**Professional summary** Dedicated and skilled intensive care physician with 20 years of experience providing state of art critical care services. Leading multidisciplinary teams and achieving superior patient outcomes.

I have clinical experience in multi-professional critical care practice in various speciality ICUs. Patient centric, seamless and multidisciplinary critical care is my core strength. Sharing and building on the quality and excellence models from previous experience.

I initiated critical care services at Max Hospital, Gurugram. I started the first dedicated Onco Critical Care unit At Max Cancer Centre, Saket. I have been part of various working committees at Max Super Speciality - Saket and Gurugram. I have amalgamated best practices with workable solutions from 20 years of my clinical practice. I am a strong believer in team concept with patient centric contextual care.

**Research and Publications** I am on editorial board of many journals of repute in critical care medicine, anesthesiology, infectious diseases and emergency medicine. I have authored more than 50 book chapters and more than 30 original articles.

**Key areas of interest** Resuscitation, Trauma critical care, toxicology, sepsis and infectious diseases

**Languages** Hindi/English/Sindhi/Punjabi/Urdu/Tamil

### **Critical Care Outreach**

I have been part of ISCCM leadership team for about 15 years in various capacities.

I have worked for organizational strengthening and members benefit. Global networking and democratization of knowledge sharing in intensive care have been his core strength. I have worked with various global societies in critical care, emergency and allied societies. I have organized conferences and workshops with other societies like Indian association of medical microbiology, Society of emergency medicine –India, Hospital Infection Society-India, Clinical Infectious Diseases Society & World Trauma Congress.

### **Academic organisations memberships**
