TOBAGE - TOBSLAK FLOOR COATINGS

TOBAGE is the latest innovation from Tobslak. TOBAGE is a high performance pedestrian and automotive traffic coating system specifically formulated to withstand the daily wear and tear of highly trafficked areas and resist the many environmental climates faced across Europe. Its superior abrasion resistance minimizes the expense and disruption of frequent maintenance and provides excellent protection for the underlying concrete structure.

TOBAGE is a fast curing system designed for rapid return-to-service and is backed by an industry leading warranty.
