Welcome Message

Dear Colleagues,

On behalf of the Organising Committee, I would like to cordially invite you to this year's MSGH Update in Gastroenterology and Hepatology which will be held on 3rd March 2018 at the Universiti Sains Malaysia Health Campus in Kubang Kerian, Kelantan. This is an annual event by MSGH which aims to provide medical professionals with the latest updates in the field of gastroenterology, hepatology and GI surgery.

The USM Health Campus is hosting this year's meeting which we feel is a good occasion for participants from various medical and surgical disciplines to meet up and share their experience and expertise. We have arranged for speakers who are experts in their fields to give scientific talks on topics relevant to the practising clinicians. CPD points will also be offered to those who attend, so don't miss out this opportunity!

I look forward to your participation.

With kind regards,

Dr Nazri Mustaffa
