Uveitis Society (India)**

**8<sup>th</sup> | 9<sup>th</sup> | 10<sup>th</sup> October**

**SCIENTIFIC PROGRAMME**

# Message

## From the desk of President

Dear Friends,

Greetings from the Uveitis Society (India)!

Hope you and your family are safe at such times.

Academic deliberations is the best way to update our knowledge. Keeping this in mind we have invited a galaxy of national and international experts in the field of uveitis with many interesting sessions during the conference from 8<sup>th</sup> to 10<sup>th</sup> October-2021.

We have encouraged the participation from our budding young uveitis specialists to present their work in this conference.

Looking forward to a great participation by each one of you in the USICON-2021 to make it a grand success.

Hoping to see you all soon in person.....

Best Wishes

**Dr. Vishali Gupta**  
President US(I)

# Message

## From the desk of Secretary

Dear Friends,

Welcome to the Annual conference of Uveitis Society (India)-2021!

It gives me immense pleasure to welcome you all to the much awaited USICON-2021 which is being held virtually from 8<sup>th</sup> to 10<sup>th</sup> October-2021.

We have a distinguished panel of international and national faculty who with their vast experience in the field of uveitis will enrich the discussions during the conference.

We have ten sessions with a special session on COVID-19 and uveitis so that everyone can share their experience of managing patients of uveitis during the ongoing pandemic.

We have challenging case presentations, free papers, poster presentations and photo competition to provide an academic feast to all the attendees

Looking forward to a great participation by each one of you to make the conference a grand success.

Wishing that all of you stay safe and we meet each other soon in near future...

Best Wishes

**Dr. Manisha Agarwal**  
Secretary US(I)

## Organizing Committee

**Dr. Narsing A Rao**  
Patron-in-Chief

**Dr. Vishali Gupta**  
President

**Dr. Kalpana Babu**  
Vice President

**Dr. Manisha Agarwal**  
Secretary

**Dr. Sudharshan S**  
Treasurer

**Dr. B Manohar Babu**  
Immediate Past  
President

## Executive Committee Members

**Dr. Amala E George**

**Dr. Shishir Narain**

**Dr. Padmamalini  
Mahendradas**

**Dr. Somasheila  
Murthy**

## Advisors

**Prof. Carl Herbort**

**Prof. Amod Gupta**

**Dr. S R Rathinam**

**Dr. Jyotirmay Biswas**

**Dr. Virender S Sangwan**

**Dr. Sudha K Ganesh**

## Scientific Committee Members

**Dr. Padmamalini  
Mahendradas**  
Scientific Committee  
Chairperson

**Dr. Reema Bansal**  
Scientific Committee  
Co - Chairperson

**Dr. Salil Mehta**  
Member

**Dr. Soumyava Basu**  
Member

**Dr. Parthoprati  
Dutta Majumder**  
Member

**Dr. S Bala Murugan**  
Member  
Editor-in-Chief

## Zonal Representatives

**Dr. Subina Narang**  
North

**Dr. Debashis Das**  
East

**Dr. Navneet Mehrotra**  
West

**Dr. Ankush Kawali**  
South

**Dr. Samendra Kumar Karkhur**  
Central

# SCIENTIFIC PROGRAMME

**Day 1 - 08<sup>th</sup> October 2021 (Friday)**

|                     |                          |                     |
|---------------------|--------------------------|---------------------|
| 04:50 PM - 05:00 PM | Welcome by the Secretary | Dr. Manisha Agarwal |
|---------------------|--------------------------|---------------------|

## **Session-1 (05.00 - 06.00 pm)** **Basic Uveitis Course**

**Chairperson** : Dr. Shishir Narain, Dr. Amala E George

**Moderator** : Dr. Natasha Radhakrishnan

| Time                | Topic                                                     | Presenter         |
|---------------------|-----------------------------------------------------------|-------------------|
| 05:00 PM - 05:15 PM | Systematic approach to a case of uveitis                  | Dr. Ankush Kawali |
| 05:15 PM - 05:30 PM | Recognizing the Classical clinical signs                  | Dr. Reema Bansal  |
| 05:30 PM - 05:45 PM | Making the differential diagnosis with Tailored Lab tests | Dr. Vishali Gupta |
| 05:45 PM - 06:00 PM | Discussion                                                |                   |

## **Session 2 (06.00 - 07.30 pm)** **The Omnipresent bug: Ocular Tuberculosis**

**Chairperson** : Dr. Amod Gupta, Dr. Narsing A Rao

**Moderator** : Dr. Manisha Agarwal

**Panelists** : Dr. Soumavya Basu, Dr. Rupesh Agrawal, Dr. Dipankar Das

| Time                | Topic                             | Presenter         |
|---------------------|-----------------------------------|-------------------|
| 06:00 PM - 06:15 PM | Making the diagnosis of Ocular TB | Dr. Amod Gupta    |
| 06:15 PM - 06:30 PM | Treatment of Ocular Tuberculosis  | Dr. Vishali Gupta |
| 06:30 PM - 07:00 PM | Discussion                        |                   |

## Case Presentations

| Time                |        | Topic                                                                                                                 | Presenter         |
|---------------------|--------|-----------------------------------------------------------------------------------------------------------------------|-------------------|
| 07.00 PM - 07.05 PM | Case 1 | Bilateral retinitis and exudative retinal detachment                                                                  | Dr. Anamika Patel |
| 07.05PM - 07.10 PM  |        | <b>Discussant:</b> Dr. Dipankar Das                                                                                   |                   |
| 07.10 PM - 07.15 PM | Case 2 | TB granuloma:<br>resistant, persistent and recurrent !!                                                               | Dr. Chanda Gupta  |
| 07.15 PM - 07.20 PM |        | <b>Discussant:</b> Dr. Rupesh Agarwal                                                                                 |                   |
| 07.20 PM - 07.25 PM | Case 3 | Atypical refractory bilateral choroiditis due to presumed ocular tuberculosis responding to intravitreal moxifloxacin | Dr. Dhvani Shah   |
| 07.25 PM - 07.30 PM |        | <b>Discussant:</b> Dr. Soumavya Basu                                                                                  |                   |

## Session-3 (07.30 - 08.00 PM)

### Catching what our eyes can't Catch Imaging in Uveitis

**Chairpersons** : Dr. Padmamalini Mahendradas, Dr. Kalpana Babu

**Moderator** : Dr. Mohit Dogra

**Panelists** : Dr. Rajeev Reddy, Dr. Rohan Chawla, Dr. Aniruddha Agarwal

| Time                | Topic                         | Presenter                 |
|---------------------|-------------------------------|---------------------------|
| 07:30 PM - 07:40 PM | Wide field FFA-ICG in Uveitis | Dr. Sunil Srivastava      |
| 07:40 PM - 07:50 PM | OCT Biomarkers                | Dr. Alessandro Invernizzi |
| 07:50 PM - 08:00 PM | Discussion                    |                           |

**Session-4 (08.00 - 08.30 PM)**  
**Dr. G Venkataswamy Endowment Lecture**

| Time                | Topic                                                                    | Presenter             |
|---------------------|--------------------------------------------------------------------------|-----------------------|
| 08:00 PM - 08:05 PM | Introduction of the Dr. G Venkataswamy endowment lecture and the Awardee | Dr. S Bala Murugan    |
| 08:05 PM - 08:20 PM | Ocular inflammation and immune modulation                                | Dr.Virender S Sangwan |
| 08:20 PM - 08:30 PM | Felicitations                                                            |                       |

**Session-5 (08.30 - 09.00 PM)**  
**Prof. Amod Gupta Young Researcher Award**

| Time                | Topic                       | Presenter             |
|---------------------|-----------------------------|-----------------------|
| 08:30 PM - 08:35 PM | Introduction                | Dr. Vishali Gupta     |
| 08:35 PM - 08:50 PM | Presentation by the Awardee | Dr. Aniruddha Agarwal |
| 08:50 PM - 09:00 PM | Closing Remarks             | Dr. Manisha Agarwal   |

## Day 2 - 09<sup>th</sup> October 2021 (Saturday)

### Session- 6 (05.00 - 06.00 PM) Basic Uveitis Course-2

**Chairpersons** : Dr. Jyotirmay Biswas, Dr. Salil Mehta

**Moderator** : Dr. S Bala Murugan

| Time                | Topic                                                         | Presenter                        |
|---------------------|---------------------------------------------------------------|----------------------------------|
| 05:00 PM - 05:15 PM | Imaging in uveitis for beginners:<br>What to order and when ? | Dr. Mohit Dogra                  |
| 05:15 PM - 05:30 PM | Using systemic steroids and immunosuppressants for beginners  | Dr. John Kempen                  |
| 05:30 PM - 05:45 PM | Using Biologics : Dos and Don'ts                              | Dr. P D Rath<br>(Rheumatologist) |
| 05:45 PM - 06:00 PM | Discussion                                                    |                                  |

### Session-7 (06.00 - 07.30 PM) Patients who tickled our brain- Challenging Cases!

**Presentation-5 minutes and Discussion - 4 minutes**

**Judges** : Dr. S R Rathinam, Dr. Sudha Ganesh, Dr. Shishir Narain, Dr. Kalpana Babu

**Moderator** : Dr. Mamta Agarwal

| Time                |         | Topic                                                                                                               | Presenter           |
|---------------------|---------|---------------------------------------------------------------------------------------------------------------------|---------------------|
| 06.00 PM - 06.09 PM | Case 01 | A Leopard Can't change its spots!                                                                                   | Dr. Saurabh Luthra  |
| 06.10 PM - 06.18 PM | Case 02 | Ocular Syphilis mimicking Acute Zonal Occult Outer Retinopathy (AZOOR):<br>A tale of doughnut in the eye            | Dr. Atul Arora      |
| 06.19 PM - 06.27 PM | Case 03 | Retinal vasculitis and immune cytopenia as presenting signs of Sjogren syndrome                                     | Dr. Shalin Shah     |
| 06.19 PM - 06.27 PM | Case 04 | Culture positive rifampicin-resistant Mycobacterium Tuberculosis related choroidal granuloma in a monocular patient | Dr. Srishti Agarwal |
| 06.28 PM - 06.36 PM | Case 05 | Cytomegalovirus retinitis in a patient with Goods syndrome                                                          | Dr. Sabia Handa     |

|                     |         |                                                                                                                        |                       |
|---------------------|---------|------------------------------------------------------------------------------------------------------------------------|-----------------------|
| 06.37 PM - 06.45 PM | Case 06 | Disseminated Histoplasmosis:<br>How an environmental fungi cause<br>havoc in immunocompromised Host<br>- A case report | Dr. Raji Kurumkattil  |
| 06.46 PM - 06.54 PM | Case 07 | Relentlessly progressive hereditary<br>vascular dystrophy                                                              | Dr. Nikitha Ayyadurai |
| 06.55 PM - 07.03 PM | Case 08 | COVID-19 related acute macular<br>neuroretinopathy (AMN) and foveolitis                                                | Dr. Deepika Makam     |
| 07.04 PM - 07.12 PM | Case 09 | Non Tubercular Mycobacteria<br>Endophthalmitis                                                                         | Dr. Abhiram Thacker   |

## Session- 8 (07.30- 08.30 PM) Uveitis and COVID-19

**Chairpersons :** Dr. Amit Khosla, Dr. Vishali Gupta

**Moderator :** Dr. Mohit Dogra

**Panelists :** Dr. Shahana Majumdar, Dr. Mallika Goyal, Dr. Mirunalini Kumaradas

| Time                | Topic                                | Presenter          |
|---------------------|--------------------------------------|--------------------|
| 07:30 PM - 07:40 PM | COVID related uveitis manifestations | Dr. Marc de Smet   |
| 07:40 PM - 07:50 PM | Post COVID Vaccination Uveitis       | Dr. Carlos Pavesio |
| 07:50 PM - 08:00 PM | Discussion                           |                    |

## Case Presentations

| Time                |        | Topic                                                                                                                  | Presenter             |
|---------------------|--------|------------------------------------------------------------------------------------------------------------------------|-----------------------|
| 08:00 PM - 08:05 PM | Case 1 | Presumed bacterial retinitis in a patient recovered from COVID-19                                                      | Dr. Suchitra Biswal   |
| 08:05 PM - 08:10 PM |        | <b>Discussant:</b> Dr. Mallika Goyal                                                                                   |                       |
| 08:10 PM - 08:15 PM | Case 2 | Bilateral optic neuritis following COVID-19 Vaccination                                                                | Dr. Alok Sen          |
| 08:15 PM - 08:20 PM |        | <b>Discussant:</b> Dr. Shahana Majumdar                                                                                |                       |
| 08:20 PM - 08:25 PM | Case 3 | Post COVID-19 severe systemic vasculitis with bilateral retinal vasculitis, vitreous hemorrhage and secondary glaucoma | Dr. Srinivasan Sanjay |
| 08:25 PM - 08:30 PM |        | <b>Discussant:</b> Dr. Mirunalini Kumaradas                                                                            |                       |

**08.30- 09.00 PM**  
**Annual General Body Meeting**

## Day 3 - 10<sup>th</sup> October 2021 (Sunday)

**Chairpersons** : Dr. Nitin Shetty, Dr. Somasheila Murthy

**Panelists** : Dr. Alok Sen, Dr. Debashis Das, Dr. Avinash Gurbaxani

| Time                | Topic                                                     | Presenter            |
