**Invitation to support APDW 2021**

In light of the latest developments of the COVID-19 pandemic, the Organising Committee has decided to convert the Asian Pacific Digestive Week 2021, Kuala Lumpur into a fully online, virtual conference. The date of the conference remains unchanged, which is on **19 - 22 August 2021**. The decision is made in the interest of safety for all.

This will be the first time the Asian Pacific Digestive Week is held virtually which is the norm for most local and international events nowadays. Despite the challenges of holding a virtual conference, we believe the aim of the conference to disseminate knowledge in the advances in digestive diseases will remain intact and the Organising Committee will strive to present an excellent scientific programme comprising postgraduate course, Virtual Endoscopy Skill Workshops, live endoscopy workshops, interactive symposia and scientific lectures showcasing the latest innovations and advancement.

The virtual conference will still enable your company and you to promote and showcase your products. You will be able to engage the delegates in an interesting new format via

- Live chat
- Video call
- Video display
- Scientific paper, product catalogue downloads
- Tracking of delegates
- Email registration of delegates for future correspondence

The APDW 2021 Kuala Lumpur will definitely provide an excellent avenue for the biomedical industry to participate in knowledge sharing via the stimulating and exciting academic programme planned by the Scientific Committee.

We cordially invite you to come and join us for virtual APDW 2021 Kuala Lumpur. We promise you that it will be a rewarding and satisfying outcome for your company and you.

Professor Dr Raja Affendi Raja Ali
President
Asian Pacific Digestive Week 2021
