

High trade volumes
New fraud patterns
Regulations shifting

Speed
Adaptability
Frontline empowerment

Start with people and cooperation

Platform First, No-Code Where It Counts

No one solution fits all

- Different context
- Need for flexibility

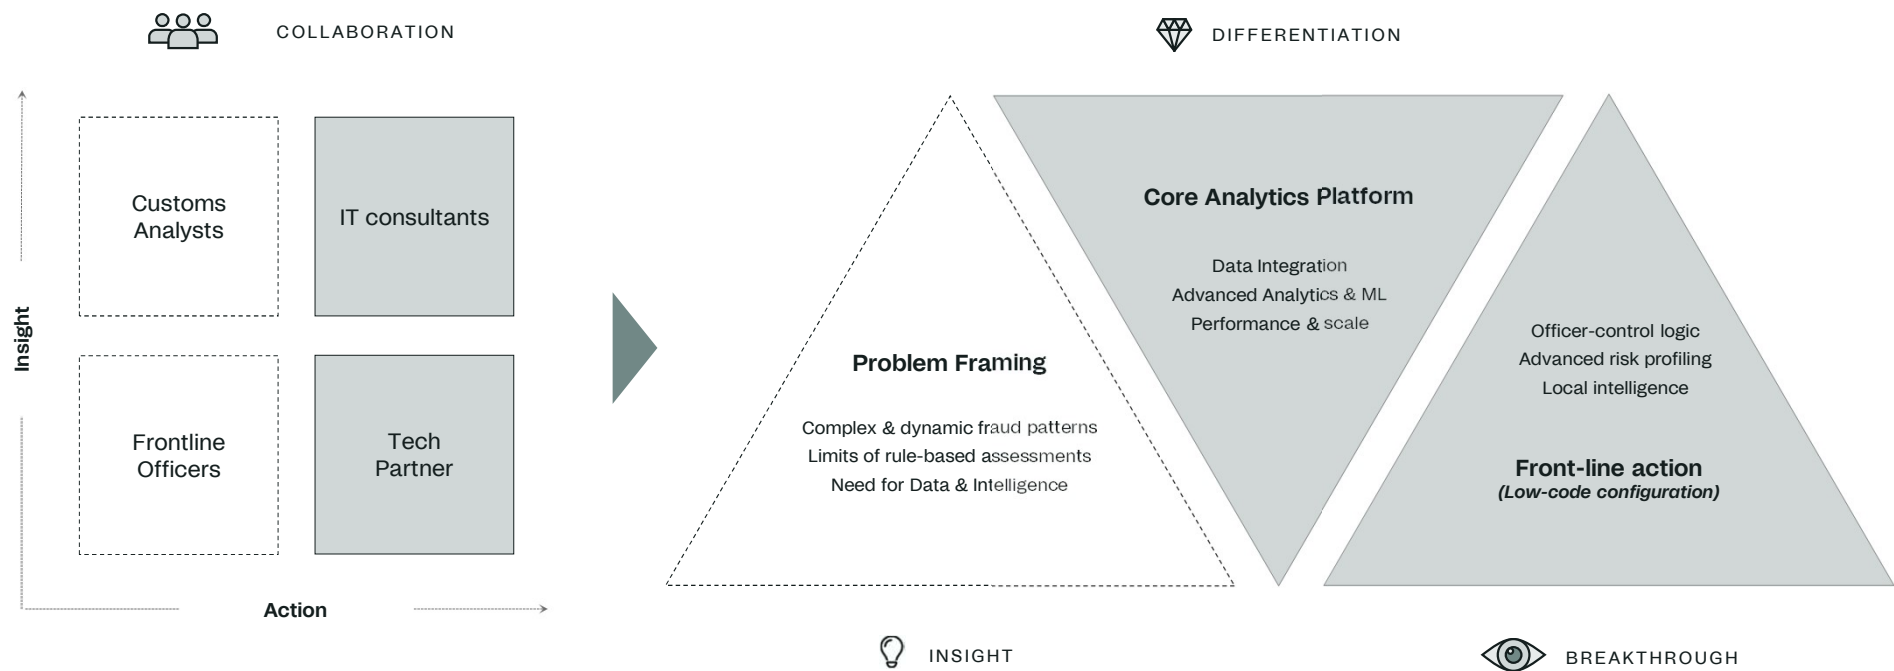

Solid platform foundation

- Data integration
- Security
- Performance
- Analytics

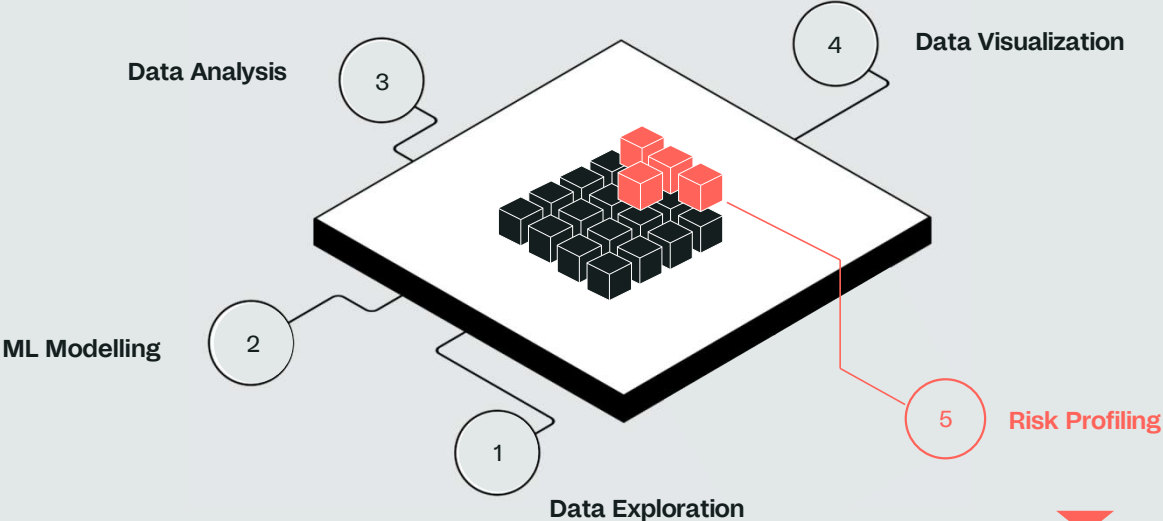

Configurable components of no/low-code

- Configurable components
- Business low-code approach
- Scaling
- Governance

Case Study: Alcohol Transit Fraud

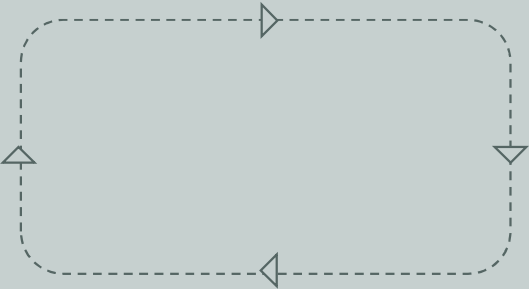

Case Study: Customs Journey

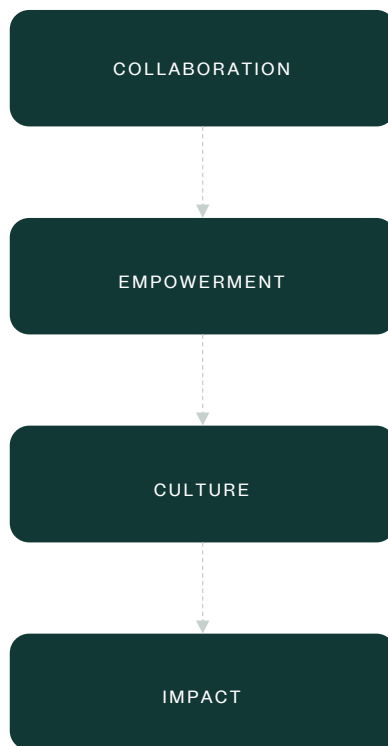

COLLABORATION

THE FRONT LINE

Empowering Officers to Drive Change
