

28 July 2022 (Pre-Congress Workshop)

Bariatric Workshop

Venue: Level 4, MR 408, Kuala Lumpur Convention Centre

Time: 0900 - 1500

Programme

Live Surgery: Laparoscopic Sleeve Gastrectomy and proximal jejunal bypass

Live Surgery: Laparoscopic Roux en y Mini gastric Bypass

Live Surgery: Elipse Intra-gastric Balloon Placement

Live Surgery: Laparoscopic Sleeve Gastrectomy and duodeno-jejunal bypass (LDJBSG)

Live Surgery: Robotic Roux en y Gastric Bypass

Colorectal Workshop

Venue: Level 4, MR 406 - 407, Kuala Lumpur Convention Centre

Time: 08300 - 1600

Programme

Live Surgery: Lap Low Anterior

Video Presentation

Live Surgery: Lap Right Hemicolectomy with CVL with Intracorporeal Anastomosis

Hernia Workshop

Venue: Level 4, MR 410, Kuala Lumpur Convention Centre

Time: 0830 - 1700

Programme

Live Surgery: Transabdominal Preperitoneal (TAPP)

Live Surgery: Subcutaneous Onlay Laparoscopic Approach (SCOLA)

Lunch Symposium: From Virtual to Reality - The Collaborative Surgical Robot Experience

Live Surgery: Intraperitoneal Onlay Mesh repair (IPOM) plus

Lecture: Ventral Hernia Repair, TEP Tips & Tricks

Robotics Masterclass Workshop

Venue: Level 4, MR 409, Kuala Lumpur Convention Centre

Time: 0830 - 1600

Programme

Colorectal: Robotic Low Anterior; Robotic Right Hemicolectomy; Robotic Rectopexy

Bariatric: Robotic Sleeve; Robotic Gastric Bypass

Lunch Symposium: Robotic Training Pathway

Hernia: Video Presentation

BIENNIAL CONGRESS OF SOCIETY OF ENDOSCOPIC AND LAPAROSCOPIC SURGEONS OF MALAYSIA

MIS: EMBRACING THE FUTURE

📅 28 - 30 JULY 2022 📍 KUALA LUMPUR CONVENTION CENTRE

29 July 2022 (Day 1)

PROGRAMME AT A GLANCE

| Time \ Venue | Main Hall | | |
|--------------|---|---|---------------------------------|
| | Track 1 Venue: CH 1 (Main Hall) | Track 2 Venue: CH 3 | Track 3 Venue: MR 306 |
| 0730 - 1800 | Registration (Foyer) | | |
| 0830 - 1000 | Upper GI Symposium | Hepatobiliary Symposium | Masterclass: How I Do It |
| | Laparoscopic Management of Large PEH <i>Soon Yuen</i> | Indocyanine green(ICG) fluorescence cholangiography during laparoscopic cholecystectomy <i>Koong Jun-Kit</i> | |
| | Lap Gastrectomy for Gastric Cancer in a low incidence country like Malaysia - is it feasible? <i>Lau Peng-Choong</i> | Overcoming Difficult Gallbladder in Laparoscopic Cholecystectomy <i>Razman Jarmin</i> | |
| | GIST - Different location, MIS approaches <i>Nik Ritza Kosai</i> | MIS in pancreatic surgery : Recent advances and Current challenges <i>Yoong Boon-Koon</i> | |
| | Laparoscopic Management of Perforated Peptic Ulcer <i>Siow Sze Li</i> | Laparoscopic liver resection: An Update <i>Brian Goh Kim-Poh</i> | |
| | Laparoscopic Gastrectomy in early gastric cancers <i>Masanori Terashima</i> | Endoscopic management of Difficult CBD Stones <i>Manisekar Subramaniam</i> | |
| | Minimally invasive esophagectomy: The way forward <i>Kelvin Voon</i> | Parenchymal Dissection Along the Intersegmental Plane without ICG Guidance <i>Goro Honda</i> | |
| 1000 - 1030 | Tea Break & Exhibition Visit | | |
| 1030 - 1100 | Keynote Minimally Invasive Surgery (MIS) in Malaysia past , present and future <i>Noor Hisham Abdullah</i> | | |
| 1100 - 1200 | Opening Ceremony | | |
| 1200 - 1230 | Plenary 1 | | |
| 1230 - 1315 | Lunch Symposium 1A Sponsored by AstraZeneca | Lunch Symposium 1B Sponsored by Menarini | |
| 1315 - 1400 | Lunch (Foyer) | | |
| 1400 - 1530 | Hernia Symposium | MIS Special Interest Symposium | Masterclass: How I Do It |
| | eTEP , did i just buy a vowel <i>Alfred Allen Buenafe</i> | The value of robotic surgery across hernia, colon and foregut conditions <i>Fong Sau Shung</i> | |

| | | | |
|-------------|--|---|----------------------------------|
| | <p>Large Incisional Hernias: Controversies & Options <i>Ramesh Agarwalla</i></p> | <p>GI stents in surgeons perspective <i>K Govindaraj</i></p> | |
| | <p>The role of MIS in strangulated/incarcerated groin hernia <i>Rolf Hartung</i></p> | <p>Roles of MedTech in the Post Pandamec Ecosystem <i>Tan Arulampalam</i></p> | |
| | <p>Tackling Pain in hernia surgery <i>Ramesh Agarwalla</i></p> | <p>The Science of Stapling <i>Hans Alexander Mahendran</i></p> | |
| | <p>Choosing the right procedure for the right hernia <i>Gafoor Mubarak</i></p> | <p>Prehabilitation in Minimally Invasive Surgery <i>Krishnan Sriram</i></p> | |
| | <p>Recurrent inguinal hernia after minimally invasive repair : is it possible to redo? <i>Davide Lomanto</i></p> | <p>Global Experience and Advancement with Digital Laparoscopy System</p> | |
| 1530 - 1600 | <p>Plenary 2 Robotic Surgery from MIS to Endoscopy <i>Philip Chiu</i></p> | | |
| 1600 - 1630 | <p>Debate 1</p> | <p>Debate 2</p> | <p>Video Presentation</p> |
| | <p>Robotic Low Anterior <i>Venkatesh Munikrishnan</i> vs Lap Tatme For Mid And Low Rectal-CA <i>William Chen Tzu-Liang</i></p> | <p>IPOM plus <i>Vimal K Vasudeavan</i> vs eTEP TAR <i>Alfred Allen Buenafe</i></p> | |
| 1630 - 1730 | <p>Thoracic Symposium</p> | <p>Robotic Surgery Symposium</p> | <p>Oral Presentation</p> |
| | <p>Non intubated subXyphoid thoracic surgery <i>Lei Jiang</i></p> | <p>Impact of the Da Vinci Robotic Surgery on Bariatric Surgeons and their practices <i>Voraboot Taweerutchana</i></p> | |
| | <p>Uniport VATS Lobectomy <i>Narasimman A/L Sathiamurthy</i></p> | <p>Robotic Low Anterior Resection : Fashion or Fad? <i>Venkatesh Munikrishnan</i></p> | |
| | <p>Role of anatomical sublobar resection in lung cancer and how to do it efficiently? <i>Lau Hui-Ping</i></p> | <p>Role of robotic surgery in a laparoscopic hepatopancreatobiliary surgery center <i>Brian Goh Kim-Poh</i></p> | |
| | | <p>Early experience of Robotic bariatric surgery in Malaysia <i>Tikfu Gee</i></p> | |
| 1730 - 1830 | | | <p>SELSMA AGM</p> |

BIENNIAL CONGRESS OF SOCIETY OF ENDOSCOPIC AND LAPAROSCOPIC SURGEONS OF MALAYSIA

MIS: EMBRACING THE FUTURE

📅 28 - 30 JULY 2022 📍 KUALA LUMPUR CONVENTION CENTRE

30 July 2022 (Day 2)

PROGRAMME AT A GLANCE

| Time \ Venue | Main Hall | | |
|---|--|---|---------------------------------|
| | Track 1 Venue: CH 1 (Main Hall) | Track 2 Venue: CH 3 | Track 3 Venue: MR 306 |
| 0800 - 1200 | Registration (Foyer) | | |
| 0800 - 0830 | Plenary 3 <i>William Chen Tzu Liang</i> | | |
| 0830 - 1000 | MIS Training Symposium | Daycare Symposium | Masterclass: How I Do It |
| | MIS Training in ELSA - Outreach program <i>Alfred Allen Buenafe</i> | Laparoscopic Inguinal hernia: The Ideal Daycare <i>Satkunan Mark</i> | |
| | MIS Training in Malaysia <i>Vimal K Vasudeavan</i> | Laparoscopic Cholecystectomy as a Day Care Procedure: Is it for Everybody? <i>Yan Yang Wai</i> | |
| | MIS Training in Thailand - Soft Cadaver <i>Suthep Udomsawaengsup</i> | MIS Daycare: Anaesthesia Concerns <i>Kavitha Bhojwani</i> | |
| | MIS Training in Singapore VR / digital tech education <i>Davide Lomanto</i> | National Pain Free Program and MIS <i>Nor Hisham Muda</i> | |
| | MIS Training in USA - Robotic <i>Olakunle Ajayi</i> | Deep neuromuscular block in laparoscopic surgery <i>Siow Sze Li</i> | |
| | MIS training in Indonesia - Laparoscopic training center in Bali. <i>Barlian Sutedja</i> | | |
| 1000 - 1030 | Tea Break & Exhibition Visit | | |
| 1030 - 1200 | Bariatric Surgery Symposium | Recent Advances in MIS Technology Symposium | Masterclass: How I Do It |
| | Metabolic Surgery: Mechanism and Use of "Bariatric" Operations to treat Type 2 Diabetes <i>Asim Shabbir</i> | Using VR Based Simulation for Training <i>Maki Sugimoto</i> | |
| | A novel Procedure for Metabolic Surgery: The sleeve plus procedures <i>Chih-Kun Huang</i> | A swallowable pill for weight loss <i>Mohit Bhandari</i> | |
| | Mini Gastric Bypass - the present and the future (a comparison with other bariatric surgeries) <i>Robert Rutledge</i> | Endoluminal robotics – the latest advances <i>Lawrence Ho Khek-Yu</i> | |
| | Revision bariatric surgery "When to do and not to do?" <i>Tikfu Gee</i> | POEM by Surgeons <i>Philip Chiu</i> | |
| Single Anastomosis Duodeno-ileum bypass with Sleeve as a new standard bariatric procedure <i>Kamthorn Yolsuriyanwong</i> | Recent advances in therapeutic endoscopy <i>Murugan Periasamy</i> | | |

BIENNIAL CONGRESS OF SOCIETY OF ENDOSCOPIC AND LAPAROSCOPIC SURGEONS OF MALAYSIA

MIS: EMBRACING THE FUTURE

28 - 30 JULY 2022 **KUALA LUMPUR CONVENTION CENTRE**

PROGRAMME AT A GLANCE

| | | | |
|-------------|---|--|---------------------------------|
| | How to Achieve Zero Leakage Rate in Continuous 500 Sleeve Gastrectomy Cases <i>Thakoon Poonthananiwatkul</i> | | |
| 1200 - 1230 | Plenary 4 MIS Digital Transformation in 21 Century <i>Davide Lomanto</i> | | |
| 1230 - 1315 | Lunch Symposium 2A Sponsored by Novo Nordisk | Lunch Symposium 2A Sponsored by Pfizer | |
| 1315 - 1400 | Lunch (Foyer) | | |
| 1400 - 1530 | Colorectal Symposium | Endocrine Symposium | Masterclass: How I do It |
| | Lap RHC with CME-CVL <i>Sumanta Dey</i> | Minimally invasive parathyroid surgery <i>Mark Sywak</i> | |
| | Laparoscopic Suture Rectopexy for Rectal Prolapse - my technique <i>Sumanta Dey</i> | Transoral endoscopic thyroidectomy (TOETVA) : Experience of more than 2000 cases. <i>Angkoon Anuwong</i> | |
| | Natural orifice specimen extraction surgery (NOSES) for colorectal cancer <i>Joseph Nunoo-Mensah</i> | MIS for Adrenal Tumours <i>Kirubakaran Malapan</i> | |
| | Complications in MIS colorectal Surgery <i>Carlo Angelo Capistrano Cajucom</i> | Surgeon volume threshold in reducing morbidity in Endothyroidectomy <i>Nor Azham Hakim Darail</i> | |
| | Powered stapler in colorectal surgery <i>Paul Selvindoss S. Balraju</i> | Cost effectiveness of robotic endoscopic thyroidectomy <i>Yahya Mohd Aripin</i> | |
| | | IONM in endo thyroid surgery <i>Rohaizak Muhammad</i> | |
| 1530-1600 | IAGES Plenary | Panel Discussion | |
| | Lap Bariatric surgery - Past, Present & Future <i>Ramen Goel</i> | Role of therapeutic endoscopy in the laparoscopic era Moderator: <i>Easwaramoorthy</i> Panelists: <i>K Govindaraj, Murugan Periasamy, T.Siva Kumar</i> | |
| 1600 - 1700 | Endoscopic Symposium | MIS Nutrition Surgery | Masterclass: How I do It |
| | IAGES role in training the surgeons in laparoscopy and endoscopy <i>L P Thangavelu</i> | ERAS the MIS Surgeon's Perspective <i>Lau Peng-Choong</i> | |
| | Role of robotics in laparoscopic surgery <i>Subhash Khanna</i> | Sarcopenia as a predictor of complication in gastrointestinal surgery <i>Hans Alexander Mahendran</i> | |
| | Role of EUS in today's era by laparoscopic surgeons <i>Vipul Roy Rathod</i> | Pounding away the Obesity Pandemic with VLCD <i>Saiful B Kassim</i> | |
| | Reaching the unreachable in enteroscopy <i>K Govindaraj</i> | Decision factors in parenteral nutrition <i>Hans Alexander Mahendran</i> | |
| 1700 -1730 | Closing & Prize Giving Ceremony | | |
