

CURRICULUM VITAE

Full name: Dr. Tan Bee Eng

Organization: Gleneagles Penang

Profile:

Dr Tan Bee Eng is currently a Consultant Rheumatologist in Gleneagles Penang. Before joining private practice in 2017, she served as a senior consultant rheumatologist and the head of rheumatology unit Penang General Hospital for 12 years.

Bee Eng graduated with M.D. (UKM) from National University of Malaysia in 1997 and obtained physician qualification from Royal College of Physician of United Kingdom in 2001. She spent four additional years of rheumatology training in Selayang Hospital and Tan Tock Seng Hospital (Singapore) before credentialed as a consultant rheumatologist by Ministry of Health Malaysia in December 2005.

Dr Tan has published numerous scientific papers in various prestigious peer-review medical journals, and posters in local and international meetings. She was a development committee member of the first Malaysian Clinical Practice Guidelines in Rheumatoid Arthritis (launched in 2020) and Osteoarthritis (2011). She is instrumental in developing PGH as one of the biggest referral centre for rheumatology service in Malaysia. A certified trainer for Malaysia Rheumatology Fellowship Program, she has nurtured many enthusiastic young doctors into good rheumatologists.
