

Day	Time	Track 1	Track 2	Track 3
28 July Pre-Congress		Bariatric Workshop	Hernia Workshop	Colorectal Workshop
29 Jul Day 1	0800 - 1800			
	0830 - 1000	Upper GI Symposium	Hepatobiliary Symposium	How I Do It
		Laparoscopic Management of Large PEH <i>Dr Soon Yuen</i>	Indocyanine green(ICG) fluorescence cholangiography during laparoscopic cholecystectomy <i>Dr Koong Jun-Kit</i>	
		Lap Gastrectomy for Gastric Cancer in a low incidence country like Malaysia - is it feasible? <i>Dr Lau Peng-Choong</i>	Overcoming Difficult Gallbladder in Laparoscopic Cholecystectomy <i>Professor Dato Dr Razman Jarmin</i>	
		GIST - Different location, MIS approaches <i>Professor Dato Nik Ritza Kosai</i>	MIS in pancreatic surgery : Recent advances and Current challenges <i>Associate Professor Dr Yoong Boon-Koon</i>	
		Laparoscopic Management of Perforated Peptic Ulcer <i>Dr Siow Sze Li</i>	Laparoscopic liver resection: An Update <i>Prof Dr Brian Goh Kim-Poh</i>	
		Laparoscopic Gastrectomy in early gastric cancers <i>Dr Masanori Terashima</i>	Management of Difficult CBD Stones: Endolaparoscopic Approach	
		Minimally invasive esophagectomy: The way forward <i>Dr Kelvin Voon</i>	ICG guided laparoscopic Hepatectomy in major complex liver tumours <i>Prof Dr Goro Honda</i>	
	1000 - 1030	Tea (Foyer)		
	1030 - 1100	Keynote Technology advancement for better healthcare in Malaysia		
	1100 - 1200	Opening Ceremony		
	1200 - 1230	Plenary 1 Minimally Invasive Surgery (MIS) in Malaysia past , present and future		
	1230 - 1315	Lunch Symposium 1a <b>UNAVAILABLE</b>	Lunch Symposium 1b <b>UNAVAILABLE</b>	
	1315 - 1400	Lunch (Foyer)		
	1400 - 1530	Hernia Symposium	MIS Special Interest Symposium	How I Do It
		eTEP , did i just buy a vowel <i>Dr Alfred Allen Buenafe</i>	The value of robotic surgery across hernia, colon and foregut conditions	
		<b>TBC</b>	Global Experience and Advancement with Digital Laparoscopy System	
		The role of MIS in strangulated/incarcerated groin hernia <i>Dr Rolf Hartung</i>	<b>TBC</b>	
		Tackling Pain in hernia surgery <i>Dr Ramesh Agarwalla</i>	Advancement in Flexible endoscopy management	
		Choosing the right procedure for the right hernia <i>Dr Gafoor Mubarak</i>	The Science of Stapling	
		Recurrent inguinal hernia after minimally invasive repair : is it possible to redo? <i>Professor Davide Lomanto</i>	GI stenting as a treatment option in benign diseases	
	1530 - 1600	Plenary 2 <b>TBC</b>		
	1600 - 1630	Debate 1 Robotic Low Anterior <i>Dr Venkatesh Munikrishnan (India)</i> vs Lap Tatme For Mid And Low Rectal CA <i>Prof William Chen Tzu-Liang</i>	Debate 2 IPOM plus <i>Dr Vimal K Vasudeavan</i> vs eTEP TAR <i>Dr Alfred Allen Buenafe</i>	Video Presentation
Thoracic Symposium Non intubated subXyphoid thoracic surgery <i>Assoc Prof Lei Jiang</i>		Robotic Surgery Symposium Robotic Low Anterior Resection : Fashion or Fad? <i>Dr Venkatesh Munikrishnan</i>	Oral Presentation	
Uniport VATS Lobectomy <i>Dr Narasimman A/L Sathiamurthy</i>	Early experience of Robotic bariatric surgery in Malaysia <i>Prof Dato Dr Tikfu Gee</i>			
Role of anatomical sublobar resection in lung cancer and how to do it efficiently? <i>Prof Lau Hui-Ping</i>	Role of robotic surgery in a laparoscopic hepatopancreatobiliary surgery center <i>Prof Dr Brian Goh Kim-Poh</i>			
Surgical Decortication vs Fibrinolysis for empyema thoracic <i>Dr Murugan Periasamy</i>	Impact of the Da Vinci Robotic Surgery on Bariatric Surgeons and their practices <i>Dr Voraboot Taweerutchana</i>			
1730 - 1830	SELSMA AGM			

Day	Time	Track 1	Track 2	Track 3
30 Jul Day 2	0800 - 1200	Registration (Foyer)		
	0800 - 0830	Plenary 3		
	0830 - 1000	MIS Training Symposium	Daycare Symposium	Masterclass: How I Do It
		MIS Training in ELSA - Outreach program <i>Dr Alfred Allen Buenafe</i>	Laparoscopic Inguinal hernia: The Ideal Daycare <i>Dr Satkunan Mark</i>	
		MIS Training in Malaysia <i>Dr Vimal K Vasudeavan</i>	Laparoscopic Cholecystectomy as a Day Care procedure : Is it for Everybody? <i>Mr Yan Yang Wai</i>	
		MIS Training in Thailand - soft cadaver <i>Dr Suthep Udomsawaengsup</i>	MIS Daycare : Anaesthesia Concerns <i>Dato Dr Kavitha Bhojwani</i>	
		MIS Training in Singapore VR / digital tech education <i>Prof Davide Lomanto</i>	National Pain Free Program and MIS <i>Dr Nor Hisham Muda</i>	
		MIS Training in USA - Robotic	Deep neuromuscular block in laparoscopic surgery <i>Dr Siow Sze Li</i>	
		MIS training in Indonesia - Laparoscopic training center in Bali. <i>Dr Barlian Sutedja</i>	TBC	
	1000 - 1030	Tea (Foyer)		
	1030 - 1200	Bariatric Surgery Symposium	Recent Advances in MIS Technology Symposium	Masterclass: How I Do It
		Metabolic Surgery : Mechanism and Use of "Bariatric" Operations to treat Type 2 Diabetes <i>Assist Prof Asim Shabbir</i>	TBC	
		How to Achieve Zero Leakage Rate in Continuous 500 Sleeve Gastrectomy Cases <i>Dr Thakoon Poonthananiwatkul</i>	Use of ICG mapping in laparoscopic gastrectomy	
		A novel Procedure for Metabolic Surgery : The sleeve plus procedures	A swallowable pill for weight loss <i>Dr Mohit Bhandari</i>	
		Revision bariatric surgery "When to do and not to do?" <i>Prof Dato Dr Tikfu Gee</i>	Endoscopic procedures for weight loss <i>Dr Murugan Periasamy</i>	
		Single Anastomosis Duodeno-ileum bypass with Sleeve as a new standard bariatric procedure <i>Dr Kamthorn Yolsuriyanwong</i>	Endoluminal robotics – the latest advances <i>Prof Lawrence Ho Khek-Yu</i>	
		Mini Gastric Bypass - the present and the future (a comparison with other bariatric surgeries) <i>Dr Robert Rutledge</i>	Using VR Based Simulation for Training <i>Maki Sugimoto</i>	
	1200 - 1230	Plenary 4		
		MIS Digital Transformation in 21 Century <i>Prof Davide Lomanto</i>		
	1230 - 1315	Lunch Symposium 2a UNAVAILABLE	Lunch Symposium 2b UNAVAILABLE	
	1315 - 1400	Lunch (Foyer)		
	1400 - 1530	Colorectal Symposium	Endocrine Symposium	Masterclass: How I Do It
		Lap RHC with CME-CVL <i>Dr Sumantha Dey</i>	Minimally invasive parathyroid surgery <i>Dr Mark Sywak</i>	
		Laparoscopic Suture Rectopexy for Rectal Prolapse - my technique <i>Dr Sumantha Dey</i>	Transoral endoscopic thyroidectomy (TOETVA): Experience of more than 2000 cases <i>Dr Angkoon Anuwong</i>	
		Natural orifice specimen extraction surgery (NOSES) for colorectal cancer <i>Dr Joseph Nunoo-Mensah</i>	MIS for adrenal tumours <i>Dr Kirubakaran Malapan</i>	
		Powered stapler in colorectal surgery <i>Mr Paul</i>	Surgeon volume threshold in reducing morbidity in Endothyroidectomy <i>Dr Nor Azham Hakim Darail</i>	
Complication in MIS Colorectal Surgery <i>Carlo Angelo Capistrano Cajucom</i>		Cost effectiveness of robotic endoscopic thyroidectomy <i>Dr Yahya Mohd Aripin</i>		
TBC		IONM in endo thyroid surgery <i>Professor Rohaizak Muhammad</i>		
1530 - 1600	Debate 3	Debate 4		
	Choice of bariatric procedure in Superobese : Sleeve Plus vs RYGB	Role of therapeutic endoscopy by surgeons in the current era of laparoscopic surgery: Endoscopy vs Laparoscopy		
1600 - 1700	Endoscopic Symposium	MIS Nutrition Surgery		
	The Cutting edge of therapeutic endoscopy	ERAS the MIS Surgeon's Perspective <i>Dr Lau Peng-Choong</i>		
	Therapeutic uses of EUS - A Boon for a Surgeon	Pounding away the Obesity Pandemic with VLCD		
	GI stents in Surgeon's perspective & Reaching the unreachable: enteroscopy	Sarcopenia as a predictor of complication in gastrointestinal surgery <i>Dr Hans Alexander Mahendran</i>		
	POEM by Surgeons <i>Philip Chiu</i>	TBC		
1700 - 1730	Closing & Prize Giving Ceremony
