The Audited accounts were projected. Dr Pradip, Dr Ahmed proposed and Dr Prashant seconded passing of accounts and audited accounts for the year 2019-2020 were passed.

## 5. General Secretary's Annual Report

Dr Srinivas Samavedam presented report of General Secretary. He remarked that it is tumultuous and unprecedented year in history of ISCCM that President and General Secretary could not visit Secretariat office during their tenure. The excellent support has been received from Executive Committee, ICCM Board and office staff in executing online running of society for full year.

Dr Srinivas Samavedam - Last time members met each other at Criticare 2020, Hyderabad and are yet to meet each other again. It would have been very good if we were able to meet in Mumbai for a part of this conference, but the fate is not in our control.

### Membership

Society continues to grow. Membership trends are much better if observed over last 3 years despite the fact that we are affected by pandemic and have not been able to reach members as effective as we thought to be.

Delhi NCR, Faridabad and Bangalore branches have done exceedingly well for membership. The average membership is satisfactory from point of view of society.

### EC meetings

We have accepted meetings electronically and virtual EC meetings have become norm. All 4 EC meetings were online, well attended and fruitful. We have laid down sops for online EC meetings. In spite of online meetings, almost 100% attendance was recorded in meetings reflecting commitment of members.

### Election results for 2021-23

As new normal, online nominations were invited for post of 1 President-Elect, 1 Vice President, 1 General Secretary – Elect, 1 Treasurer 1 Zonal Member North Zone, 1 Zonal Member East Zone, 1 Zonal Member South Zone and 1 Zonal Member West Zone.

Dr Srinivas Samavedam informed the election results.

As matter of pride and ethos for society, the following members were elected unopposed:

**President Elect:** Dr Rajesh Chandra Mishra, Ahmedabad

**Vice President:** Dr Srinivas Samavedam, Hyderabad

**General Secretary-Elect:** Dr Rajesh Pande, New Delhi

**Treasurer:** Dr Bharat Jagiasi, Navi Mumbai

**Zonal Member North Zone:** Dr Suneel Garg, New Delhi

**Zonal Member East Zone:** Dr Ahsan Ahmed, Kolkata

**Zonal Member South Zone:** Dr Mohan Maharaj, Visakhapatnam

Elections were therefore held for 1 post of Zonal Member West Zone. The following contestant was declared elected:-

**Zonal Member West Zone:** Dr Gunjan Chanchalani, Mumbai

Dr Sinivas Samavedam welcomed elected members to next Executive Committee and wished them all the best for their term.

Dr Sinivas Samavedam informed names of EC members - Dr Sheila Nainan Myatra, Dr Rahul Pandit, Dr Khusrav Bajan, Dr Suresh Ramasubban and Dr Raymond Savio who were completing their term. He appreciated their contributions and efforts during their tenure and gave them best wishes for future.

### **Indian Journal of Critical Care Medicine (IJCCM)**

IJCCM has charted new frontiers despite difficult year of publication, communication, review and editorial submissions. IJCCM has entered 25th year of publication under able guidance of Dr Atul Kulkarni. The journal is ORCID compliant and most of authors and reviewers are ORCID registered individuals. IJCCM has made CTRI registration mandatory for prospective studies.

It is compliant with directory of open access journals. It is step in right direction for making higher impact value.

The membership of committee of publication ethics in process. Hopefully in this year this milestone will be achieved.

Indexing in Medline is in process. This will further add to impact value.

It is timely publication and we are now able to generate IJCCM publication in same month within first 3 weeks

Last year 1650 articles were submitted and less than fifth 307 were accepted reflecting rigorous review process and scrutiny process of IJCCM.

IJCCM brought several good supplements in last year. Conference abstracts were published for first time with all abstracts having their own DOI.

Special guidelines issue was brought out with 4 Guidelines/Position statements of ISCCM

IJCCM also published ISCCM Guidelines and 2 Position Statements for management of COVID-19 patients under banner of Advancing frontiers in Critical Care.

Dr Srinivas Samavedam appreciated all authors and editors of IJCCM – a landmark publication of ISCCM.

## **Publications**

Critical Care Update 2021 book is coming up. It is ready for release in around month.

ISCCM Textbook of Critical Care Medicine with dedicated section on covid is making progress. We hope to release it during Ahmedabad Criticare 2022 conference

## **Guidelines**

Several guidelines were published and we have brought out various position statements. Surviving sepsis guidelines covid recommendations were also endorsed.

The Guidelines Committee has envisaged generation of several guidelines.

## **Website**

Communication Committee has spent relentless hours in making website more effective. With support of Mr Ninad Tayade and other office staff, the website has new look and it is more user friendly based on feedback received. It is means of communication with members during period of lack of physical meetings.

## **Research committee**

It has been in forefront of holding ethos and principles of ISCCM. Their first point was to prepare vision statement. The types of support from ISCCM has been categorized. SOPs for research submission have been created. An independent central ethics committee has been constituted under ISCCM. We have created opportunities to train members in Research Methodology.

Dr Srinivas Samavedam congratulated Dr J V Peter and his team for coming out with vision statement. 2 research grants have been released.

Mid-career research training and opportunities have been created on recommendation of Research Committee. We have floated ISCCM scholarship for mid-career research training. 1 national and 1 international grant will be given. Rs 5 lacs is maximum for national and Rs 10 lacs is maximum for international program.

ISCCM Grant for in training research has been proposed for giving grant to trainees of IFCCM, DNB and DM. 4 such grants will be given for Rs 2.5 lacs for each recipient.

Constitution of an independent central ethics committee (ICEC) under ISCCM is crowning achievement of Dr Dhruva Chaudhry, President which he was able to do under Chairmanship of Dr Mradul Daga. Hope the committee will start functioning soon.

### **Partnership with other professional bodies.**

We have entered in fruitful partnership with IMA. Taken message of covid care including Mechanical Ventilation in hinterland of country ably supported by 2 Past Presidents - Dr Narendra Rungta and Dr Kapil Zirpe supported by our senior member Dr Banambar Ray. Sessions were well received and have received appreciation of IMA.

We have also entered in fruitful partnership of Indian Society of Organ Transplantation as well as Society of Cardiac and lung transplant surgeons of India. They have put ISCCM President as coopted member in their Executive Committee. With these professional associations, ISCCM footprint continues its map in India which was started by previous committees.

We conducted close to 48 webinars on covid through IMA and attendance is 45 to 100. These webinars set tone for country to start battle as Dr Yatin Mehta presented as successful fight against enemy.

### **Medvarsity Covid Sessions**

We entered in fruitful partnership with Medvarsity to do covid sessions. Some were live sessions where we demonstrated Mechanical ventilation, Proning and techniques which subsequently became indispensable in management of covid. We have done 14 such sessions with Medvarsity and has drawn praise from Dr Sangita Reddy.

### **New Courses**

Several new courses have been mooted and started. It is testament of commitment to training as basic ethos of society.

### **Social media**

Communication committee has been dynamic group of members who worked relentlessly to take message of ISCCM across country and beyond. He informed social media activities. Facebook live session is done once in 2 months. It has not only increased visibility but also acceptance as main line critical care society in country. He Informed about various social media likes and followers. Distribution of books and educational material is also helped by social media.

### **E Criticare**

To test resolve how well we are attached to academic programs a E Criticare was planned in November under pilot presence of Dr Deepak Govil. We had 3000 plus registrations. It was well received program. The feedback spurred to do virtual Criticare witnessed currently.

### **STEP Program**

One of success story of this year is STEP program. Dr Dhruva Chaudhry, President and Chancellor, Dr Sheila Nainan Myatra, Vice Chancellor, Dr Manish Munjal College Secretary and Dr Deepak Govil, President-Elect have designed execution and monitoring of biweekly program which is accessible through academy. We have been able to do 54 unbroken sessions. The average attendance is 308 per session.

### **Academy**

It is highlight of society. It is privilege only for members. It is our commitment to continued medical education of members and students.

### **ISB Program**

With initiative of President Dr Dhruva Chaudhry a program for acquisition of communication and management skills of leadership of ISCCM was mooted at beginning of term but it could not take off due to pandemic and lack of mobility last year. 50% discount for members has been discussed with ISB. We hope that incoming Executive Committee and Dr Arindam Kar will take this forward for logical conclusion in coming year.

### **Podcasts**

Dr Kapil Borawake and Dr Jose Chacko tied up to do podcast at regular frequency. Dr Srinivas Samavedam projected exhaustive list of podcasts conducted. He informed that these are well accepted.

### **ISCCM Day**

It was envisaged with critical care at frontline with patient advocacy as theme. Dr Srinivas Samavedam informed about how ISCCM day was celebrated. The Video release has been widely viewed on Facebook. Poster competition was conducted. The highlight of this year ISCCM day was release of postal cover - an initiative of Dr Dhruva Chaudhry well supported by Dr Pradeep Rangappa. It is moment of pride for society that ISCCM features on postal cover.

### **Benevolent fund**

Dr Anirban Hom Choudhuri mooted proposal for benevolent fund. Proposals were discussed. A survey was done. Legal and CA opinion for how to make functional and financially viable is awaited. We hope to take to logical conclusion during tenure of next EC.

## **CRITICARE 2021**

Struggled to understand for how to do annual conference in initial days. We tried hybrid conference but things unfolded it to be not a physical conference. With heavy heart it was decided to hold virtual conference. We have a total of 7400 registrations for congress. 187 members for ultrasound workshop and 1,000 plus members for Mechanical Ventilation workshop and more than 700 in Hemodynamic Monitoring and Renal Replacement Therapy & ECMO with 300 in Skill development workshop reflects acceptance credibility and training potential which ISCCM offers.

## **Bank Accounts**

Dr Srinivas Samavedam projected details of bank accounts and balances.

## **Budget (April 2020 – March 2021)**

Dr Srinivas Samavedam projected major expenses. As per budget, we are likely to spend Rs 1,89,86,182 with major expenses on college, education and research which are prime motive of society. The estimated income is Rs 3,03,49,790 mainly from conference and college. The estimated surplus is Rs 1,13,73,608.

## **Our Partners**

The conference would not have been possible without our partners. Dr Srinivas Samavedam acknowledged contribution of Platinum sponsors, Gold sponsors and session sponsors who supported ISCCM in hour of crisis for conducting conference successfully.

Dr Srinivas Samavedam thanked members for giving him opportunity to serve as General Secretary. It was a good learning experience to work under guidance of Dr Dhruva Chaudhry, Dr Deepak Govil and Dr Subhal Dixit.

He appreciated Dr Subhal Dixit. He is epitome of ISCCM. He progressed to well-known personality in critical care becoming President. He congratulated Dr Subhal Dixit for excellent tenure in Executive Committee.

Dr Dhruva Chaudhry praised Dr Subhal Dixit for his organizing and leadership qualities.

Dr Subhal Dixit thanked Dr Srinivas Samavedam for kind words. He thanked Dr Dhruva Chaudhry, Dr Deepak Govil, Executive Committee members, ICCM board members and all for their support, love and affection. He gave best wishes to all.

Dr Dhruva Chaudhry thanked Meetings and More team for providing unhindered support.

Dr Dhruva Chaudhry - we have now come up with new subgroup Innovation. We are going for patient safety and advocacy group also. The Prime Minister technical force under Director General of CSIR nominated President of ISCCM as member of and he had privilege of that which is big recognition by Government of India. In coming times, ISCCM will go higher and higher. People are looking to what Critical Care has done in social, medical and ethical part in epidemic.

Dr Srinivas Samavedam remarked that he hoped that he met the expectations and will continue to serve ISCCM in future Dr Srinivas Samavedam thanked all members and concluded presentation of General Secretary's annual report.

## **6. The annual report of Indian College of Critical Care Medicine**

It was informed that report has been already presented at convocation and college board Dr Dhruva Chaudhry - courses which could not be started will be started this year. STEP attendance of 60% has been made mandatory. College is thinking in growing further specialities. He appreciated and complemented Dr Deepak Govil, Dr Sheila Nainan Myatra, Dr Manish Munjal and Dr Babu Abraham for doing excellent job for conducting exams. In one to two years the college will reach greater and greater heights.

## **7. To discuss about the Constitution amendments**

Dr Srinivas Samavedam – proposed constitution amendments have been informed to all members. He informed that proposed constitution amendments pertained to provisions regarding eligibility to contest for post of President, Hierarchy for meetings. The guidelines for city branch elections have been also proposed. It has been proposed that One society One election norm will be in force and it is aimed to achieved by year 2023.

The members were informed to post their concerns or issues if any for constitution amendments on question and answer chat box. No concerns or issues were received from members.

The proposed constitution amendments were taken as accepted. The constitution amendments were proposed by Dr Rajesh Pande and seconded by Dr Susruta Bandyopadhyay and passed.

## **8. Distribution of prizes and awards**

Dr Dhruva Chaudhry – after discussion with Dr Deepak Govil and Dr Sheila Nainan Myatra in ICCM Board it has been decided to honour all residents working – CTCCM, IDCCM, IFCCM and IDCCN nurses. Their work will be recognised. They will be given certificate from ICCM with seal and sign of Chancellor, Vice Chancellor and College Secretary.

Dr Dhruva Chaudhry – some individuals have risen bar in critical care. They are part of policy making and have been part of task forces at national level, state level, institutional level and have redefined care of covid in their respective zones. He remarked that it is time to appreciate their work. He requested Dr Srinivas Samavedam to inform names of these individuals after Presidential citation awards. He informed members that the list was not complete and if any names were missed then the members could without any hesitance email the names to any of the office bearers.

Mr Nilay Jani handles ISCCM elections, exams, research, program, app and website. He is unseen face of website and communications app. Dr Srinivas Samavedam appreciated Mr Nilay Jani.

Meetings and More team – Mr Girish Kwatra, Mr Zia Ahmed and Mr Shekhar Singh silently show their efficiency. We are extremely happy to be associated with them.

ISCCM entered in association with Institute of Medicine and law. They have helped in hour of crisis - how to do in covid? A certificate of appreciation was given to them.

### **Special award to esteemed members of ISCCM.**

The following special awards were given:

Prof Ashish Bhalla, PGIMER Chandigarh. He is nodal officer at PGI, Chandigarh and helping government of Punjab. He has done exceptional work and had more than 2,000 ICU admissions.

Dr Dhruva Chaudhry thanked him for working like leader in corona pandemic.

Prof Anjan Tirkha, Nodal officer- national task force. Dr Dhruva Chaudhry acknowledged his guidance and efforts.

**Dr Yatin Mehta** – was appreciated as one of pioneer pillar.

**Dr Kapil Zirpe** - Task force Pune

**Dr Pradeep Rangappa** - task force Karnataka

**Dr Anoop Kumar A S** – he is part of state task force, Kerala.

**Prof G C Khilnani** - has been part of Delhi task force.

**Dr Rahul Pandit** - state task force Maharashtra

Dr Tushar Patel is member of Gujarat state task force.

Dr Dhruva Chaudhry also thanked **Dr Atul Patel**, Infectious Diseases consultant who has been looking after Gujarat state.

Dr Dhruva Chaudhry remarked that in Haryana – **Dr Prashant Kumar, Dr Pavan** and **Dr Manjunath** have done remarkable work and appreciated them. Whatever he could achieve was due to them. Haryana has done well because of them.

Dr Dhruva Chaudhry – we wish to acknowledge all. He requested Dr Deepak Govil and Dr Rajesh Chandra Mishra for putting contributions in corona in next Critical Care Communications and website which will give encouragement. The peer recognition is ultimate.

### **Office staff**

During peak of pandemic there were lockdown, restrictions on travel but entire team spared no effort in ensuring communication, activities and responsibility of office is conducted without break from 1st March 2020 till today. Dr Srinivas Samavedam appreciated all office staff.

Ms Supriya Kamble handles all membership work and queries without hint of irritation or anger. Dr Srinivas Samavedam – appreciated her work and gave best wishes.

Ms Shabana Sayyed handles college work with smiling face. Dr Srinivas Samavedam gave best wishes to her.

Mr Ninad Tayade does things without noise and also makes himself at late hours also. Dr Srinivas Samavedam gave best wishes to him and Dr Dhruva Chaudhry also praised him.

Ms Prajakta Suryawanshi - She made possible and heralded industry meetings. She ensured that things were done on time and program runs well. Dr Srinivas Samavedam – we are happy to have you as coordinator and gave best wishes to her. Dr Dhruva Chaudhry- much more responsibility has been given to you and expected.

The distribution of prizes and awards concluded.

## **9. To discuss letters and correspondence**

Dr Srinivas Samavedam - we have received only one email from Dr Das. He wants dos and don'ts for branches. He believes that some branches are taking things casually.

Dr Srinivas Samavedam - as federal structure of society, we would like branch to take their own decisions and work independently. We will try to put dos and donts. He hoped that Dr Arindam Kar, Dr Deepak Govil and Dr Rajesh Chandra Mishra will work on it but the center will be not keen in interfering day to day activities of branch.

Dr Dhruva Chaudhry - branches could do but have to follow constitution of ISCCM. He requested to not to bring issues to central body and try to solve them at own level.

## **10. Presentation of the report of the Organising Secretary for 28th Annual conference – Criticare 2022**

Dr Srinivas Samavedam invited Dr Arindam Kar, Organising Secretary, 28th annual congress to present report of Criticare 2022, Ahmedabad.

Dr Arindam Kar presented report of Criticare 2022. Hopefully we will rise and shine. Dr Arindam Kar thanked Dr Dhruva Chaudhry, Dr Deepak Govil, Dr Srinivas Samavedam and Dr Subhal Dixit. He hoped that we will be back in physical format in next year conference.

The theme New Normal, New frontiers, New direction has been chosen. Dr Arindam Kar informed about core committee which is headed by Dr Deepak Govil, Organising Chairman. Dr Arindam Kar – Criticare 2021 could not be done in Ahmedabad so Criticare 2022 will be in Ahmedabad - vibrant city of Gujarat. The conference would happen in one of biggest convention centre Mahatma Mandir Convention and Exhibition centre. It has 5 star hotel and houses 3000 accommodation as well as railway station is integrated in convention centre itself to ease transportation issues.

The convention centre construction will be completed much ahead of time before conference happens. Dr Arindam Kar projected beautiful real time pictures of venue and short video of convention centre was also played.

Scientific and academic content - there would be lot of new formats, newer topics and directions in coming decade and new things instilled. We wish to introduce research opportunity.

Lot of digital options as well as communication will be touched upon. We will go down with prices of registration to encourage more and more registration. We have drastically reduced fees for members in training as well as reduced registration fees for delegates from SAARC countries. As per decision of Dr Deepak Govil and Dr rajesh Chandra Mishra fees for international delegates have been reduced.

There will be 12 workshops. Some newer workshops will be added. First time dividing ventilation workshop in basic and advanced format. The workshop prices have been rationalised and kept low. These would be valid in March and good opportunity for those wishing to register in early bird situation.

First time it is decided that there will 4 workshops completely free for ISCCM full time members who have enrolled for conference. These workshops are Critical Communication, Research Methodology, Train the teachers, Examiners and instructors conducted by college and Safety, Quality, Accreditation and Prevention of errors.

The major hall has capacity of 5,000. It is ambitious project for ISCCM when a meeting is being held after gap of one year.

There are 6 different conference halls and 3 exhibition areas which are huge. It can host more than 250 exhibitors.

We would come with lot of digital presence through mobile app, digital corners, standees, social media and will try to reach maximum number of people. The entertainment will be back in full swing.

We would be careful on logistics, safety, accommodation and all aspects. The venue has robust check for checking communicable diseases. The travelling will not be difficult for delegates.

Dr Arindam Kar informed about places of tourist interest. He remarked - Lets all rise and shine. Leave behind pandemic and come together in 2022. He requested Dr Deepak Govil to address members.

Dr Deepak Govil – he was sure that Dr Rajesh Chandra Mishra and Dr Arindam Kar will put robust scientific program. There would be good social and cultural events also. See you at Ahmedabad next year. Criticare 2022 will be discussed more in tomorrow`s valedictory function.

Dr Srinivas Samavedam – it is an excellent concept and vision. He gave best wishes to Dr Arindam Kar.

The presentation of report of Criticare 2022 concluded.

## **11. Installation of President**

Dr Srinivas Samavedam requested Dr Dhruva Chaudhry to install new president – Dr Deepak Govil. Dr Dhruva Chaudhry and Dr Deepak Govil released Critical Care update 2021 book. Members applauded.

Dr Dhruva Chaudhry garlanded Dr Deepak Govil and also honoured him with a shawl. Members congratulated Dr Deepak Govil.

Dr Deepak Govil thanked all members, all Executive Committee members and seniors for supporting him to reach this level.

The occasion was celebrated by cutting a cake.

Dr Deepak Govil - it would have been better if the ceremony could have been done in presence of all. He missed incoming and outgoing Executive Committee.

The President medallion with name of new President Dr Deepak Govil was projected.

The names of all members of new Executive Committee 2021-22 were informed.

Dr Deepak Govil welcomed new team and place gratitude to outgoing team and Dr Dhruva Chaudhry whose trust in him was always there. He remarked that he would like to take his vision to newer heights. Dr Subhal Dixit will be always there to guide. He requested all members to give their valuable suggestions which will be tried to take forward. The members could reach office bearers anytime. His motto is Sabka saath and ISCCM ka vikas. He urged members to Join for to taking ISCCM to new heights.

Dr Deepak Govil thanked members and concluded his address.

Dr Subhal Dixit and Dr Srinivas Samavedam gave their best wishes to Dr Deepak Govil.

Dr Deepak Govil - we felicitate outgoing President in valedictory function. But since Dr Dhruva Chaudhry was present there he would like to take opportunity to felicitate him. The rest of team will be felicitated tomorrow.

Dr Deepak Govil felicitated Dr Dhruva Chaudhry. Members applauded felicitation.

## **12. Any other matter with the permission of the chair**

Dr Srinivas Samavedam informed members that any other issues which anyone would like to raise with permission of chair may raise issues.

No issue was raised.

With no business remaining, Dr Srinivas Samavedam hoped to meet members in Ahmedabad for next Annual General meeting. He communicated members to take care, stay safe, thanked them, and gave best wishes.

Dr Srinivas Samavedam declared the meeting as closed.

**Dr Dhruva Chaudhry**  
President, ISCCM

**Dr Srinivas Samavedam**  
General Secretary, ISCCM

The Executive Committee of ISCCM takes great pleasure in presenting the 28th Annual Report of the ISCCM.

## CRITICARE 2021

In view of Covid pandemic, it was tried for Criticare 2021 to be hybrid conference. But things unfolded it to be not a physical conference. With heavy heart it was decided to hold virtual conference – Criticare 2021 for first time in the history of ISCCM.

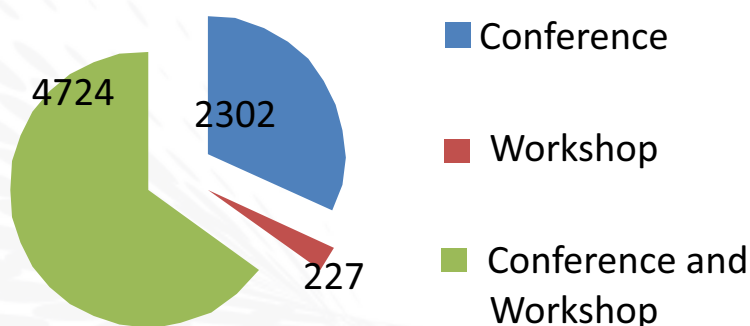

The CRITICARE 2021, 27th Annual Conference with pre- conference workshops was held from 24th February 2021 to 28th February 2021 virtually.

The scientific program was very planned by the scientific committee to offer the deeper academic content for management of critically ill. The workshops and conference were appreciated by the attendees.

We had around a total of 7250 registrations for congress. 1,086 registrations for Echo and USG workshop and 1,000 plus members for Mechanical Ventilation workshop and more than 700 registrations in Hemodynamic Monitoring and Renal Replacement Therapy & ECMO with around 300 in Soft Skill and Personal development workshop which reflects acceptance credibility and training potential ISCCM offers.

## Alumni Meet for Students & Teachers

It is the first time after its establishment that the Indian College of Critical Care Medicine Conducted the Alumni Meet at **Mumbai** on the **19th of December 2021**. The entire program was conducted under the Leadership of Dr Deepak Govil (Chancellor), Dr Pradip Kumar Bhattacharya (Vice-Chancellor) and Dr Ramesh Venkatraman (College Secretary).

The program started with Felicitation of Past Teachers, Vice-Chancellors, Chancellors, Secretaries and the students from Batch IDCCM. Following this, everyone shared their memories and discussed future growth. A few presentations were also given for motivation, development and future progress of the College. The program finally ended with a Vote of Thanks from Vice-Chancellor Dr Pradip Kumar Bhattacharya.

## Examiners Conclave:

Indian College of Critical Care Medicine conducted its first Examiner's conclave on **November 19, 2021**. The purpose of this conclave is to get examiner's together, discuss and identify areas which can be improved in our current exit examination process. A total of 62 examiners from all around the country participated in this one day conclave held at Mumbai. The current examination process for ISCCM courses including CTCCM, IDCCM and IFCCM were discussed and inputs were obtained from the attendees on areas with lacunae in the current process and methods to improve. Ideas to augment Competency based assessment of all candidates and enhancing uniformity in evaluation explored. 360 degree evaluation as a way of assessing the attitude, professionalism and communication skills was a key suggestion. The need to obtain robust feedback from the exam candidates and taking this feedback to the respective institutions and teachers highlighted. Core ideas from this meeting were then discussed in the college board meeting on November 20th and plans laid out to go forward with important suggestions that were realistic and doable.

# ISCCM DAY CELEBRATIONS

## 9TH OCTOBER 2021

The ISCCM celebrated its 28th foundation day- "ISCCM Day" on the 9th of October 2021 at New Delhi with the theme: The ISCCM leads the fight against COVID.

The program covered a host of exciting activities – Drawing / Photography / E-Poster / Extempore elocution competition. Approx. 300 members attended the physical program.

A press conference was organized to highlight the academic activities organized to spread awareness on the advances in the management of COVID by involving national and international experts and also about the COVID related guidelines published in the society's journal. The purpose and objectives of the Research Conclave was discussed.

The ISCCM leadership and organizing secretary of the ISCCM day represented the Society.

Lamp Lighting : Dr Rajesh Chandra Mishra (President-Elect), Dr Rajesh Pande (General Secretary—Elect) , Dr Subhal Dixit (Past President), Dr Atul Kulkarni (Past President), Dr Deepak Govil (President), Dr Ram Rajagopalan(Past President, Dr Ashit Bhagwati (Past President) – From left to right

# ISCCM SALUTES COVID WARRIORS

**Family of Dr. Vivek Arora  
(Ghaziabad)**

ISCCM appreciates, acknowledge & provide humble support to family of 7 deceased members, who sacrificed their lives while serving during covid crisis.

**Family Dr. Kshitij Bhatnagar  
(Jabalpur)**

**Family of Dr. Pankaj Shah  
(Ahmedabad)**

**Family of Dr. Mayank Maheshwari  
(Mathura)**

**Family of Dr. Digvijay Shinde  
(Aurangabad)**

**The Families of  
Dr. Gangaram Anand(Gorakhpur)  
&  
Dr. Munnalal Shakya(Agra)  
could not make it to the event.  
They were also honoured**

The program started with an interfaith prayer, followed by lamp-lighting and the inaugural address by the President. A 1-minute silence was observed and a Memorial service conducted in the memory of members who lost their lives fighting the COVID pandemic. The families were honoured with a certificate, silver plaque, and financial assistance, as a mark of gratitude.

The winners of the various events were announced, their work displayed and cash prizes were awarded.

A video was presented with messages on the fraternity's resolve and commitment in fighting the COVID menace. Dr. Rajesh Mishra, presented an overview of various COVID and non-COVID related academic events organized during the pandemic.

Dr. Deepak Govil and Dr. Arindam Kar inaugurated the **ISCCM Telegram Channel** as well as the **ISCCM Connect**. A live demonstration of ISCCM Connect was presented.

Thereafter, Dr. Rajesh Mishra presented a Curtain Raiser to Criticare 2022- Ahmedabad, with information about the venue, workshops and other scientific activities planned. There will be around 300 lectures across 20 formats and 14 work-shops/ skill stations. There will be more interactive sessions as opposed to monologue type lectures.

The inaugural session ended by a vote of thanks by Dr. Rajesh Pande and Dr. Arindam Kar.

The first Research Conclave was held in the august presence of the ISCCM leadership and chaired by the chairman Scientific Committee, Dr. JV Peter.

The objective was to increase research collaborations and output that is relevant to India in the field of critical care. The idea was to brainstorm on the areas that would eventually emerge as research priorities. Dr. JV Peter presented the work done and the research opportunities that has been created, so far. He also presented the vision to expand research and take it to the next level. The floor was open to all participants to present their views about the type of research and the anticipated bottlenecks. A frank discussion was held, and many ideas were presented and collated.

The two-day Research Conclave created a good platform to launch new research ideas and it is hoped that this initiative would gain momentum with further discussions at Criticare-2022 and beyond.

## 1 - Evaluation of Donor Medical Suitability

The webinar series will focus on the process of organ donation, specifically in the end-of-life care of donors in order to facilitate organ donation for transplantation. Participants will learn about the skills related to donor evaluation, diagnosis of death, donor management, as well as how to approach families and communicate bad news regarding the diagnosis of brain death and organ donation, and the process of donation after circulatory definition of death (DCD).

### Presentation 1: Learning Objectives

- o How donor evaluations should be conducted
- o Risk Assessment of the donor
- o Organ Evaluation of the Transplant

## 2 - Management of the Brain-dead Donor

The webinar series will focus on the process of organ donation, specifically in the end-of-life care of donors in order to facilitate organ donation for transplantation.

This presentation will detail an approach of a donation team when a potential donor is present in ICU. It also explains the pathophysiology anticipated in a brain dead donor and methods to stabilise until donation of the suitable organs.

### Presentation 2: Learning Objectives

- o Overview of approach of a potential donor in intensive care unit
- o Pathophysiology and medications used in a brain dead donor

### 3 - Identification and Referral of Possible Organ Donors

The identification of organ and tissue donors is an essential step in organ transplant activity. The identification of donors is one of the main causes of failure in the donation process. To identify donors, it is necessary to know the profile of potential donors and also to set up the necessary means to detect the units and hospital services where potential donors will be managed. Transplant coordination teams are at the forefront of all the work involved in donor selection. Building partnerships with key professionals in the hospital is essential to ensure a smooth process. The group will discuss the current pathway for organ donation, intensive care to facilitate organ donation (ICOD) practices, a new approach to consider in patients to whom treatment for organ donation purposes is being used, and who are considered possible organ donors, with the role of offering donation outside the ICU.

#### Learning Objectives

- To identify the different types of donors and the role of healthcare professionals involved in the activity.
- To increase the detection of a larger number of donors.
- To verify consent methodology. A discussion on the healthcare professionals.
- To increase the detection of possible donors outside the ICU implementing ICOD practices.

### 5 - How to Approach Families of Possible Organ Donors

One of the most important obstacles to improving organ donation and transplantation is the deceased family's refusal for organ donation. Breaking the bad news to a family about their loved one's death and, worse than that, asking them for organ donation consent is a very important topic that is not a science and requires professionals to be trained about it.

#### Learning Objectives

- Reviewing the role of different factors involved in raising the brain death family's consent rate.
- Learning how the correct method of deceased family's interview could become teachable.
- 15 key points in increasing the success rate of coordinators in taking deceased family's consent.

### 6 - Donation after the Determination of Death by Circulatory Criteria (DCD Controlled and Uncontrolled)

#### Learning Objectives

- To show the differences between the rapid recovery technique and normothermic regional perfusion (NRP) in controlled DCD.
- To combine lung recovery with abdominal NRP in controlled DCD.
- How to implement an uncontrolled DCD program.

## CONTAIN COVID : FLYERS

**CONTAIN COVID: AN ISCCM INITIATIVE**

**Speak with your MASK ON**

Wearing a mask is the best way to prevent the spread of COVID-19. It helps to reduce the risk of infection by blocking the virus from entering your mouth and nose.

**Don't Eat or Drink in CROWD**

Avoiding crowded places and eating or drinking in public areas can help reduce the risk of infection.

**WEAR MASK Properly**

Wearing a mask properly is essential to ensure it is effective. It should cover your mouth and nose and be secured behind your head or ears.

**Keep 6 feet distance, Safety Isntant**

Maintaining a safe distance from others can help reduce the risk of infection.

**Sneeze or Cough, keep the arms up.**

Coughing or sneezing into your elbow can help reduce the risk of infection.

**Avoid shaking hands, greet with folded hands.**

Avoiding handshakes and using alternative greetings can help reduce the risk of infection.

**WHAT TO DO if you are Covid +ve**

- Don't Panic
- Monitor temperature
- Monitor SpO2, Saturation and other vital signs
- For decrease SpO2, consult your doctor
- Use only 100% Pure Oxygen
- In most patients, O2, CPAP are enough
- Need tests
- Don't forget IT Scan
- Relax the patients regularly
- Take care and enough fluids

# CREDENTIALS COMMITTEE

**Dr Kapil Zirpe**  
Chairman

**Dr Ramesh Venkatraman**  
Non Voting Exofficio Coordinator

## Members

**Dr. Banambar Ray**

**Dr. Palepu B N Gopal**

**Dr. Ashit Hegde**

**Dr. N Ramakrishnan**

### **Fellow of Indian College of Critical Care Medicine (FICCM)**

Total 38 applications were received for FICCM. After due scrutiny, 12 applications were deemed suitable for award of FICCM.

#### **Credential committee advised the following points:-**

- 1) We have developed two step application form. Committee expect details should be filled as per form.
- 2) Credential committee feels College secretary can play important role in initial assessment of forms received for fellowship and suggest active role of college secretary to scrutinise forms and forward completed ones to credential committee for further evaluation
- 3) Committee suggests that society should arrange physical session in annual congress to educate members regarding application process and marking system.
- 4) Credentials Committee suggests to add examiner of DM / DNB critical care to IDCCM & Fellowship examiner criteria.
- 5) Office should forward fellowship forms to credential committee in better organised fashion.
- 6) Format of application should be modified to include specific details on academic achievements and contributions to ISCCM.

### **Indian Journal of Critical Care Medicine – Editor in Chief**

The Biodata of all the candidates were considered for the position of Editor in Chief of Indian Journal of Critical Care Medicine.

The committee unanimously decided to recommend Dr Atul Kulkarni for the position.

#### **Credential Committee (CC) advised the following points:-**

1. Editor in Chief is respectable post. The CC feels most experience member should contest for such post .He or she should have knowledge & experience in technical aspects of journal activities. For this we feel respectable member applying should have been worked at least as an Associated Editor in capacity preferably with IJCCM.
2. Ideally in selection process along with CC / President, Society should involve Past Editor in Chief of IJCCM as a Guest member.

3. The CC strongly suggest, rather than selecting Editor in Chief, we can select 3 Associate Editors and after completion of at least one term (3 years ) they shall be eligible for Editor in Chief post. Committee can decide to choose one on the basis of experience, their performance and vision regarding journal for future.

### **Selection of Abstracts for award**

278 abstracts were received. They have been reviewed and shortlisted. The best 25 were sent to Credentials Committee for selection of following awards:

First prize – ISCCM Best Research paper

Second prize – Hansraj Nayyar award

Third prize (3rd, 4th and 5th) - Young Talent Hunt award

The evaluation is under process and selected abstracts for awards will be declared soon.

### **Best Branch award**

7 branches have applied for best branch award.

After detail discussion CC unanimously have selected following best branch winners from respective category for year 2022

1. Metropolitan category :- Hyderabad

2. Non metropolitan category :- Bhubaneswar

### **Credential Committee (CC) advised the following points:-**

1. To encourage participation by majority branches, society needs to felicitate maximum number of branches under various categories if possible.
2. New entries for this award had done fairly well in their presentations. Society can recognise their efforts and may offer “Best Upcoming Branch “.
3. Those branches which are regular in maintaining records ,audits and participating regularly for this category should be consider for “Fare conduct for the year 2021 “

# CRITICAL CARE COMMUNICATIONS (CCC)

Critical Care Communications', the bimonthly ISCCM newsletter has come up with a new face and new content. This year it has achieved new dimensions with international recognition. There has been a diverse involvement of young and senior colleagues.

- The all-female editorial board includes colleagues from India and abroad and has been working hard on various themes related to recent critical care topics.
- Eminent International faculties have contributed immensely to the Newsletter in all issues and taken keen interest.
- The innovative ideas are being executed finely and the results are being appreciated by the readers.

Editor in Chief	Dr. Rajesh Chandra Mishra
Associate Editors	Dr Gunjan Chanchalani, Dr. Kanwalpreet Sodhi, Dr Sharmili Sinha
Editors	Dr Ahsina Jahan Lopa, Dr Anushka Mudalige, Dr Diptimala Agarwal, Dr Gloria Rodriguez -Vega, Dr Juhi Chandwani, Dr Kalpana Krishnareddy, Dr Kavita, Dr Lalita Gouri Mitra, Dr Monika Gulati Kansal, Dr Pratibha Dileep, Prof. Reena Shah, Dr Vandana Sinha, Dr Tamanna Bajracharya, Dr Pratibha GA, Dr Surabhi Maheshwari, Dr Lavanya K
Editorial Assistant	Supriya Kamble, Sekhar

Themes – The first 3 issues were based on various aspects of the Covid pandemic.

- The 4th issue released in October 2021 was about 'Pandemic war preparedness' which involved not only the critical care physicians, but also the hospital policy makers, administrators, government and WHO officials who all contributed whole heartedly to come up with a broad document on preparation for any pandemic in future. This issue has come up as a very precious and rare document compiling mind boggling topics related to preparedness of pandemic.

- The 5th issue released in Dec 2021 was about 'Post Pandemic Change in Medical Practice and 5 min ready reckoner'

- Enriched with contribution of renowned international faculties.
- Successful Involvement of young fellow colleagues from various parts of the country with an aim to provide a platform to participate at a national level.
- A quick online survey was carried out by editorial board revealed wide appreciation by readers and also valuable inputs were received to enhance.

**The theme for the last issue is “Vision for Critical Care in Future”** and we intend to involve luminaries in the field from across the globe and India to share their vision for Critical Care in coming times. All activities of ISCCM national and branches and conference related news were regularly shared. The journey of one year has reflected a Vision for betterment.

- The Critical Care Communication has evolved to be more **inclusive** at national and international level.
- Achievement of **International recognition**
- It has generated enthusiasm in minds of many and been looked forward to as a prestigious platform for our colleagues to contribute.
- Hope it continues to grow with enriched contents further under the banner of ISCCM.

Regards

**Dr Sharmili Sinha**

## Academic Activities

Greetings!!!

Like 2020 this year has also been quite a challenging one for everyone, nevertheless, we at ISCCM Chennai stood resilient and grew up the learning curve and expanded our scope of services beyond virtual academics to public awareness and assistance to remote ICUs taking care of COVID patients. Though physical meetings and gatherings couldn't be planned this year we have been conducting online journal clubs once a month to keep up with academic activities. We regret that hands on workshops couldn't be conducted this year although we are planning for a virtual refresher course in Jan 2022 for the benefit of critical care students as well as the practitioners. The ICU fraternity was taken by shock and everyone was engaged in a spree of measures. The ISCCM Chennai through its web-portal does rapid appraisal and dissemination of vital information regarding COVID care and the pandemic statistics. All validated WHO & Indian government protocols including necessary forms were made available online for access and download. Members of Chennai branch had engaged in active public awareness programs utilizing the television channels for better public outreach. Multiple awareness and contact-the-expert programs were held through SUN TV, Vijay TV, News7 and other acclaimed channels. Our regular online journal clubs through ZOOM platform was designed to cover all aspects of clinical research and critical appraisal. There was an incredible participation from all institutions for volunteering to present and moderate. Gradually, this program was made available for all those interested across the country on popular demand. It was subsequently decided to have recordings of these Journal discussions available on our website for the benefit of those unable to attend real-time discussions. We actively engaged with good participation at the ISCCM day webinar initiative of the ISCCM center. The highlight event of the year was held in December where we discussed the COVID steroid 2 Bayesian analysis moderated by Dr. Anders Granholm from Copenhagen. The election of national President for the year 2021 to 2022 was done online with board members making sure that all the members cast their vote. Regular general body meetings by board members were done online.

We also take great pride in the notable contribution by some of the members and office bearers of ISCCM Chennai who have excelled in clinical and administrative capacities during this pandemic. A special mention needs to be made about Tele-ICU support to ICUs in remote locations offered by many members including the chairman and ex.comm. members. The many institutional and governmental awards received by them are all well deserved. Despite all the stress from work-home balance, the branch has truly stood the test of time and managed to do justice with greater hopes for the coming year. There is no doubt that we will grow to evolve only for the better and best.

## PHASE THREE

Kolkata: The latest drug approved by DCGI for use in treatment of Covid patients—2-deoxyglucoside (2-DG)—underwent trial in Kolkata's Medical Speciality Hospital that is one of the phase-three trial sites among 27 institutes across the state. On Saturday, DCGI granted emergency use authorisation of the drug, developed originally by DRDO, the simple yet an old molecule has added another armour to the fight against the pandemic.

"This drug targets the infected cells, starving it of energy, preventing the viral replication in Covid patients. We are proud that we were part of the phase-III clinical trial of the drug that has got emergency use authorisation for treating Covid patients," said Amitabha Saha, joint director, clinical care medicine at Medico. He is also the principal investigator of the trial.

Hospitals treating Covid patients in states like Delhi, Uttar Pradesh, Gujarat, Rajasthan, Maharashtra, Andhra Pradesh, Telangana, Karnataka and Kerala took part in

the phase-III trial, apart from Bengal.

According to senior clinical trial specialist Surjit Tripathi, 2-DG is likely to prove as a potential adjunct in the treatment of Covid pneumonia, reducing the craving for oxygen and promoting early recovery.

"SARS-CoV-2 infection causes a metabolic shift from oxidative phosphorylation to aerobic glycolysis in the host cells. This glycolysis facilitates viral replication and Covid pathogenesis. 2-DG with its

multi-pronged action (glycolysis inhibition, anti-inflammatory action and interaction with viral proteins) has demonstrated benefits for Covid-19 patients," said Tripathi, former head of clinical and experimental pharmacology at School of Tropical Medicine, Kolkata.

Tripathi added, "It prevents viral entry into host cells through inhibition of SARS-CoV-2 receptors binding to the host cells, compromises the high energy demand by glycolysis inhibition, reduces the vi-

ral load in host cells, improves the immune status compromised by Covid-19, restores CD4/CD8 ratio, enhancing NK cells and T-bet levels, together with improved anti-inflammatory ability of macrophages and exerts anti-inflammatory effects."

Available in powder form to be taken orally after dissolving in water, this drug is expected to benefit patients with moderate to severe infection requiring oxygen support. "It is good that another drug has been approved. However, it will not provide a magical cure but a combination with other drugs could be useful in select patients," said pulmonologist K. J. Dhar of CMH.

Developed by DRDO as an anti-cancer drug, it is now repurposed for Covid treatment by Dr Reddy's Laboratories.

"Though found to be well tolerated, there can be concerns regarding some non-target cardiac and neurological side effects, namely some rare heart rhythm disturbance (QT prolongation) and features like dizziness, weakness, drowsiness, and nausea, mimicking the symptoms of hypoglycaemia," cautioned Tripathi.

Awareness Program on TV by members against COVID 19 – Dr Ajay K Sarkar, Dr Sauren Panja and many members delivered their talk on patients awareness, Do's and Don'ts on COVID and discussed the current situation of COVID 19 and vaccination.
