

7. RESEARCH REPORT

As part of competency training the Trainee is required to complete a research project. It may be of any study types except case report.

- Within the first 6 months of Year 4 the trainee is required to submit a project proposal to the supervisor.
- The supervisor will check on the progress of the proposal at the beginning of Year 5.
- The project must be completed and presented as part of the requirement for completion of specialist training.
