## Welcome Message

The Malaysian Society of Gastroenterology and Hepatology will host the Asian Pacific Digestive Week (APDW) from 17 to 20 September 2020. The event will take place in the Kuala Lumpur Convention Centre. This is the most prestigious event in digestive diseases for the region and we believe it will see overwhelming participation from all over the world.

Hosted by the Asian Pacific Digestive Week Federation (APDWF) and presented jointly by the Asian Pacific Association of Gastroenterology (APAGE), the Asian Pacific Society of Digestive Endoscopy (APSDE), the Asian Pacific Association for the Study of the Liver (APASL) and the International Society for Digestive Surgery-Asia Pacific Section (ISDS-AP), APDW 2020 promises to be an excellent meeting of digestive disease professionals and industrial stakeholders. The theme for APDW 2020 is "Vision of Excellence in Digestive Disorders & Sciences."

The scientific programme includes postgraduate course, pre-congress hands-on workshops, live endoscopy demonstrations and scientific lectures showcasing the latest innovations and developments in Gastroenterology, Hepatology, Gastrointestinal Endoscopy, and Gastrointestinal Surgery.

Besides the scientific events, there will be magnificent cultural and social activities for the participants in conjunction with Visit Malaysia Year 2020.

Please mark your calendar and join us.

**Professor Raja Affendi Raja Ali**  
President  
APDW 2020

## About Malaysia

Malaysia, a land of ready smiles and incredible contrasts, gives the visitor a rich diversity of experiences. A charming, fascinating land of warm, friendly people, here you get a taste of all of Asia in a single destination. The country's social, political and economic stability has ensured a well-structured development. Malaysia today is a cosmopolitan, progressive nation of great opportunity which has managed to retain its rich heritage of culture and traditions despite modernisation.

Kuala Lumpur, is the capital of Malaysia and the main gateway to the rest of the country. This "Garden City of Lights" is the home of the spectacular Petronas Twin Towers - still the tallest twin towers in the world today. For the perfect journey full of surprises, the time is now, the place is Malaysia.

### A Taste of Malaysia

Popular dishes are nasi lemak, asam laksa, char kuey teow, roti canai, rojak, bak kut teh, satay and countless others. They are famous the world over for its incredible variety, cultural influences and quality.

### Lush Nature

Nature seems to have made a disproportionately generous deposit in Malaysia. Escape to the astounding collection of natural wonders, nature parks, ancient forest reserves, beaches and marine park reserve.

### Shop until You Drop

Featured as the world's fourth best shopping city in CNNGo, Kuala Lumpur is indeed a shopper's paradise. Case in point: Three of the world's 10 largest malls are in KL, while year-round sales offer the best bang for your buck.

### Kaleidoscope of Culture

Embrace diversity and experience living traditions at Kuala Lumpur's cultural enclaves. Prepare to also be in awe of Central Market, Chinatown, Little India – the bustling cultural and shopping spot, with a number of heritage buildings, clan houses and temples.
